NEW Holley Sniper 2 Electronic Fuel Injection System

Black Finish

PART	DESCRIPTION	PRICE
38-4518	HOLLEY SNIPER 2 EFI	\$1299.95

Polished Finish

PART	DESCRIPTION	PRICE
38-4519	HOLLEY SNIPER 2 EFI	\$1299.95

Holley Sniper 2 EFI is a self-tuning, easy-to-install, Electronic Fuel Injection conversion for common 4-barrel (4150 flange) style carburetors. Make your classic truck drive like a modern fuel-injected vehicle, including easy cold starts, smooth drivability, and improved fuel economy!

If you're looking for a high-performance fuel injection system that delivers power, efficiency, and ease of use, look no further than the Sniper 2 EFI.

- Replaces 4-barrel (4150 flange) carburetors.
- Available in black or polished finishes.
- 4 wiring connections required: Battery+, Battery-, Switched Ignition, and RPM.
- Variety of tuning and gauge display interfaces: from a 3.5-inch full color LCD Handheld, 5-inch Digital Dash, or the Bluetooth dongle, which allows you to connect either an iOS or Android based cell phone to the Sniper 2.
- Inputs and outputs consist of: 2x Ground Inputs, 2x Ground Outputs, 1x TPS Output (0-5v), and 1x Tach Output.
- Onboard contactless magnetic TPS sensor ensures an accurate TPS reading.
- The included genuine Bosch LSU 4.9 wideband oxygen sensor provides real-time fuel map learning.
- Redesigned throttle shaft and plate geometry for a smoother throttle feel.
- Supports up to 650hp naturally aspirated or 575hp on boost with four 100 lb/hr injectors.
- Next generation ECU features improved RF noise and interference resistance.
- "Hidden Harness" wiring harnesses exits from the rear of throttle body for a clean appearance.
- Redesigned injector connector for improved reliability.
- Main harness includes plug-and-play HyperSpark distributor support, for integrated timing control, making your ignition setup hassle free.
- Included clamp-on oxygen sensor kit ensures a leak free oxygen sensor installation.
- Integrated transmission kick down provisions for GM TH350/400, 200-4R/700R4 and Ford C4/C6 applications.
- Calibration wizard only requires that you answer a few simple questions about your engine to create a base map and begin self-tuning – No laptop required.

Front Disc Brake Kit ... No More Front Drums

37-8550

Disc Brake Kit contains parts needed to convert from front drum brakes when using new spindles. (Stock height or drop type available.)

Requires use of 17-inch or larger diameter wheels originally designed for use with disc brakes.

Kit includes 12" brake rotors; calipers and semi-metallic pads; hoses and hardware; and bearings and seals.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8550	DISC BRAKE KIT	5 LUG X 5"	2WD 1/2T 60-66 (1)	\$419.95*
37-8551	DISC BRAKE KIT	6 LUG X 5.5"	2WD 1/2T 60-66 (1)	\$409.95*

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Disc Brake Spindle Set

Spindle Set keeps your truck at stock height and is made for disc brakes. Get the safety and reliability of front disc brakes on your truck that came with front drums. A disc brake system from a 1971-72 GM truck can be used or order one of the Disc Brake Kits listed below.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8500	SPINDLE SET-STOCK HEIGHT	2WD 1/2T 63-66	(1)	\$289.95

Disc Brake Master and Booster Kit

Disc Brake Master and Booster Kit is designed for 1960-66 trucks without hydraulic clutches.

Kit includes a combination valve for front disc/rear drum brakes to assure proper front-to-rear brake pressure for safe and efficient operation.

37-8589

Boosters require a minimum of 16" of vacuum and will not work on trucks that have radical cams or blowers with low engine vacuum. Measure your vacuum before ordering. Use with Spindle and Disc Brake Kits when converting your truck to front disc brakes, see above. Requires fabrication of new front brake lines.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8589	BRAKE MASTER & BOOSTER KIT-9"	2WD 1/2T 60-66	(1)	\$319.95

I have a picture in my office. It was an aerial photograph taken in the '60s of the farm we lived on in rural Iowa. To be exact, RR1, Anamosa, IA, before every address had a house number and a private line telephone. We had a party line phone with 8 people on it, well, that is a whole letter to itself along with the Sears and Roebuck catalog, that had everything from toys to a house you could buy and build.

It was a thing back then, and still is now, that a plane flies over, takes a picture and then sells it to you. We aren't going to get into the right or wrong of that idea right now. Instead I am going to say I am grateful that day they flew over and my parents somehow had the money to buy that picture.

It hangs in my office alongside the serenity prayer. It is there to remind me of who I am and where I come from. That my mom and dad somehow raised 5 kids in a 2-bedroom house until Uncle Dewayne converted the garage to a bedroom for them in the late '60s. That you can exist without a shower and only a bathtub, that you got three TV stations if the rabbit ears were just right and wrapped in aluminum foil, and the only thing you were allowed to watch were Gunsmoke, Rawhide, and Wild Kingdom. Oh, and can't forget The Andy Williams Show. That Sunday morning was church and then grandma's fried chicken and gravy. My grandmother was younger then than I am now. I hadn't really thought about that until I started typing out this letter.

The picture is before my grandfather put the orchard in for them and the feed lot went in. It had to be the early '60s that this picture was taken. Before mom let me put in my own flower beds and I went into the woods and dug up what I wanted to plant and tried to graft or cross-pollinate. Before my mom and I had our first and only big fight over Vietnam. I was a pacifist and plant-loving, earth-loving girl, even back then, who drove her dad's old truck long before I was old enough because the sheriff would just know I was Harold's daughter.

I have been nostalgic lately. I think it is because I turn 69 in January and have outlived my parents and two of my brothers. My parents died young. My dad was only 58, so when you are older than your parents were when they died, your brain can overthink things.

At every level I know I have a great life, with two daughters with beautiful families, and I have been truly blessed. But deep in my heart I am still that young pacifist, plant-loving, earth-loving girl who just wants to garden and drive the old truck. The shorter, colder days were always my time to slow down and think about my next chapter, until COVID, and then it was just hurry and scramble and work. This year I am taking time off work to reflect and make decisions about my last chapter. I want to go into the woods, find the plants that only grow there, and try them in my wildflower garden. I want to drive the '72 Cheyenne into "town" with my grandsons to get ice cream. I will never leave LMC or sell it, but it is time for me to enjoy and spend more time with my grandchildren and daughters. Maybe only work 50 hours a week!

Becky

-LL Blue
-GR Gray
-GN Green
-RD Red
-TN Tan
-DB Dark Brown
-BG Burgundy

Illustration Reference Number

Product illustrations are for representation purposes only. Products supplied may vary from illustrations.

Description Of Part

Special Note About Part

On the description line of part you see "A", this means there is a special note about this particular part. At the bottom of the section the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Application

Model and year this part fits, i.e. Chevy GMC 1960-62.

Throughout most of this catalog, the application line of the part number describes which model of GM truck that particular part will fit. The models this catalog covers are C10, C20, C1000, C1500 2WD, K10, K20, K1000, K1500 4WD 1/2 ton and 3/4 ton trucks. Because not everyone can identify their truck by these model descriptions, here is an example of what each letter and number that appears on the description line stands for:

CHEVY GMC = Chevrolet Truck and GMC Truck	2WD = Two Wheel Drive Trucks
CHEVY = Chevrolet Truck	4WD = Four Wheel Drive Trucks
GMC = GMC Truck	1/2T = 1/2 Ton Trucks
	3/4T = 3/4 Ton Trucks

The easiest way to tell if your truck is a 1/2 or 3/4 ton is to look at the bolt patterns on your wheels. Trucks with five or six bolt patterns are 1/2 tons, trucks with eight bolt patterns are 3/4 tons.

Required Quantity

Quantity required to purchase for one (1) truck, i.e. one (1) Chrome Bumper Premium is required for one truck.

Sell Price

Sell price you pay for one part. All items in this catalog are priced each. "Kit" and "set" normally do one (1) truck; read "REQD" column to be sure.

Oversize Part Charge Applies

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1960-64 Chevrolet Serial Identification Number

The serial identification number is located on a plate attached to the door frame.

1 C 15 4 F 103455

Model Year _____
 0 = 1960 2 = 1962 4 = 1964
 1 = 1961 3 = 1963

Chassis Designation _____
 C = 2WD K = 4WD

Series _____
 14 = 1/2 ton Shortbed 115" Wheelbase
 15 = 1/2 ton Longbed 127" Wheelbase
 25 = 3/4 ton Longbed 127" Wheelbase

Truck Type _____
 4 = Pickup

Assembly Plant _____

 Year: 1960-66

Chevrolet History

- 1960:** Trucks were redesigned to be larger and lower giving them a more square appearance and better cornering, less top heavy. Hood front now included two large oval pods housing the parklights. New independent front suspension with ball joints and torsion bars.
- 1961:** Few changes for 1961. The brake and clutch pedals came down from the dash instead of up from the floor. On the exterior, the "CHEVROLET" letters were moved to the center of the grill. Hubcaps had the Chevy Bowtie emblem in the flat center section.
- 1962:** New lowered hood without the large oval pods, still incorporated the parklights at each corner. Single headlights replaced the duals and the "CHEVROLET" lettering in the grille moved to the bottom.
- 1963:** New round housings for the headlights and a new grille were added for this model. The side emblems were moved behind the wheel wells. Most importantly alternators took the place of generators in all models. Front suspensions were changed to coil springs from torsion bars.
- 1964:** New flat windshield and new doors. New housing for headlights became square. The interior received a new dash. Self-adjusting brakes became an important new feature.
- 1965:** The only change for this year was the side emblem. It was Bowtie with series number beside it.
- 1966:** The side emblem changed again this year by placing series number below the Bowtie. Standard features, required by federal law, now included seat belts, side mirror, windshield wipers (2-speed electric) and reverse lamps.

Transmission Identification

The easiest way to identify your transmission is to look at the shift indicator on your steering column. Check your truck and use the illustrations above to determine your truck's transmission type.

Truck Series Identification

The easiest way to tell if your truck is a 10 or 20 series truck is to look at the bolt patterns on your wheels. Trucks with 5 or 6 bolt patterns are 10 series, trucks with 8 bolt patterns are 20 series trucks.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

-T after a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

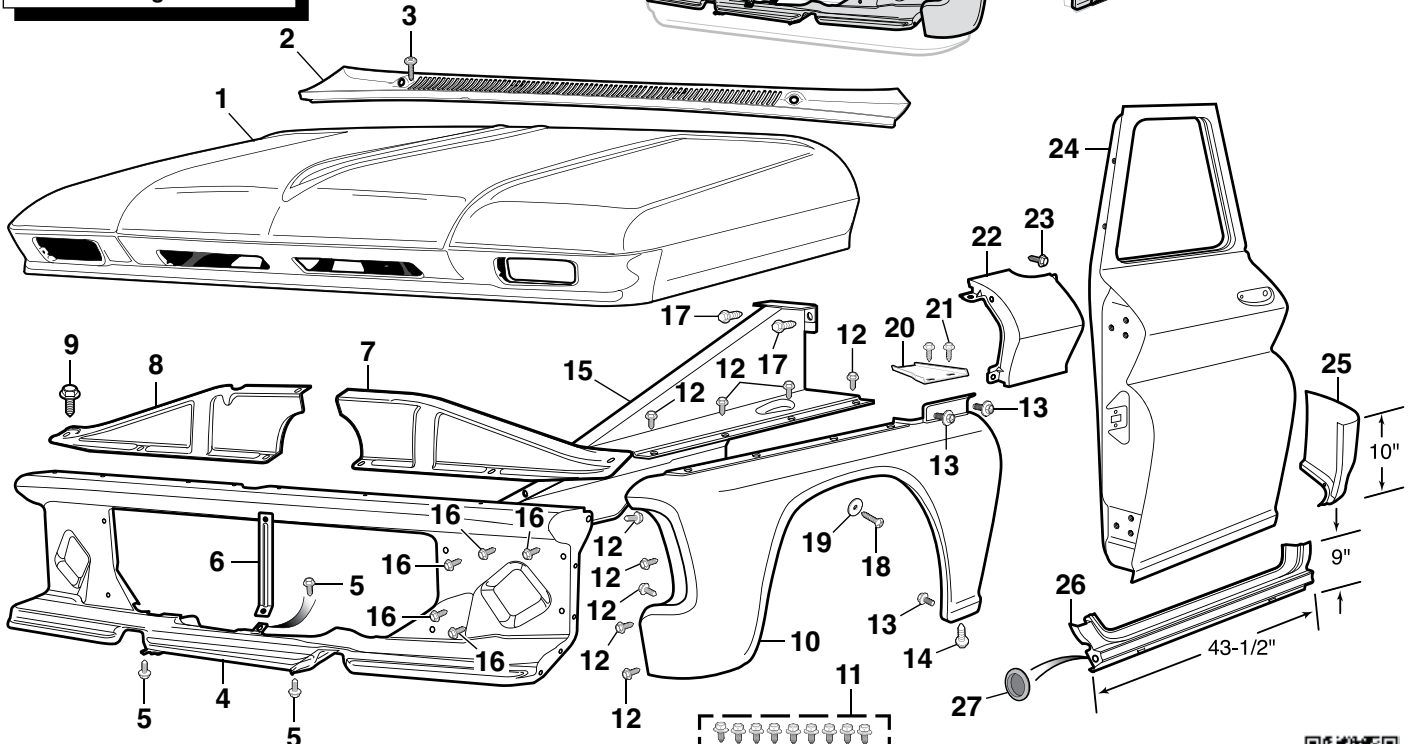

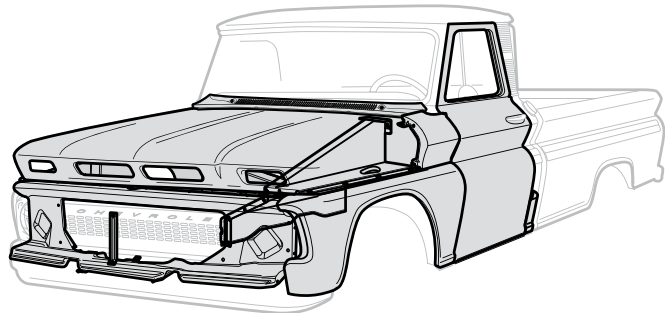

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Complete Floor Pan Assembly

1960-66 Chevy & GMC Truck

Floor Pan Assembly

Produced from new tooling and OE quality steel, as original, for strength and durability, this Floor Pan Assembly comes complete with front and rear cab supports, floor reinforcements and inner rocker panels. It offers a sturdy base for rocker panels, cab mounts and seats. The professional EDP (Electro Deposit Primer) coating offers a smooth surface for favorite finishes. Some floor pan assemblies require the original tunnel cover to be removed and transferred to the new floor pan.

