

Dakota Digital RTX Gauge Clusters

RTX Gauge Clusters are focused on retaining the stock look without sacrificing late-model features. Every effort has been made to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you turn the key and the LED backlighting comes on in your favorite color scheme, all doubts will be removed. A hidden rocker switch provides quick access to all settings and functions.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

37-8853

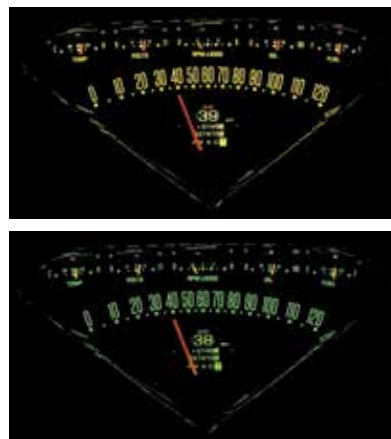

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-------------------|-----------------|------|-----------|
| 37-8853 | GAUGE CLUSTER-RTX | 1ST CHEVY 54-55 | (1) | \$1676.75 |

Over 30 Different LED Color Options to Choose From

37-8856

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-------------------|-----------------|------|-----------|
| 37-8856 | GAUGE CLUSTER-RTX | 2ND CHEVY 55-59 | (1) | \$1676.75 |

GPS Speed/Compass Sender

Dakota Digital GPS Speed/Compass Sender is a simple connection to the gauge cluster that adds accurate speed information, compass heading, altimeter data, and automatic clock syncing, all with fully automatic calibration! No DIP switches, no guessing, no inaccuracies, period.

| PART | DESCRIPTION | REQD | PRICE |
|---------|--------------------------|------|----------|
| 37-8891 | GPS SPEED/COMPASS SENDER | (1) | \$237.50 |

Gear Position Sensors

Dakota Digital Gear Position Sensor allows RTX and HDX gauge clusters to display the gear position in the message center on trucks with automatic transmissions. Features built-in outputs for reverse lights and neutral safety switch. Fits all transmissions with included mounting brackets. Easy setup and calibration.