Steel Hood Scoops

PART	DESCRIPTION	PRICE
38-7774	HOOD SCOOP-STEEL 2" RISE	\$185.95*
38-7775	HOOD SCOOP-STEEL 4" RISE	\$149.95*

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

These 2" and 4" Universal Fit Hood Scoops are stamped from 18-gauge steel and coated with an Electro Deposit Primer (EDP) for a smooth surface. Installation will require cutting and forming the scoop to match the length and curvature of your truck's hood. Welding and body work will be required prior to painting.

ABS Hood Insulation Kits

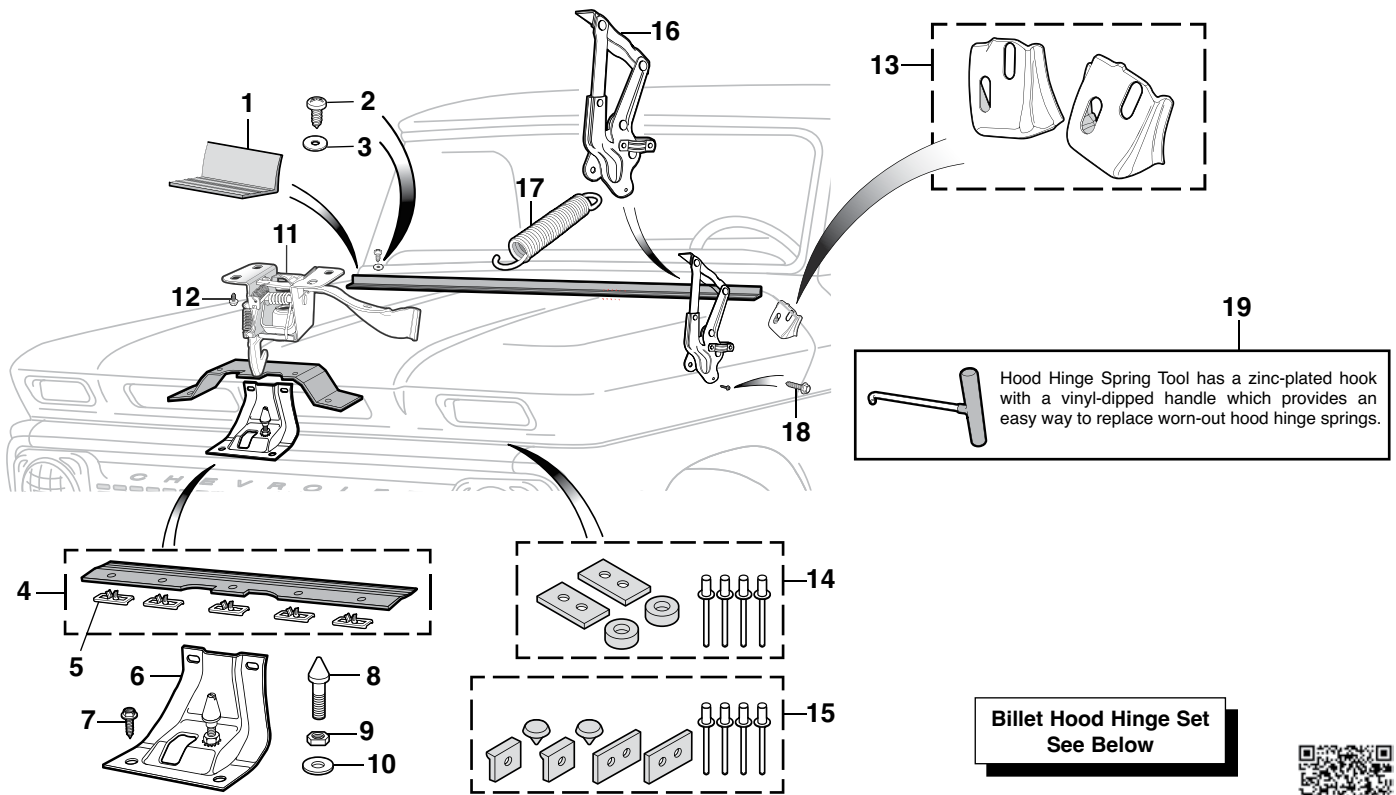

Heat-resistant textured ABS Hood Insulation Kit covers up the underside of your hood and is available with or without officially licensed logo. Each kit includes pre-cut foil-backed insulation material, 14 oz. spray adhesive, 1 roll of aluminum tape, center punch, drill sleeve, mounting hardware and illustrated instructions. Drilling may be required on models not originally equipped with hood insulation.

GM Official Licensed Product is purchased from an authorized GM Licensee.

Stepside Steel Bed Panels

1960-66 Chevy & GMC Truck

Reproduction Tailgates are produced from new tooling with 18-gauge OE quality steel, as original, for strength and durability. The sturdy tailgate base outperforms current collision-damage tailgates. Professional EDP (Electro Deposit Primer) coating offers a smooth surface. GM Official Licensed Product is purchased from an authorized GM Licensee.

Designed for the hole at the end of your bedside. Rubber O-ring lines inside of caps to aid in installation and help the caps stay in place. Just press in, nothing could be more simple.

Tailgate Latch Kit

38-3048

Universal Tailgate Latch Kit utilizes modern rotary latches and black vinyl wrapped tailgate support cables in a one-piece design to provide simple and smooth tailgate operation. Kit can be bolted on or welded on any single wall tailgate. Drilling is required for bolt-on application. Some welding is required on double wall tailgates. Paint to match the color of your truck. Mounting brackets, hardware and illustrated instructions included. Fits Fleetside and Stepside applications.

38-3010

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3010	UNIVERSAL TAILGATE LATCH KIT	60-66	(1)	\$249.95
38-3048	REPLACEMENT SUPPORT CABLE SET	60-66	(1)	\$27.95

Hidden Tailgate Latch Kit

Hidden Tailgate Latch Kit has spring-loaded locking pins which are contained in your choice of plain or stainless steel housings that are concealed inside of the upper edge of the tailgate, eliminating the bulk, noise and paint chips associated with stock tailgate chains.

38-3025

Installation requires mounting holes to be drilled in the tailgate. Includes easy-to-follow, fully illustrated instructions. Call or go online and order yours today!

Stepside Shortbed Tonneau Cover ... Velcro for Easy Installation and Removal

38-3028

Durable and easy to use, Tonneau Cover is installed over the truck's bed using Velcro. The Velcro covers the full truck bed's perimeter. No drilling required. The "loop" is sewn to the Tonneau and the Velcro attaches to the bed with extra strong peel-and-stick adhesive.

Tonneau is designed to fit around and under the rolled sides and comes with a small tab at the back corners to seal the gap between the high outside edge and low rear gate.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Note: "A" Without bolt holes. Must be sized and cut to fit.

Bed Wood Kits are unfinished and do not come with pre-drilled holes. Washers should be countersunk when installed. All Bed Strip Kits and Angle Strip Sets are pre-cut to fit and include pre-punched square holes. Hardware is not included and must be purchased separately.

Angle Covers bolt directly over the existing angle strip, allowing you to renew the appearance of your angle strips without removing the old ones. Holes are not pre-punched.

Bed to frame hardware is not included in Bed Bolt Kit - See Pages 14 & 16

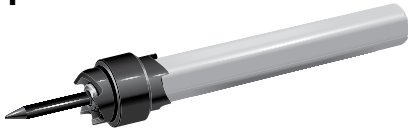

Plug Weld Pliers

Spot weld your new rockers or other body panels with ease and have a factory style weld to show for it. The Plug Weld Pliers feature locking jaws and a replaceable copper alloy pad to prevent burn through. Replacement pads sold below.

Extra Heavy-Duty Auto Dolly Set Makes Moving Your Vehicle Easy

XHD Auto Dolly Set, with 7,000 lbs. rating, makes it easy for one person to move a car, truck or SUV into a tight spot. Made of 1/4" thick mild steel x 12" x 16" formed plate and features 3" diameter by 1-3/16" wide swivel ball bearing caster wheels, one equipped with locking safety brake. Use on level, smooth surfaces.

PART	DESCRIPTION	APPLICATION	PRICE
38-0328	XHD TRUCK DOLLY SET OF 4	7,000 LB CAPACITY	\$229.95

3-in-1 Truck Ties

Tested to -20°F and 165°F, these 3-in-1 Truck Ties are made in the USA from durable nylon plastic and are designed to fit into the stake pockets of your truck in three different ways: by installing with the ring side facing the truck bed so multiple cargo straps can be used; with the cleat side facing the truck bed to keep tension in the rope each time it is looped around the tie; or by covering the load with a tarp over the stake pockets and inserting the truck ties into the stake pockets over the tarp (rated for highway speeds).

Ties can be installed and removed with no drilling or modifications necessary.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-7496	3-IN-1 TRUCK TIES-PAIR	FLEETSIDE	(AR)	\$21.95

Tie Down Anchors ... Easy to Use In and Out

38-3237

38-3238

Tie Down Anchors install and uninstall in minutes with no tools required. Insert heavy-duty Tie Down Anchor into stake pocket hole and turn the eyebolt to expand the rubber block. Two loop styles to choose from: chrome-plated loop #38-3237 or standard zinc-plated loop #38-3238. Both styles have metal top plates and a rubber liner underneath to protect the truck's finish. Sold individually.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3237	TIE DOWN ANCHOR-CHROME LOOP	CHEVY GMC 60-66	(AR)	\$5.95
38-3238	TIE DOWN ANCHOR-ZINC LOOP	CHEVY GMC 60-66	(AR)	\$3.95

38-3239

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl-coated and will not rust or scratch the truck's finish. Can be used with "under the rail" style bed liners.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3239	MOVABLE ANCHOR POINT	FLEETSIDE 60-66	(AR)	\$5.95

Stainless Steel Tailgate Cap

A polished stainless steel Tailgate Cap will protect your tailgate with quality and style. Cover your damaged tailgate or protect that new paint job from nicks and scratches. Installs easily with 3M™ tape, included.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-7164	TAILGATE CAP-STAINLESS	FLEETSIDE 60-66	(1)	\$47.60

Stepside Tailgate Cover ... For a Smooth Stylish Appearance

38-3158

Flat Steel Tailgate Cover gives your truck a smooth, clean appearance. Simply slip cover over stock tailgate and weld in place. Paint to match truck color.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3158	TAILGATE COVER-FLAT	STEPSIDE 60-66	(1)	\$114.95*

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Filler Panels

Before

38-7623

38-9053

Smooth made easy! No more fabricating filler panels by hand; get a custom look for your truck with these pre-formed Filler Panels. Made from 18-gauge steel and shaped to match the contour of your truck, they just weld in and grind smooth.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-9053	FUEL NECK FILLER PANEL	CHEVY GMC 60-66	(1)	\$10.45
38-7623	STAKE POCKET FILLER SET-4 PCS	SHORTBED 60-66	(1)	\$5.95
38-7624	STAKE POCKET FILLER SET-6 PCS	LONGBED 60-66	(1)	\$7.95

Paint Protection Film

Made from rugged, clear, 8-mil thick polyurethane paint protection film that features a clear-coat finish for maximum shine and durability. Once applied, this material is virtually invisible yet helps prevent chipping, scratching and scuffing to the vulnerable areas of your vehicle.

Rocker Panel Protection Film

38-9035
\$169.95

Kit contains two 9" wide x 15' rolls, installation squeegees and instructions.

Kit contains 12" wide x 6' roll and installation instructions.

Door Edge Protection Film

38-0308
\$12.95

Contains 3/8" wide x 12' roll and instructions.

Tuff Truck Bag

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x50"x22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

PART	DESCRIPTION	PRICE
38-3058	TUFF TRUCK BAG-BLACK	\$164.95

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **\$59.95** **GOOD** each

For Moderate Weather Conditions

Durable synthetic fabric has the look and feel of more expensive covers. Water resistant, yet breathable and features double-stitched seams for maximum strength.

Chevy/GMC Pickups
38-8800 Shortbed 1960-66
38-8801 Longbed 1960-66

LMC 3000 **\$99.95** **BETTER** each

Superior Protection at a Great Value

Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours and provides a soft cushioning layer that protects your paint. No-leak construction is achieved through ultrasonic welding, and UV-stable materials ensure a long life, making them ideal for long-term vehicle storage.

Chevy/GMC Pickups
38-8810 Shortbed 1960-66
38-8811 Longbed 1960-66

LMC 4000 **\$159.95** **BEST** each

Best Protection for Your Truck

Highly water resistant 4-layer synthetic fabric has fleece-lined bottom layer with durable outer layer, breathable 2nd layer, protective 3rd layer and soft fleece 4th layer. Patented UV Stabilizer and ultrasonic seam welding ensure a long life. Features tie-down strap and buckle attached with strap pocket built into cover for easy storage.

Chevy/GMC Pickups
38-8820 Shortbed 1960-66
38-8821 Longbed 1960-66

Antenna Grommet

30-1283
\$.95

Soft rubber antenna grommet will attach to any size cover and easily fit over any antenna mast up to 1/2" in diameter. Includes easy-to-follow instructions.

Truck Cover Lock Kit

38-3195
\$14.95

Keep your new truck cover secure with this security cable and lock. Sides of LMC Truck Cover are equipped with plastic grommets to accommodate the security cable.

Hand Riveter Set ... Makes Rivet Installation Easy

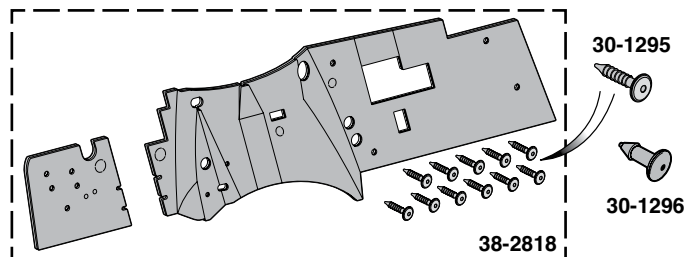

The Hand Riveter Set works great for body clips, door components, ID plates and sheet metal repairs. Comes with four nosepieces (3/32", 1/8", 5/32" and 3/16") and a wrench inside the gun's handle. 60 blind rivets included.

The Heavy-Duty Hand Riveter Set features extra long handles to give you more leverage setting rivets. A collection bottle keeps the workplace safe and clean. Includes 3/32", 1/8", 5/32", 3/16" nosepieces, plus 1/4" for larger projects like installing brackets and window regulators. Comes with a wrench and 50 blind rivets.

PART	DESCRIPTION	PRICE
38-1239	HAND RIVETER SET	\$13.95
38-1289	HAND RIVETER SET-HD	\$19.95

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

PART	DESCRIPTION	PRICE
37-8411	POR-15 SEMI-GLOSS-1 PINT	\$41.88
37-8412	POR-15 SEMI-GLOSS-1 QUART	\$63.89
37-8408	POR-15 GLOSS-1 PINT	\$41.88
37-8409	POR-15 GLOSS-1 QUART	\$63.89
37-8418	DRY TIME ACCELERATOR	\$34.05

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1,200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$25.51
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$25.51

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415	METAL-PREP 1 QUART	\$22.14
37-8416	METAL-PREP 1 GALLON	\$44.74

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	CLEANER DEGREASER 1 QUART	\$14.67
37-8414	CLEANER DEGREASER 1 GALLON	\$29.61

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401	SELF ETCH PRIMER-GRAY	\$39.15

37-8402

37-8403

37-8404

PART	DESCRIPTION	PRICE
37-8402	TOP COAT-CLEAR	\$28.39
37-8403	TOP COAT-GLOSS BLACK	\$28.39
37-8404	TOP COAT-CHASSIS BLACK	\$28.39

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability, Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480	BED LINER 1 QUART	\$37.94
37-8481	BED LINER 1 GALLON	\$142.96

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

PART	DESCRIPTION	PRICE
37-8488	FUEL TANK SEALER 1 PINT	\$31.44
37-8489	FUEL TANK SEALER 1 QUART	\$54.60

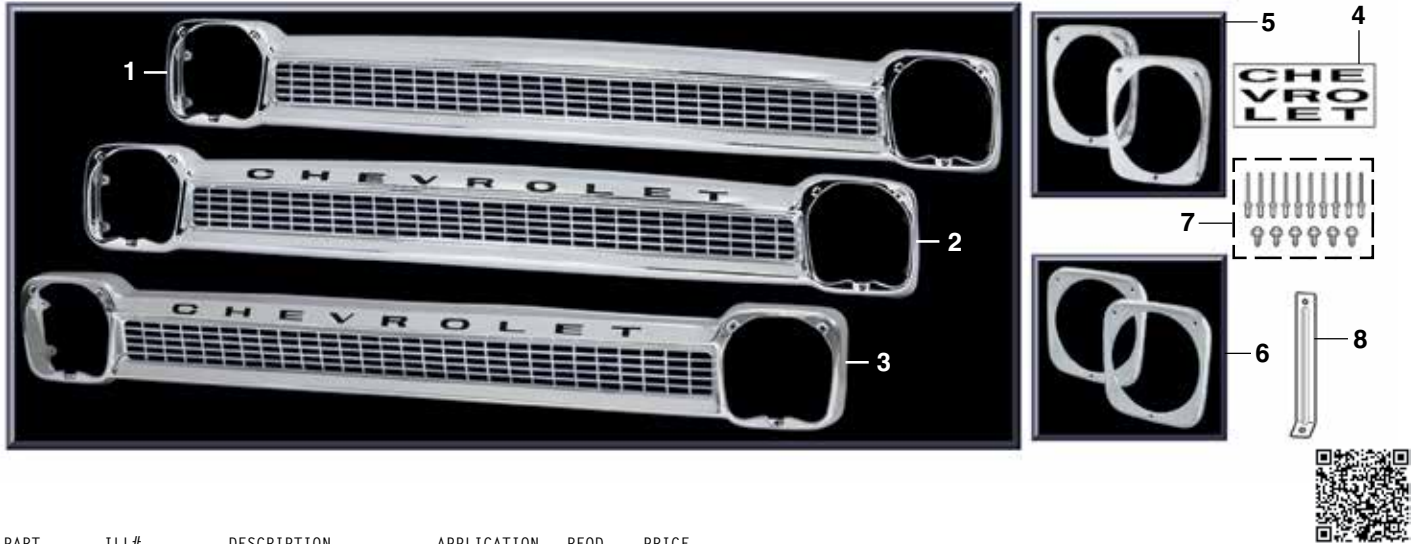

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process; 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

PART	DESCRIPTION	PRICE
37-8405	STOP RUST KIT	\$27.84

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

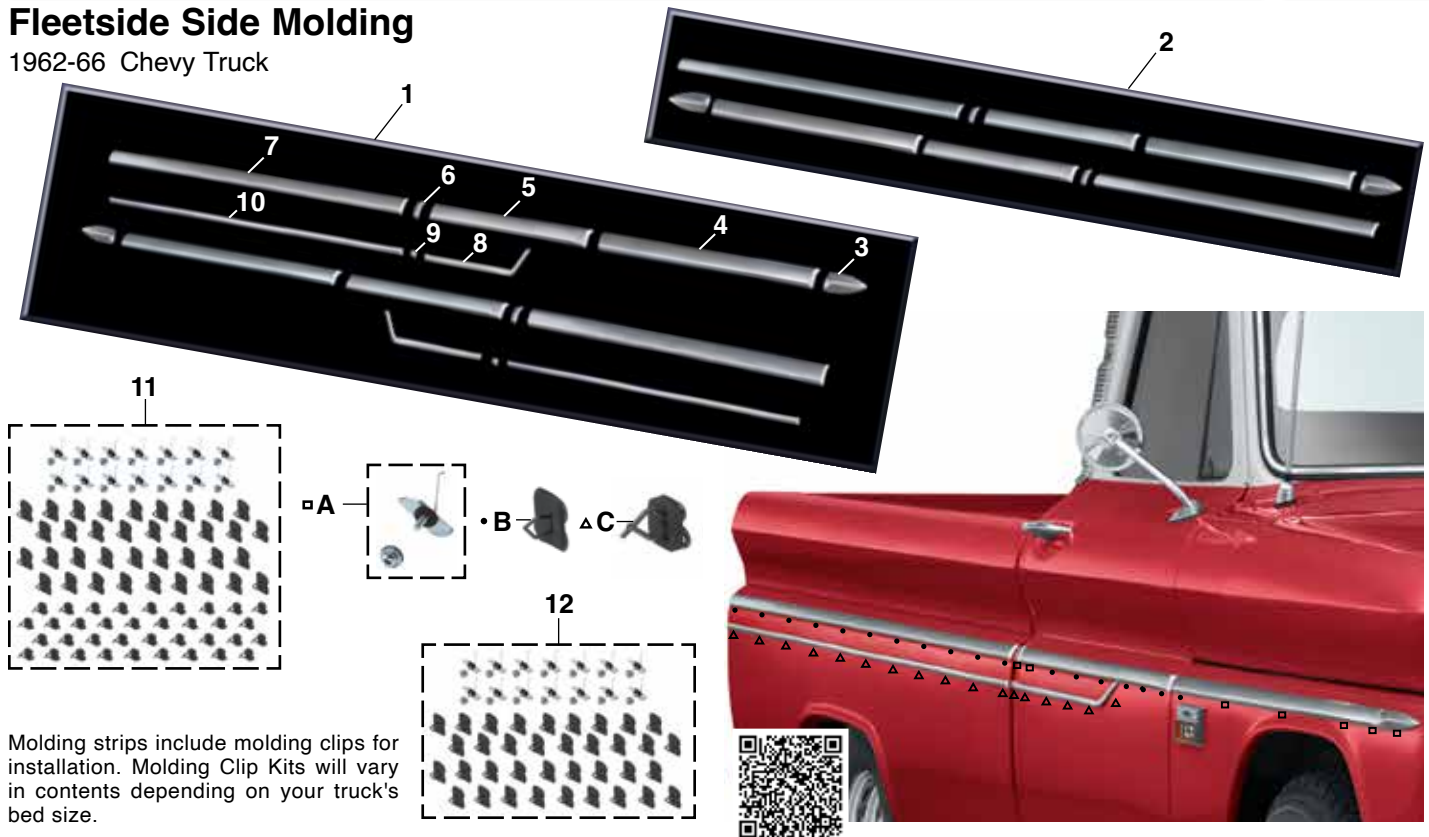

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch-resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Windshield and Rear Window Installation Tips:

1. Fit your new window rubber to your cab first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

GREEN TINT Window has a full light green tint to glass.

SHADED Window has a full light green tint with a dark band at the top of glass.

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

**38-0783**

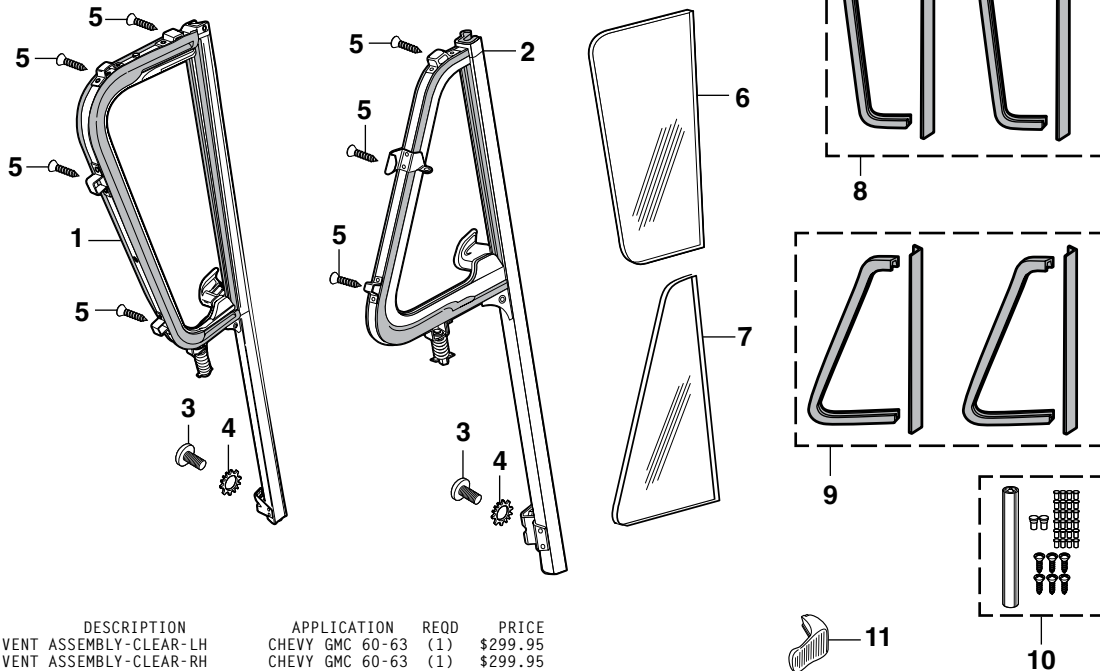

STANDARD = Standard Rubber Seals do not have groove for trim.

CUSTOM = Custom Rubber Seals do have a groove for trim.

Large Rear Window Conversion Panel

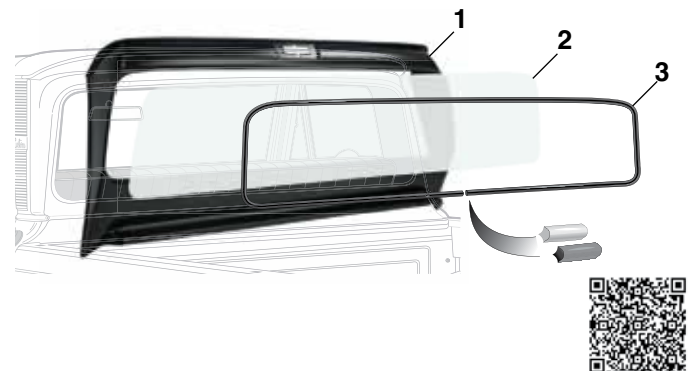

1960-66 Chevy & GMC Truck

Convert your small rear window to a big back window with this Large Rear Window Conversion Panel. This stamped steel panel is an exact reproduction of the inner panel that came original on trucks with big back windows. This panel can also be used as a replacement for your rusted or damaged inner section of your existing large window truck. Black EDP (Electro Deposit Primer) coating offers a smooth surface ready for prep and paint.

Glass Tools

38-0796
\$1.25

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

38-0763
\$8.95

Hook Tool helps remove and install rubber mounted glass. The tool has an angled end for easier fitting of the glass inside the rubber seal. Features a round steel ball on the tip to protect against damage to the rubber seal, glass and painted surfaces.

38-0762
\$12.95

Rope-In Tool inserts 1/4" diameter nylon rope through its stem and seats it in the groove of the seal as it is pulled around the perimeter of the seal. With the glass properly positioned on the vehicle, simply pull the rope and the seal then pops over the pinchweld to hold the glass firmly in place. Includes enough rope to fit around even the largest truck windows.

Seat Rebuild Kit contains the necessary parts to correct seat conditions such as missing padding; weakened, sagging and broken springs; and uneven seating areas. May also be used for preparing seats prior to installation of seat covers or replacement upholstery covers or to correct a condition under your existing upholstery.

Kit includes: 24" x 60" foam sheet, 1 pair of hog ring pliers, 2 steel rods and instructions, 18" x 60" reinforcement material and 100 hog rings

Seat Heater Kits ... Warm Yourself Up Before Your Truck Warms Up

38-2198

Seat Heaters are constructed with patented carbon fiber heating elements which give consistent and controlled warmth. Paper thin heating elements are water-resistant and install between any seat cover material and seat cushion. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and instructions.

#38-2198 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

#38-2199 contains two 11" x 22" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bench seat applications.

EVA Sound Deadener and Heat Shield Kits

Installation Tip: To reach the maximum level of sound dampening and insulation, use Multi-Purpose Insulation #38-2829 to cover any areas not protected by the EVA Sound Deadener and Heat Shield Kits. Use #38-0798 Spray Adhesive, #38-0759 Weatherstrip Adhesive and #38-0716 Aluminum Tape to install sound deadener, heat shield and insulation.

EVA Sound Deadener Kit

The EVA Sound Deadener Kit is die cut for easy installation. Made from OE type, 1/16" thick Ethyl Vinyl Acetate (EVA) which is an asphalt based material used for sound dampening. Applies directly to the cab floor. Reduces road noise and cab harmonics to give you a quieter ride and also helps to insulate against heat and cold. To further insulate against heat and cold, use in combination with the Heat Shield Kits.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-2884	EVA SOUND DEADENER KIT-4PC	CHEVY GMC 60-66	(1)	\$49.95

Heat Shield Kit

Heat Shield Kit is die cut to match the EVA Sound Deadener Kit for easy installation. Consists of 1/4" thick, 24 ounce needle punched jute padding on one side which insulates against heat and cold. The other side has two layers of fiber reinforced aluminum foil reflecting up to 97% of radiant heat which helps to keep you warm in the winter and cool in the summer.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-2902	HEAT SHIELD KIT-4PC	CHEVY GMC 60-66	(1)	\$42.95

Deluxe Bench Seat Console

Bench Seat Console features oversized, dual adjustable cup holders, dense foam padded armrest, bottom mount strap for seat belt mounting, large rear storage area with built-in CD/cassette holder and smaller front storage area. Can also be used in the rear seat. *Contents Not Included.*

Securely Fastens to Your Bench Seat

PART	DESCRIPTION	PRICE

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today!

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0759 Weatherstrip Adhesive to easily install Insulation Material.

38-0798	SPRAY ADHESIVE	10.5 OUNCE CAN	\$8.95

Sound Control Mat

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat-resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

PART	DESCRIPTION	APPLICATION	PRICE

---------	----------------	----------------	--	--------

Shiftrod and Steering Column Holes are Not Pre-cut

Color coordinated original style heel pad is attached and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

Molded carpet covers the floor from the firewall to the back of the cab. Trimming will be necessary on trucks with an in-cab gas tank.

IMPORTANT: Before choosing a floor covering, check the floor pan configuration of your vehicle. Was your vehicle originally equipped with an Automatic (Low Hump) or Manual (High Hump) transmission? Selecting the correct floor pan configuration is an important part of ensuring that your floor covering fits properly.

Rubber Floor Mats are One-Piece Replacements for OE Mats

Black Rubber Floor Mats are one-piece, molded, full replacements of OE mats for 1/2 or 3/4 ton pickups to fit the contour of the truck's floor pan. Easy to install. Call or go online and order today!

Spray Adhesive - Dries clear with superior bonding strength. Unique formula resists water and humidity. Excellent for attaching upholstery cloth, carpeting, insulation and has many other uses.

38-2801

Insulation Material - This 1/4" thick jute padding is a synthetic Insulation Material similar to the insulation used in today's trucks. It also makes a great sound deadening material when used underneath rubber floor mats or wherever your truck needs extra insulation.

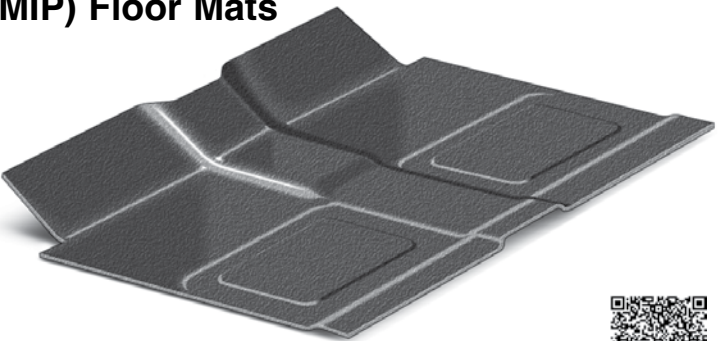

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

Shiftrod Holes are Not Pre-cut

All MIP Mats are only available in black.

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

38-2935

PART	DESCRIPTION	APPLICATION	REQD	PRICE
2WD Models with Floor Shift and All 4WD Models (High Hump)				
38-2935	MIP FLOOR MAT-FLOOR SHIFT	CHEVY GMC 60-66	(1)	\$189.95
2WD Models with Column Shift (Low Hump)				
38-2934	MIP FLOOR MAT-COLUMN SHIFT	2WD CHEVY GMC 60-66	(1)	\$189.95

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

Threshold Plate Set with LED Bowtie

GM Official Licensed Product is purchased from an authorized GM Licensee.

Multi-Colored LED Bowtie

Replacement Remote

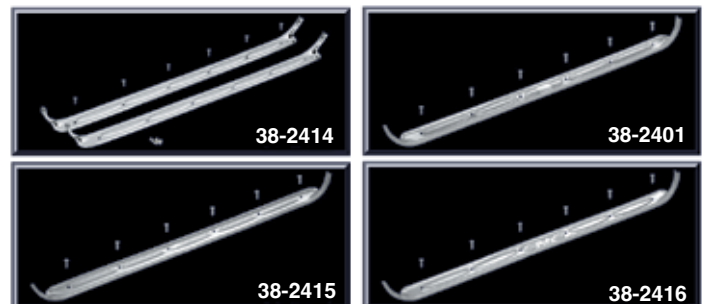

Threshold plates are made from high quality stainless steel with a brushed finish and etched accents. The long-lasting LED illuminated bowtie in the center glows when either door is opened and turns off when closed. They can be wired to an existing courtesy light switch or one can be purchased separately.

37-8038 can be changed to one of 20 static colors with adjustable brightness or set to one of 22 dynamic modes that cycles between all the colors and can be sped up or slowed down to your liking. All this can be done from the included wireless remote control.

Threshold Plate Set requires no drilling and installs using pre-attached 3M™ tape strips. Threshold Plate Set and Courtesy Light Switch Kit include instructions and come with everything needed to install.

New Vintage USA Gauge Clusters

Period-styled and themed gauges for your classic truck. New Vintage USA gauge clusters easily interface with original engines as well as high-tech late-model engines, ignition systems, PCMs and speed sensors including GPS. High-tech mini-OLED displays give additional information with easy to read menus, set-up and programming features. Gauges have built-in performance timers, speed warnings and shift alert. Accepts additional auxiliary inputs without requiring separate modules. All parts are direct fit designs that fit the stock gauge mounting locations without any cutting or modification required. Gauge arrangement can be changed to your desired preference. Made in Detroit, Michigan and backed by a 5-year warranty.

Each gauge cluster contains:

- Programmable speedometer (0-140mph) with trip meter and standard odometer.
- Tachometer (0-8,000 rpm), fuel, oil pressure, coolant temperature and voltmeter gauges.
- Programmable fuel gauge works with original and aftermarket fuel sending units.
- Sending units for oil pressure, coolant temperature and vehicle speed.
- Exclusive dead-fronted LED indicators for turn signals, high beams and auxiliary warning lamps which are hidden when off.
- Easy-to-follow, detailed installation instructions included.

Classic Instruments Gauge Clusters

7-Year Warranty

Classic Instruments Gauge Clusters feature a speedometer, tachometer and clock along with fuel, oil, temperature and volt gauges. The all-electric cluster is designed to fit into the factory dash bezel and arrives ready to install into the stock dash. Zeus Speedometer Technology (ZST) provides calibration at the touch of a button and ensures the smoothest pointer operation without requiring external control boxes. Cluster features bright LED illumination with

built-in dimmer control. ZST accepts any speed signal such as a pulse generator, VSS, ECM, or GPS without the need for an additional interface.

Sending units for vehicle speed, water temperature and oil pressure are included. Gauge cluster has a programmable fuel gauge that works with original and aftermarket fuel sending units. Detailed installation instructions included.

RTX Gauge Clusters are focused on retaining the stock look without sacrificing late-model features. Every effort has been made to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you turn the key and the LED backlighting comes on in your favorite color scheme, all doubts will be removed. A hidden rocker switch provides quick access to all settings and functions.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

Over 30 Different LED Color Options to Choose From

GPS Speed/Compass Sender

Dakota Digital GPS Speed/Compass Sender is a simple connection to the gauge cluster that adds accurate speed information, compass heading, altimeter data, and automatic clock syncing, all with fully automatic calibration! No DIP switches, no guessing, no inaccuracies, period.

37-8898

Dakota Digital Electronic Fan Controller has a fully programmable "fan on" and "fan off" temperature (selection range is 150°F - 250°F) to suit any setup. Works with a dedicated temperature sending unit or operates from a sending unit already installed. LED temperature display for simple programming. Key-off run time adjustable from 0-5 minutes. Compatible with single, dual or single two-speed fan applications. 70A relay included, a second relay will be required for dual fan or two speed fan operation, sold separately.

Amplified Hide-Away Antenna

38-1145
\$29.99

Amplified Hide-Away Antenna allows you to get AM/FM reception without having to use standard fender-mount or window antenna. Features active magnetic field circuitry for enhanced radio reception

and 105" cable allows installation almost anywhere in your vehicle. Connects to standard antenna plug and radio's power antenna wire (if equipped) or a switched 12V positive power source. Never worry about stolen or damaged antenna again.

SiriusXM Connect Vehicle Tuner

The SiriusXM Connect Vehicle Tuner connects directly to the RetroSound Long Beach radio (sold separately) to add SiriusXM satellite radio without the need for special adapters or cables. The compact size installs easily and discreetly behind the dash for a fully integrated look. Comes with magnetic-mount antenna with 23 feet of antenna cable and installation guide.

Dual Front Speakers

38-8513 Chevy GMC 60-63
38-8514 Chevy GMC 64-66
\$49.00

Dual Front Speaker Assembly installs in original single speaker location and is pre-wired to plug in instantly to the radio, providing quality stereo sound to your truck. It features large cobalt ferrite magnets, foam surrounds and high frequency response that can handle 30 watts of power. Base plate is made of duron with coaxial speakers riveted in place and is cloth covered. *For use on models not originally equipped with stereo.*

8" Powered Subwoofer

1-Year
Warranty38-8527
\$199.99

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

Full Range Speaker Set

38-8599
\$214.99

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4 ohms impedance. Acoustic batting is used to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

RetroSound Radios ... Original Looks with Modern Features

RetroSound Radios require mounting kits, sold separately.

Each RetroSound Radio looks like the original radio – down to the authentic push-button styling – but is packed with all the features of a modern stereo. Featuring a patented InfiniMount adjustable shaft system, this radio is made to fit virtually any dash opening.

Long Beach Radio

Features built-in Bluetooth technology to stream music or phone calls wirelessly; subwoofer output with variable crossover; high-quality RDS AM/FM tuner; 32,000 color illumination; dual rear-mounted USB and auxiliary ports; high power 25 watts x 4-channels RMS amplifier; front and rear RCA pre-outs; and 30 AM/FM pre-sets. Long Beach radio

is Sirius-XM ready (A Sirius-XM connect tuner and subscription are required. For more information, visit www.siriusxm.com). Available in chrome with chrome push buttons or black with black push buttons. 3-1/2" x 5-1/2" x 1-1/2" installation size. Mounting kits sold separately.

COLORBOND

**Look New Again
... The Easy Way!**

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

Black #37-8375	Blue #37-8376	Brown #37-8379	Gray #37-8383
Green #37-8378	Off White #37-8380	Red #37-8377	

\$20.95
each

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics
- Carpet
- Cloth Upholstery

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

37-8396 **ColorBond Satin Clear Coat** provides a protective finish that won't wash off. Protects against fading, cracking and heat deterioration.
12 oz Can \$20.95

37-8395 **ColorBond Adhesion Promoter** is required for the use of ColorBond on materials such as Polypropylene, Thermoplastic Elastomer, Polyolefin, Fiberglass and metal.
12 oz Can \$20.95

Spitshine Tire Black ... Bring Back the Shine

37-8370
\$21.45

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

Black Underhood Paint

Before

After

37-8367
Black
\$20.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

Prep/Cleaner

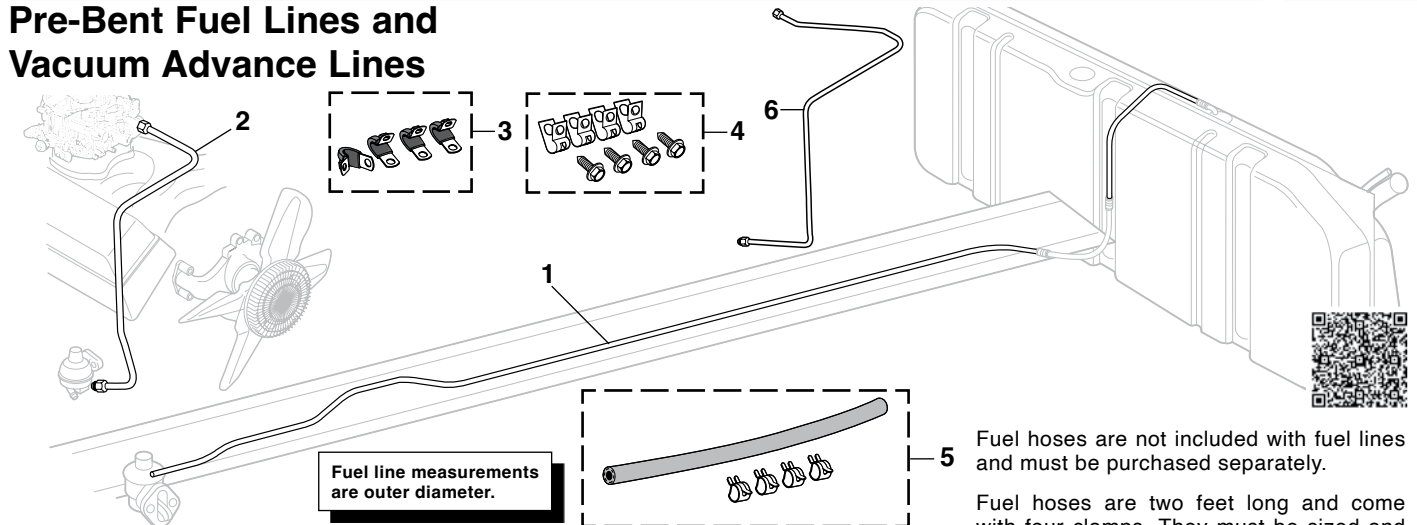

37-8399 **ColorBond Prep/Cleaner** is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

Fuel Pump Control Module

Updating your truck to an electric fuel pump? Wiring the pump to an on-off switch or to a simple ignition switched source isn't the best idea. If an accident occurs, your pump would run as long as the switch is active. With the Fuel Pump

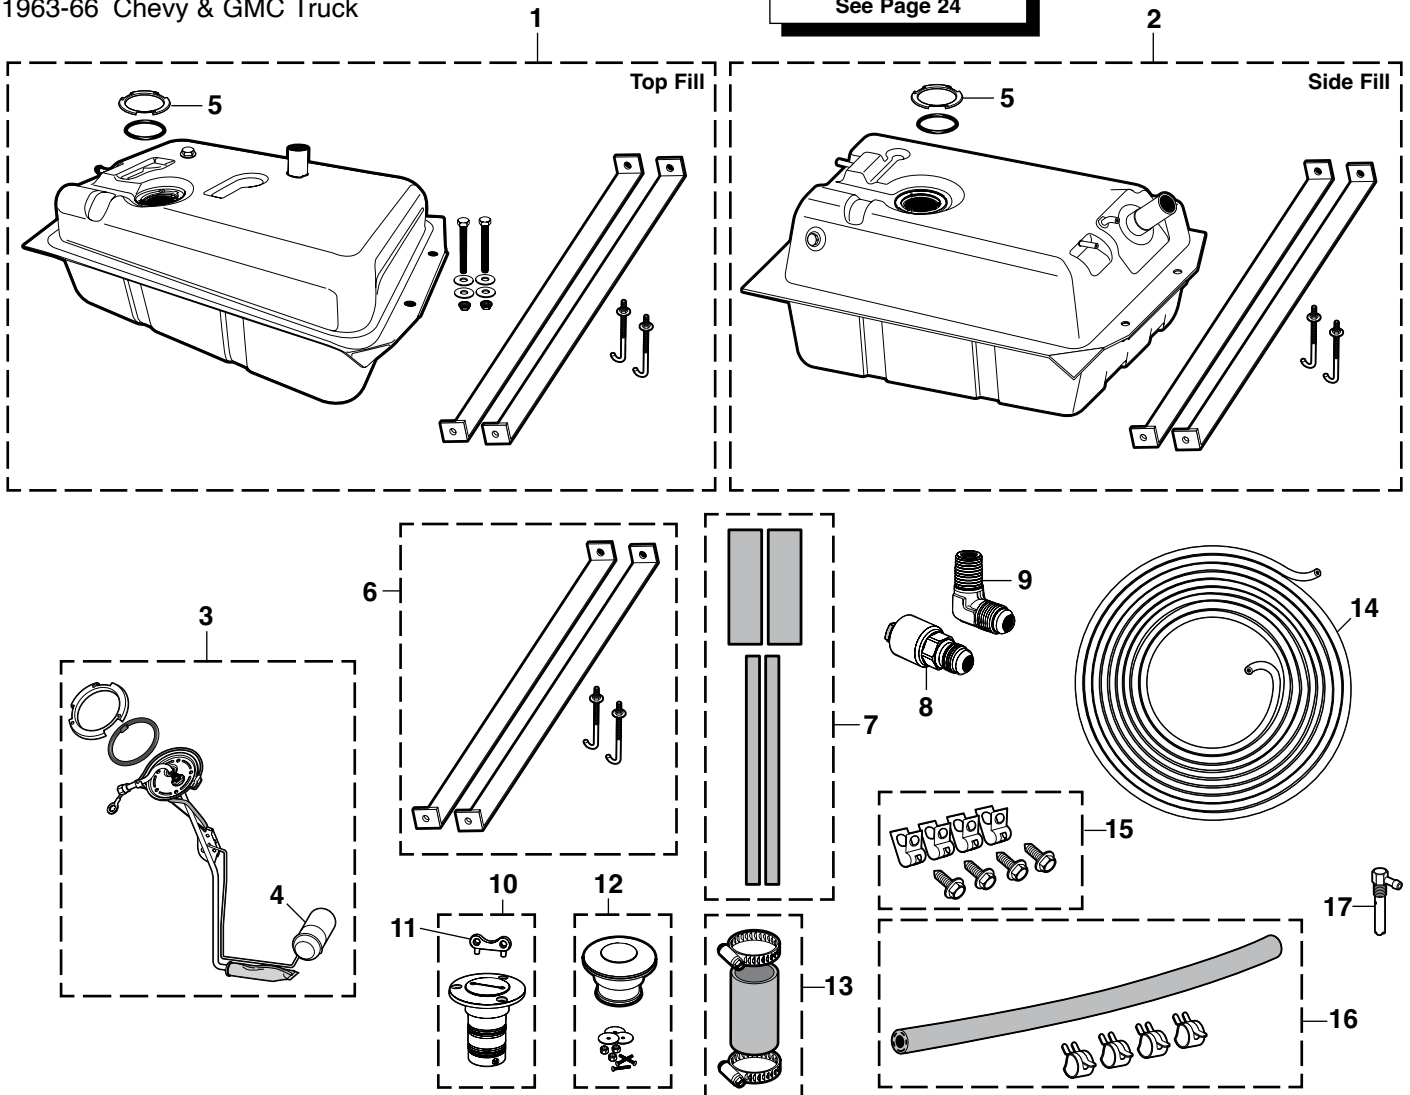

Control Module, when the key is turned, the fuel pump turns on to prime the system in a three-second cycle, just like modern vehicles. Then the module uses the tach signal so the pump only runs when engine is running, giving you quicker start-ups and improved operating safety.

PART	DESCRIPTION	PRICE
36-0906	FUEL PUMP CONTROL MODULE	\$62.95

Rear Mount Gas Tank

1963-66 Chevy & GMC Truck

Fuel Neck Filler Panel
See Page 24

Relocating the gas tank to the rear of the truck moves the fuel's weight to a more optimal location, frees up interior room and eliminates gas fumes inside the cab. Gas tanks are made from galvanized steel and fit wood or steel bed trucks. Includes lock ring, gasket, mounting straps and hardware. Tanks have a 1/4" NPT bung that can be used for a fuel return line on trucks modified with a fuel injected engine. Sending units #32-4054 and #32-4055 are available with a quick connect fitting on the fuel feed outlet.

Top fill tank lets you fill the 17-gallon tank easily on the bed floor. When installed, the filler neck is located 3" from the left of the bed centerline. On wood bed trucks this places the filler neck in the center of the wood plank, so no modifications are required to bed strips.

Side fill tank has a capacity of 21 gallons and places the filler neck above the left frame rail for multiple filler options. Requires removal of spare tire support and notching of cross sill.

Additional parts will be necessary to complete the installation. You will need to add a gas filler neck, filler hose and gas cap; extend the fuel feed line and sending unit wires; and relocate the frame-mounted spare tire. *Custom fitting and fabrication will be required. Instructions are not available.*

Gas Tank Dimensions:

GR-2 Gas Shock Absorbers: Features lower pressure for riding comfort with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming; a problem with other shocks that use two-tube construction that allows air to mix with fluid.

Heavy-Duty (HD) Gas-Charged Shocks limit unsafe roll or sway when cornering and regain control of spring and suspension movement.

Shock Mount Reinforcing Kit

Eliminate a potential source of frame damage by strengthening the front upper shock mounts with a Shock Mount Reinforcing Kit.

Kit includes left and right shock mount brackets, mounting hardware and instructions. Requires two mounting holes per bracket to be drilled. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1704	SHOCK MOUNT REINFORCING KIT	2WD 63-66	(1)	\$14.95

Tubular Front Control Arms

Tubular Control Arms are made of fully welded, heavy-wall tubing that is much stronger than the original design. New ball joints, bump stops, preassembled cross shafts and self-lubricating bushings are included. The upper control arms have 5° of additional caster for a more positive road feel and quicker return to center steering. The lower control arms provide increased ground clearance and work with end-link style sway bars. Control arms are a simple bolt-in installation and can be installed with either factory uppers or lowers, or as a full set.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8472	TUBULAR UPPER CONTROL ARM SET	63-66 2WD 1/2T	(1)	\$390.95
37-8475	TUBULAR LOWER CONTROL ARM SET	63-66 2WD 1/2T	(1)	\$632.95

Tubular Rear Trailing Arms

#37-8478 Fits Chevrolet trucks with rear coil springs only.

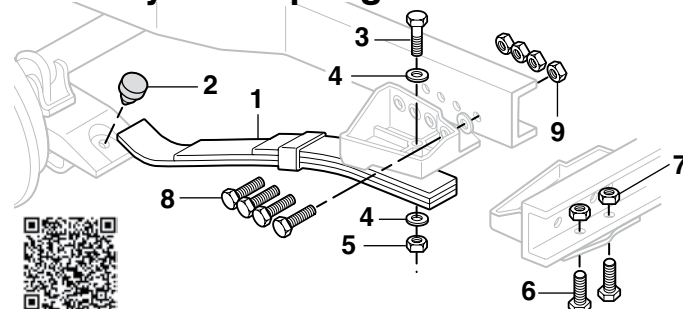

Rear Tubular Trailing Arms feature a rock solid 2" DOM tubular design to avoid twisting under load like the factory stamped trailing arms. Bushings are made of a self-lubricating material that offers long life and a remarkably quiet, comfortable ride. Trailing Arms will bolt up as a direct replacement for the original trailing arms and can be used with the original crossmember, rear axle and coil springs.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8478	TUBULAR REAR TRAILING ARM SET	60-66 2WD 1/2T	(1)	\$599.95*

3 Ways to Lower Your Truck

Factory Truck Stance

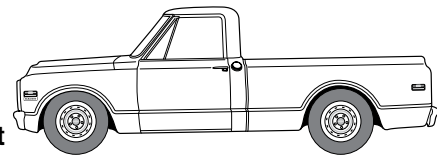

Drop is based on the original factory ride height as measured from the top of the wheel arch to the ground. Original ride height is approximately 2" higher in the rear. The stance (difference in height between the front and the rear) is not affected when you lower the front and rear an equal amount. To make your truck look level you need to lower the rear approximately 2" more than the front.

-1" front

-3" rear

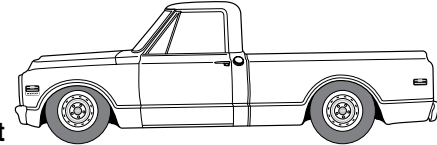

LOWER - Lower your truck with shorter Drop Coil Springs in the front and rear. This is the most economical way to lower your truck. Use rear springs that are 2" shorter than the front to level out your truck.

-2-1/2" front

-3" rear

DROP - Drop the front of your truck with Drop Spindles and the rear with Drop Coil Springs. Drop Spindles are the best way to lower your truck because they do not affect other suspension components. Original front suspension geometry and ride quality are maintained.

-4-1/2" front

-5" rear

SLAM - Combine front Drop Spindles and Springs with rear Drop Springs and a Frame C-Notch Kit to take your truck as low as possible. We have the parts you need to slam your classic truck for a great look and a smooth ride. Take your truck to the maximum possible "lowness".

Crossmembers ... For Lowered Trucks

Tubular Transmission Crossmember is designed specifically for lowered trucks with stock or custom exhaust systems. Crossmember bolts into existing holes on lower frame rail and matches up to all factory engine and transmission combinations. Low-profile design provides plenty of room to tuck exhaust up over the crossmember and keep it from hanging below the frame rail. Made with a durable black powder coat finish and includes installation hardware. Crossmember is lighter and stronger than original and is perfect for upgrading an old 3- or 4-speed manual transmission to a more popular TH350, TH400 or TH700-R4 automatic transmission.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8583	TUBULAR TRANSMISSION CROSSMEMBER	CHEVY GMC 63-66	(1)	\$99.95

Trailing Arm Crossmember

Trailing Arm Crossmember is designed for use on lowered trucks and eliminates driveshaft clearance issues while maintaining a proper pinion angle. The dual exhaust cutouts allow up to 3" exhaust to pass through the crossmember instead of under the frame for extra ground clearance. Features 1/4" thick steel construction with a black powder coated finish. Bolt-in installation fits in the stock location. For trucks with 1-piece driveshaft only. Includes mounting hardware and instructions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8483	TRAILING ARM CROSSMEMBER	2WD 1/2T 63-66	(1)	\$279.95

Lowering Block Kits

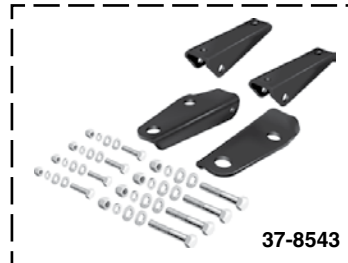

Lowering Blocks are an easy way to lower the rear of your truck without affecting ride quality. Includes solid aluminum blocks with new u-bolts and hardware.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8586	LOWERING BLOCK KIT 1"-REAR	2WD 1/2T 60-66	(1)	\$74.95
37-8587	LOWERING BLOCK KIT 2"-REAR	"A" 2WD 1/2T 60-66	(1)	\$89.95

Note: "A" Not recommended for trucks with 15" wheels.

Rear Shock Relocation Kit

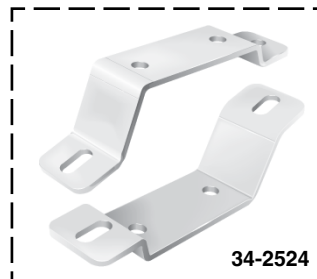

When lowering the rear end of your truck 3" or more, a Rear Shock Relocation Kit is used to keep the proper rear shock angle for a smoother ride.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8543	REAR SHOCK RELOCATION KIT	2WD 1/2T 63-66	(1)	\$79.95

Front Sway Bar Bracket Set

When lowering the front of your truck 3" or more, a Front Sway Bar Bracket Set is required to keep the proper front sway bar angle. With these brackets, the sway bar is less likely to bind when under heavy cornering in a lowered truck.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-2524	FRONT SWAY BAR BRACKET SET	2WD 1/2T 63-66	(1)	\$39.95

Drop Spindle Sets ... Lower Your Truck and Convert to Disc Brakes

Drop Spindles are the best way to lower the front of a truck without changing or affecting other components. Original ride quality, wheel offset and suspension geometry are retained. Drop Spindles are made for disc brakes. A disc brake system from a 1971-72 GM truck can be used or order one of the Disc Brake Kits on page 75. Drop Spindles can be used with Drop Coil Springs for an even lower ride.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8501	DROP SPINDLE SET-2-1/2"	2WD 1/2T 60-62	(1)	\$279.95
37-8502	DROP SPINDLE SET-2-1/2"	2WD 1/2T 63-66	(1)	\$234.95

Drop Shocks ... For Lowered Trucks

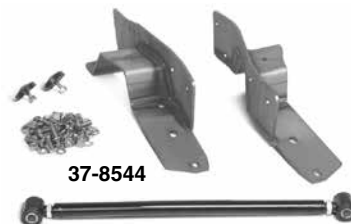

If dropping the front of a truck 2" or more with coil springs then shorter front shocks are needed. Drop Spindles do not affect suspension and do not require shorter shocks. If dropping the rear 4" or more then shorter rear shocks are needed.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8581	DROP SHOCK-FRONT	2WD 1/2T 63-66	(2)	\$49.95
37-8591	DROP SHOCK-REAR	2WD 1/2T 60-66	(2)	\$49.95

Frame C-Notch Kit and Adjustable Tracking Arm

Frame C-Notch Kit provides additional clearance for rear axle travel on lowered trucks. C-notches are required on rear drops of 4" or more. Requires cutting and drilling your frame. C-notches are made from thick, 1/4" steel plates and include bump stops, grade 8 hardware and instructions.

37-8541

Adjustable Tracking Arm keeps the rear axle in proper alignment on trucks that have been lowered in the rear. Double adjustable arm allows easy adjustments without removing the arm from the truck. Includes polyurethane bushings.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8544	FRAME C-NOTCH KIT	2WD 1/2T 63-66	(1)	\$139.95
37-8574	ADJUSTABLE TRACKING ARM	2WD 1/2T 60-62	(1)	\$79.95
37-8575	ADJUSTABLE TRACKING ARM	2WD 1/2T 63-64	(1)	\$79.95
37-8541	ADJUSTABLE TRACKING ARM	2WD 1/2T 65-66	(1)	\$79.95

Drop Coil Spring Sets

37-8510

37-8514

Drop Coil Springs are a quick and easy way to lower a truck. Use just coils or combine with Drop Spindles for an even lower ride. If dropping the front 2" or more with coil springs then shorter front shocks are needed. If dropping the rear 4" or more then shorter rear drop shocks, Frame C-Notch Kit and Adjustable Tracking Arm are needed.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8510	DROP COIL SPRING SET-1" FRONT	2WD 1/2T 63-66	(1)	\$139.95
37-8511	DROP COIL SPRING SET-2" FRONT	2WD 1/2T 63-66	(1)	\$129.95
37-8512	DROP COIL SPRING SET-3" REAR	2WD 1/2T 60-66	(1)	\$139.95
37-8513	DROP COIL SPRING SET-4" REAR	2WD 1/2T 60-66	(1)	\$139.95
37-8514	DROP COIL SPRING SET-5" REAR	2WD 1/2T 60-66	(1)	\$149.95

Performance Sway Bars Give You Bolt-On Handling and Control ...

Drive Faster Through Turns with Improved Traction

Without a sway bar, a vehicle with coil spring suspension will exhibit excess body roll on cornering, which puts extreme limits on its ability to hold the road, resulting in poor handling and excessive tire wear. Performance Sway Bars are fully forged from hardened, high carbon steel and powder coated black for durability and provide improved balance and stability in all driving conditions. Kits include urethane end link bushings, urethane frame bushings, mounting brackets (for use on stock height and lowered vehicles) and hardware.

Sway Bar Mount Kit allows the rear sway bar to be mounted on trucks with #37-8478 Tubular Trailing Arms, see page 66.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Polyurethane Rear Control Arm Bushings

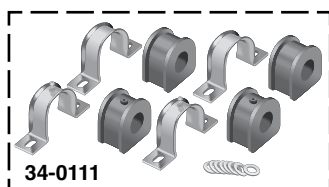

Rear Control Arm Bushings on GM Four Link Systems are a must for controlling wheel hop and increased control on cornering.

#34-0128 does not come with shells, you must use your existing outer shells.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0128	BUSHING SET-REAR CONTROL ARM 2WD	60-66	(1)	\$19.45

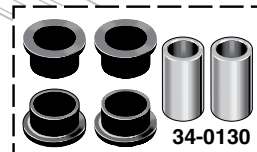

Polyurethane Sway Bar Bushing Set

Polyurethane Sway Bar Bushings provide one of the best improvements in your truck's handling without upscaling your stabilizer bar.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0111	BUSHING SET-SWAY BAR 2WD	65-66	(1)	\$46.18

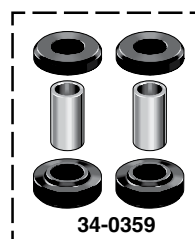

Polyurethane Tracking Arm Bushing Set

Tracking Arm Bushings prevent the rear end from switching left to right on trucks with coil springs. This polyurethane bushing set does not include outer metal shells; your originals must be reused. #34-0130 is for trucks with a 1-3/16" outer diameter tracking arm bushing.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0130	BUSHING SET-TRACKING ARM 2WD 1/2T 60-66	(1)		\$11.45

Polyurethane Transfer Case Torque Mount Grommet Set

4 Wheel Drive Transfer Case Torque Mount Grommets reduce the deflection experienced with rubber bushings, creating breakage and causing damage. These mounts are also impervious to all under truck contaminants.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0359	GROMMET SET-TRANSFER CASE MOUNT 4WD	60-66	(1)	\$15.95

Power Rack and Pinion Steering Kit

Power Rack and Pinion Steering Kit is bolt-on with the rack mounts using the same mounting location as the original steering gear and idler arm. The rack has been made with the correct ball center dimension to eliminate bump steer, reduce steering effort and greatly improve handling and overall feel. Kits are designed to fit 1/2 ton 2WD trucks with small block Chevy V8 engines with short water pump. Trucks originally equipped with manual steering will need a double groove water pump pulley, sold separately below.

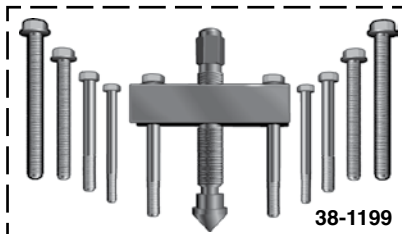

Kits include Power Rack and Pinion with mounting bracket; Outer Tie Rod Ends; Power Steering Pump Kit which includes pump, mounting brackets, remote reservoir and hoses; Steering Shaft Kit which includes steering shaft and U-joints; mounting hardware and instructions.

GM Official Licensed Product is purchased from an authorized GM Licensee.

Chromed Billet Leather Front Steering Wheel ... The Best of Both Worlds

38-1190

These 14" steering wheel feature four slotted spokes and a 3-3/4" dish and are manufactured from billet aluminum then chromed for a mirror finish.

Steering Wheel Puller
See Page 71

Back View

The front of the rim is wrapped in a seamless single piece of leather and mounted to the wheel. The back of the wheel is chromed billet with contoured finger notches.

Steering wheel includes chromed billet installation kit and horn button that covers all mounting bolts.

The installation kit included with this steering wheel fits a 1974-94 GM truck column.

To install this wheel on your 1960-66 truck, you will need to install the Custom Tilt Wheel Steering Column, see page 73.

Steering Column
Sold Separately

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1190	CHROMED BILLET STEERING WHEEL	CHEVY GMC 60-66	(1)	\$250.95

Tilt Wheel Steering Column ... Modern Comfort for Your Classic Truck

Add the convenience and reliability of a new adjustable tilt wheel steering column built specifically for your truck. This is not a universal column that requires modification. Larger casting design and larger shafts and bearings provide more strength and stability in the column. Improved bearing seat with thicker 16 gauge steel and a superior welded head attachment will never loosen.

These steel columns are available in a ready-to-paint brushed finish or show-quality chrome. All columns include self-canceling turn signals, hazard warning flasher switch, knobs and handles, and wiring harness. All of these features add strength and reliability, and every column is backed by a 3 year warranty.

Paintable steering columns are bare steel and must be painted to protect from rust.

A Steering Wheel & Installation Kit, Custom Wiring Harness and Shift Indicator are required for installation of the Steering Column.

Custom Wiring Harness

Custom Wiring Harness adapts the original wiring on your truck to the 3-7/8" harness on the steering column and includes a hazard warning flashers to your truck.

Steering Controls - 2WD

1960-66 Chevy & GMC Truck

A Steering Stabilizer Kit is basically a horizontal shock absorber that helps to stabilize the steering system. The kit not only helps to stabilize the steering, but can also help in the prevention of "Bump Steer", when the steering wheel jerks suddenly as a result of hitting a pothole or object in your path. These kits will also help to reduce normal wear on vital suspension pieces, and make tires last longer. This kit is especially helpful for trucks whose original equipment tires have been replaced by larger or wider ones.

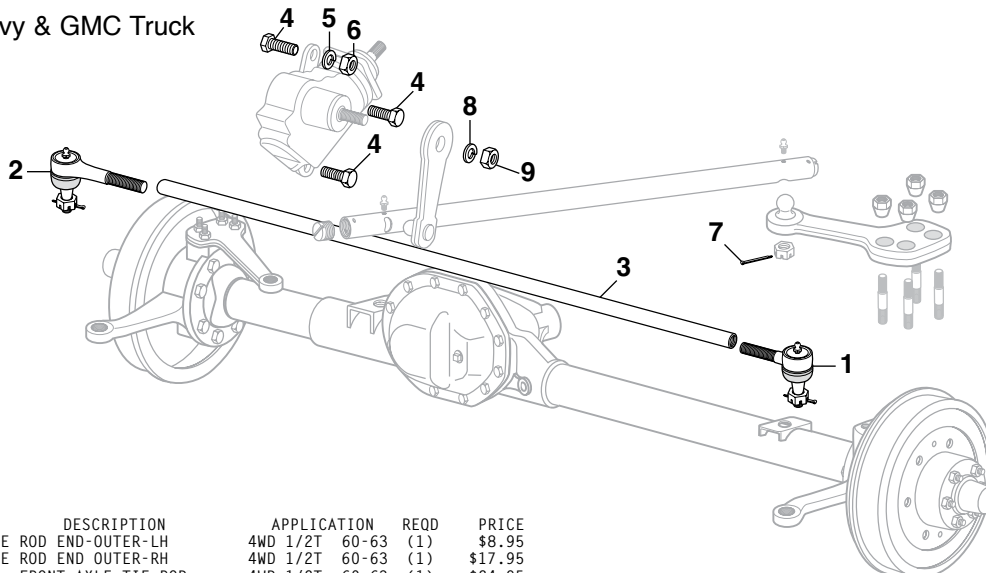

W/PS = With Power Steering

Disc Brake Master and Booster Kits

#37-8558 Disc Brake Master and Booster Kit is designed for 1960-62 trucks with hydraulic clutches. The kit includes a clutch master cylinder that allows you to retain your original hydraulic clutch system. The special mounting bracket in the kit allows the clutch master cylinder to be mounted behind the brake booster.

#37-8589 Disc Brake Master and Booster Kit is designed for 1960-66 trucks without hydraulic clutches.

Both kits include a combination valve for front disc/rear drum brakes to assure proper front-to-rear brake pressure for safe and efficient operation.

Boosters require a minimum of 16" of vacuum and will not work on trucks that have radical cams or blowers with low engine vacuum. Measure your vacuum before ordering. Use with Spindle and Disc Brake Kits when converting your truck to front disc brakes, see below. Requires fabrication of new front brake lines.

37-8558

37-8589

Disc Brake Spindle Set ... Convert Your Truck to Disc Brakes

37-8500

Spindle Set keeps your truck at stock height and is made for disc brakes. Get the safety and reliability of front disc brakes on your truck that came with front drums. A disc brake system from a 1971-72 GM truck can be used or order one of the Disc Brake Kits listed right.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8498	SPINDLE SET-STOCK HEIGHT	2WD 1/2T 60-62	(1)	\$349.95
37-8500	SPINDLE SET-STOCK HEIGHT	2WD 1/2T 63-66	(1)	\$289.95

Hydraulic Brake Assist Kit

37-8455

Replace your manual or vacuum-assisted brakes with a powerful and compact modern hydraulic assist unit that puts out 1,800 psi at the wheels for improved braking performance and safety. Kit will work on any motor with a power steering pump, since vacuum to the booster will no longer be required. Kit contains a direct fit hydraulic brake assist unit, master cylinder, firewall mounting bracket, high pressure and return lines, pedal rod and mounting hardware.

Not for use on models with front drum brakes.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8455	HYDRAULIC BRAKE ASSIST KIT	CHEVY GMC 63-66	(1)	\$978.45

Front Disc Brake Kit ... No More Front Drums

37-8550

Disc Brake Kit contains parts needed to convert from front drum brakes when using new spindles. (Stock height or drop type available.)

Requires use of 17-inch or larger diameter wheels originally designed for use with disc brakes.

Kit includes 12" brake rotors; calipers and semi-metallic pads; hoses and hardware; and bearings and seals.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Brake Wheel Cylinder Kits

1960-66 Chevy & GMC Truck

WCK807

Wheel Cylinder Kit contains everything needed to replace all wheel cylinders at the same time with no rebuilding needed. Kit includes Front Wheel Cylinders, Rear Wheel Cylinders and Bleeder Screws.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
WCK805	WHEEL CYLINDER KIT	2WD 1/2T 60-63	(1)	\$54.95
WCK807	WHEEL CYLINDER KIT	2WD 1/2T 64-66	(1)	\$29.95

How to Identify Your Rear Brakes:

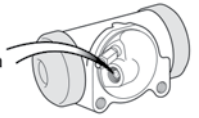

11" Brakes have 2" wide brake shoes.

11-5/32" Brakes have 2-3/4" wide brake shoes and the wheel cylinder has two threaded bolt holes.

How to Identify Early and Late Design

Early and late designs can be identified by the wheel cylinders. The late design wheel cylinder has an insert installed in the hose connection hole. The early design wheel cylinder has no insert.

Late Design with Insert

NotchHead Line Clamps

30-1731

30-1736

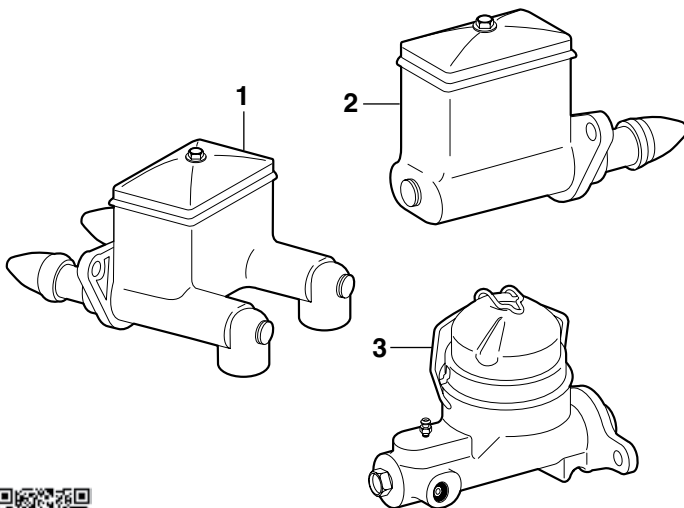

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

Brake Master Cylinder

1960-66 Chevy & GMC Truck

4

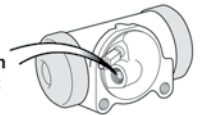

Actual Rebuild Kits will vary in contents from the illustration depending on your truck's model year.

How to Identify Early and Late Design

Early and late designs can be identified by the wheel cylinders. The late design wheel cylinder has an insert installed in the hose connection hole. The early design wheel cylinder has no insert.

PERFECT TORC Transmission Controller

38-4558

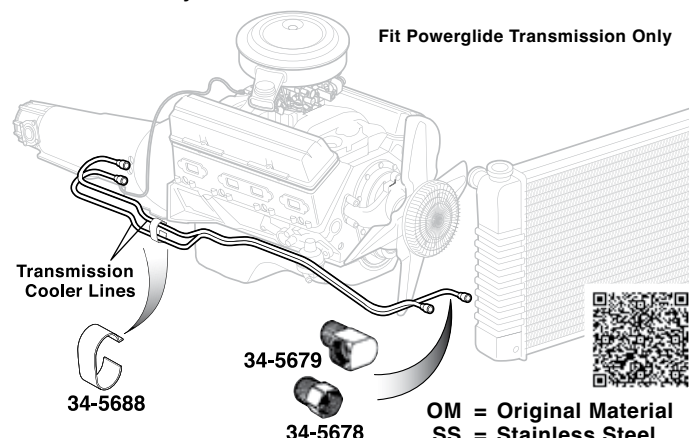

The PERFECT TORC Transmission Controller is the stand-alone electronic transmission control unit you've been waiting for. Installation and initial setup is easy, and the controller is supplied with base calibrations for your transmission type, so you can be up and running immediately after installation. The PERFECT TORC Transmission Controller can be tuned using the provided calibration software and a Windows-based laptop, and basic tuning options are available without ever plugging into a laptop. With a digital display, two separate shift tables, and the ability to perform on-the-fly calibrations, the ultra-reliable and vibration-resistant controller supports paddle and simple push button shifting. The system is designed to work seamlessly with GM 4L60/65E and 4L80/85E transmissions on fuel-injected, carbureted, and diesel engines.

Note: GM 4L60E transmission must be 1996 or newer. GM 4L80E transmissions must be 1995 or newer.

Rod End Clutch Linkage Kit

1963-66 Chevy & GMC Truck

A new Rod End Clutch Linkage Kit replaces a worn factory clutch linkage that has failed due to metal-to-metal contact. Adjustable linkage rods feature a spherical bearing end for smooth and maintenance-free clutch operation. The durable, teflon-lined bearings are self-cleaning and require no lubrication.

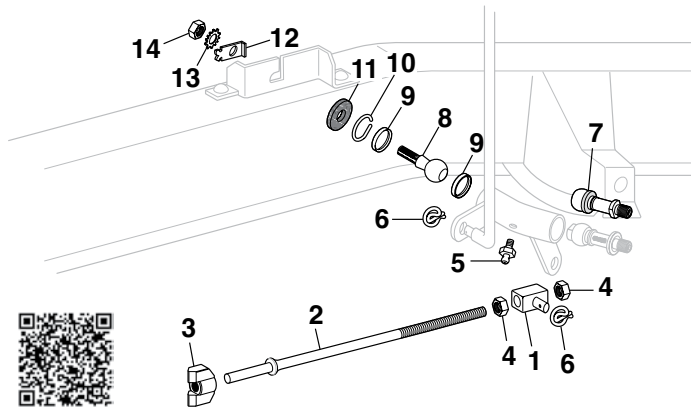

For off-road applications, the rod end design allows up to 15 degrees of pivot to accommodate for frame flex, thus reducing the risk of the clutch bellcrank coming off of the factory pivot points. Kit includes upper pushrod, lower pushrod, hardware and instructions. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
32-6161	CLUTCH LINKAGE KIT	"A" CHEVY GMC 63-66	(1)	\$139.95

Note: "A" For models with a 20" upper rod.

Transmission Shift Linkage Kit

1960-66 Chevy & GMC Truck

The Transmission Shift Linkage Kit is ideal for vehicles that have undergone a steering column swap, transmission swap or simply need to upgrade from the old binding or sloppy automatic transmission shift linkage. Kit includes stainless steel shift rod, splined selector shaft bushings, fully adjustable linkage arm, spherical rod ends, hardware and instructions. For use on GM TH350, TH400 and TH700R4 transmissions.

Wheel Bearing Grease Packer

Wheel Bearing Grease Packer quickly flushes out old grease and repacks the bearing with less the mess. The Wheel Bearing Grease Packer works on bearings up to 3 1/2" outer diameter. The grease stays in the tool cavity, not on your hands. To pack a bearing, simply place the bearing on the piston, press down on the cap until the old grease is forced out and the new grease shows on top of the bearing.

PART	DESCRIPTION	APPLICATION	PRICE
34-0509	WHEEL BEARING GREASE PACKER	UNIVERSAL	\$26.95

Wheel Bearing Lock Nut Socket

36-1565	LOCKING HUB SET-SUPREME	4WD 3/4T 60-66	(1)	\$199.99

Rear Axle Conversion Kit

If you've upgraded your truck's front end to 5 lug disc brakes, now is the time to upgrade the rear. This Rear Axle Conversion Kit will convert your 6 lug rear end to 5x5, giving you a lot more wheel options to choose from. Rear axle conversion kit includes 5 lug axles and brake drums, 1/2" wheel studs and a 12 bolt differential gasket. Axles have a 3.1" diameter center hub. Existing brake hardware can be reused.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-2799	REAR AXLE CONVERSION KIT	5 LUG CHEVY GMC 65-66	(1)	\$599.95
34-2781	REPLACEMENT AXLE SHAFT	CHEVY GMC 65-66	(2)	\$175.95

How to choose the correct Ring & Pinion: Each ring and pinion gear set sold below is for replacement use only. Gear ratio changes are possible as long as the ratio selected is within the range of ratios available for the carrier. See chart below for carrier/case breaks by differential model.

Dana 44
3.73 - down (smaller numerically)
3.92 - up (larger numerically)

Truck 12 Bolt
Series 2 = 2.73 - down (smaller numerically)
Series 3 = 2.76 - 3.42
Series 4 = 3.73 - up (larger numerically)

Dana 60
4.10 - down (smaller numerically)
4.56 - up (larger numerically)

**Loctite Ready Gasket

Switch-Ball™ Set

37-7433

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

LS-Series Engine and Drivetrain Swap Components

Two of the more challenging aspects of an engine swap are engine mounting and exhaust routing. Worry no more.

The crankshaft spacer, flexplate and flexplate bolts listed below allow you to retain your existing automatic transmission when swapping to an LS-series engine. For use with GM Powerglide, TH350, TH400, 200-4R and 700R4 automatic transmissions.

34-0346 Flexplate \$71.95

Slotting of torque converter holes may be required on some models.

34-0347 Spacer-Flexplate \$66.95

34-0348 Bolt-Spacer (6 Req) \$9.25

34-0303

Engine Mount Perch Set
LS/SBC V8 1963-66
\$199.95

34-0381
Polyurethane Engine Mount
SBC V8 (2 Req)
\$53.52

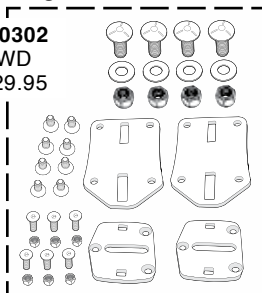

The Engine Mount Perch Set will install an LS series or first generation small block Chevrolet engine into a truck originally equipped with a 6 cylinder or big block Chevrolet engine.

The Adjustable LS Engine Mount Plate Set and the Hedman LS Swap Headers are designed to work together to eliminate a lot of the guesswork of component selection when installing a Chevy LS1/LS6 or Vortec 4.8/5.3/6.0L V8 into a 2WD truck.

The Adjustable LS
Engine Mount Plate Set

34-0302
2WD
\$129.95

The Adjustable LS Engine Mount Plate Set allows installation of an LS series engine into a truck originally equipped with a small block Chevrolet V8. The engine mount plates are slotted to allow for 1-7/8" of adjustment in mounting position to provide for better weight distribution, additional clearance for engine driven accessories (allows for low mounted A/C compressor) and oil pan to crossmember clearance. Engine Mount Plates accept small block Chevrolet engine mounts, sold separately.

The LS Engine Swap Manual is your ultimate guide to installing the LS-Series engine into your vehicle. It illustrates and details most of the options and considerations involved in performing the LS swap.

38-0405
\$25.95

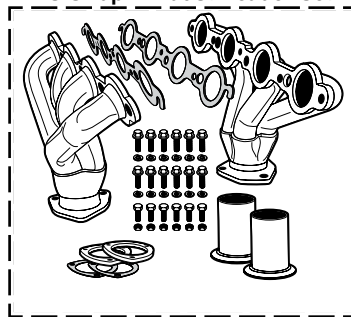

34-0344
\$54.95

Gauge Sending Unit Adaptor Kit provides the necessary adaptors for connecting gauge sensors when swapping to an LS-Series engine.

Kit contains 12mm x 1.5 to 1/8" NPT adaptor for water temperature; low profile water temperature sensor; 16mm x 1.5 to 1/8" NPT adaptor for oil pressure; resistor for tachometer correction; and detailed instructions.

LS Swap Exhaust Header Set

36-6075

Hedman Block Hugger
LS Header Set 2WD
\$339.95

36-6015

Oxygen Sensor Bung - Weld On
\$2.95

The LS Swap Header Set is available in a black painted, shortie, block-hugger design allowing for easier installation and exhaust routing. The block-hugger headers feature 1/4" thick mounting flanges and 1-5/8" primary tubes flowing into a 3" flange type collector. They are supplied complete with mounting hardware, gaskets and installation instructions. O2 sensor bungs are available separately. Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

Limited Lifetime Warranty

LS Swap Exhaust Manifolds

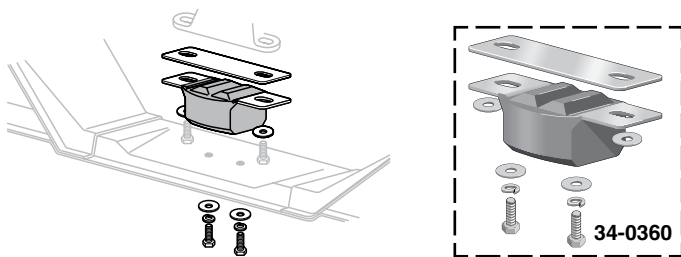

36-6077
LS Swap Manifolds
\$449.95

These cast iron LS Swap Exhaust Manifolds are available in a black painted finish. The low-profile design allows much easier fitment than conventional tubular swap headers, while retaining the ability to support up to 500 horsepower. Exhaust Manifolds come complete with cylinder head to manifold gaskets and exhaust flanges.

Will not fit LS7, LS9 or aftermarket LSX454 engines.

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

Polyurethane Transmission Mounts

Transmission Mounts are soft enough for smooth operation on the street, yet strong enough for use at the drag strip, off-road and circle track.

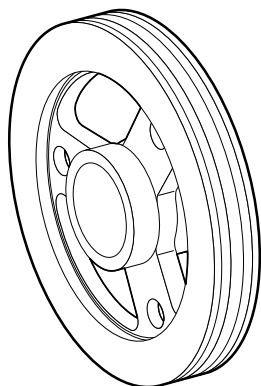

#34-0360 has a unique built in safety locking feature for added confidence. This Transmission Mount will work for trucks that have a single stud that mounts to the crossmember or two studs that mount to the crossmember.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0360	TRANSMISSION MOUNT	2WD 60-66	(1)	\$27.45

EZ Oil Drain Valve

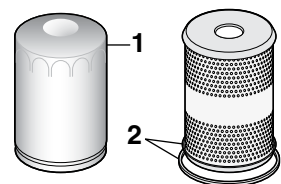

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal.

Simple operation; push in cap, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
32-3780	EZ OIL DRAIN VALVE	CHEVY GMC 60-66	(1)	\$12.95

Oil Filter

1960-66 Chevy & GMC Truck

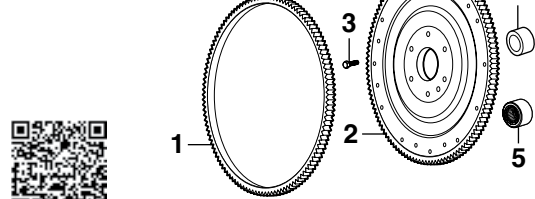

A good oil filter will trap up to 90% of damaging dirt particles. It is recommended to change the oil and oil filter every 3,000 miles. If the oil filter is not changed at recommended intervals it could become clogged, allowing unfiltered oil to circulate throughout the engine, leading to expensive repairs. The cleaner the oil is, the cooler the engine will run.

Oil Pump Priming Tool

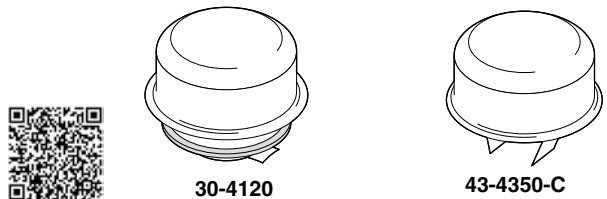

Before starting a new or rebuilt motor for the first time, it's critical to prime the lubricating system to prevent premature wear. Failure to pressurize the oil could result in a dry start that can cause camshaft, bearing and/or piston

ring failure. An Oil Pump Priming Tool makes this process easy — just remove the distributor, insert the priming tool and turn it clockwise with a 3/8" drill. The tool has a machined aluminum collar that simulates the distributor and helps to eliminate damaging side loading of the oil pump drive while priming.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Oil Pan Snap-Ups

1960-66 Chevy & GMC Truck

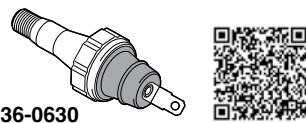

Oil Pan Snap-Ups hold the oil pan in position and line up the mounting holes, saving you the trouble of trying to get the bolt threads started to hold the pan up. It saves time and frustration by holding oil pan and gasket in place for quick and easy bolt installation.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
30-4307	OIL PAN SNAP-UPS	CHEVY GMC 60-66	(1)	\$6.95

Oil Pressure Switch

"B" 2-17/32" ID. Fits 2-1/2" exhaust pipe.

Manifold Vacuum Fittings and Plugs

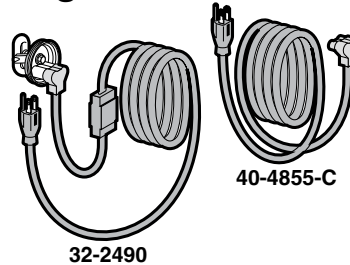

Manifold Vacuum Fittings are used to connect to engine vacuum operated components such as power brake booster, transmission modulator, vacuum advance, HVAC components, etc. These are often overlooked or broken during attempted transfer when swapping engines or intake manifolds. Manifold Vacuum Fittings are available in a 90° or T-style fitting. The 90° fitting has a single 3/8" vacuum port and the T-style fitting has a 3/8" and 1/4" vacuum port. Both styles are available in zinc-plated steel or chrome-plated aluminum.

For those simply needing to plug the vacuum port in the intake manifold, order part #30-1434. To plug the water ports in the intake manifold or water pump, order part #30-1435.

PART	DESCRIPTION	REQD	PRICE
30-1430	90 DEGREE FITTING-ZINC	(AR)	\$11.45

Engine Block Heaters

A pre-heated engine saves on fuel costs, starts quicker, runs smoother, warms cab interior, defrosts quicker and reduces engine wear and tear.

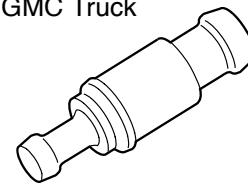

Engine Block Heaters are complete with cord and detailed easy-to-follow instructions for a simple installation directly into your engine block.

Accessory Drive Systems

Accessory Drive Systems include:

- Powermaster 170 amp alternator
- Aluminum water pump
- Sanden AC compressor (where applicable)
- Gates tensioner and serpentine belt
- GM Type II power steering pump
- SFI Approved balancer (LS models only)
- All necessary CNC billet aluminum brackets and pulleys
- Stainless steel hardware

Available in Black Anodized and Polished Aluminum

Power steering reservoir and hoses are not included and must be purchased separately. LS Systems fit 4.8L, 5.3L and 6.0L Truck engines and will not work on engines with Variable Valve Timing (VVT).

Serpentine Drive Systems

Small Block and Big Block Engines

Serpentine Drive Systems are the most compact and easiest to install serpentine kits on the market. Change the appearance and performance of your engine with pulleys and brackets CNC-machined from high quality billet aluminum. Includes six rib serpentine belt with more contact area than a traditional v-belt setup to drive all of your accessories.

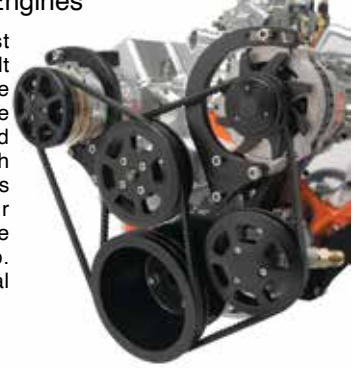

30-3941-PL

PART	DESCRIPTION	APPLICATION	REQD	PRICE

V-Drive Systems

Small Block and Big Block Engines

V-Drive Systems are the most compact and easiest to install belt drive kits on the market. Change the appearance and performance of your engine with pulleys and brackets CNC-machined from high quality billet aluminum. Includes v-belt setup to drive all of your accessories at a more affordable price than a serpentine belt setup. These kits work with mechanical and electric fans.

Power Steering Hose Components

Designed for use with serpentine drive systems, the Power Steering Hose Kit includes all components necessary to plumb a remote reservoir power steering system. Power steering gear adaptor fitting set for inverted flare and o-ring style steering gears are sold separately, see below.

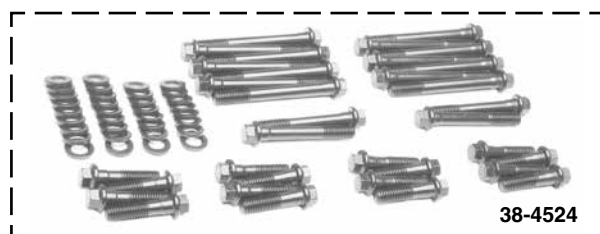

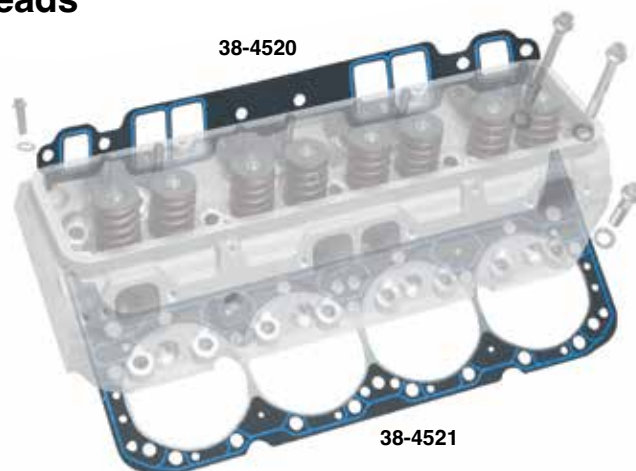

Kit includes supply and return fittings for remote reservoir, 3' of #10 AN braided stainless steel hose for supply line to pump, two 3' pieces of #6 AN braided stainless steel hose for pressure and return lines and six hose end fittings.

#38-1788 P/S Pump Control Valve is for use with rack and pinion steering systems.

Flo-Tek Aluminum Performance Cylinder Heads

	38-4564
Intake & Exhaust Port Volume	200 / 78cc
Combustion Chamber	64cc
Intake & Exhaust Valve Size	2.02" (+.100") / 1.60" (+.100")
Maximum Valve Lift	.550"
Valve Spring Diameter	1.46"
Rocker Stud Size	3/8"
Guideplates	Yes

With Flo-Tek Aluminum Cylinder Heads, you no longer have to choose between performance, quality and price. Out of the box, these heads deliver exceptional flow numbers – power ideal for the street and strip. Cylinder heads include phosphorous bronze valve guides, high-quality valves with high-nickel valve seats, and premium springs. Heads are drilled and tapped for accessories.

Flo-Tek premium alloy castings are inspected and assembled in the USA.

Note: Chevy small block heads are a straight plug design and tapped for use on valve covers with either center bolt or perimeter bolt pattern.

Edelbrock Aluminum Performance Intake Manifolds

RPM AIR-GAP: The RPM Air-Gap offers the same proven qualities of the Performer RPM but with the addition of Edelbrock's patented Air-Gap. The Air-Gap design features an open air space that separates the runners from the hot engine oil for a cooler, denser charge for more power.

	38-4572	38-4573
RPM Range	1,500 - 6,500 RPM	1,500 - 6,500 RPM
Intake Manifold Height	4.720"	4.720"
Intake Style	Dual Plane	Dual Plane
EGR	No	No

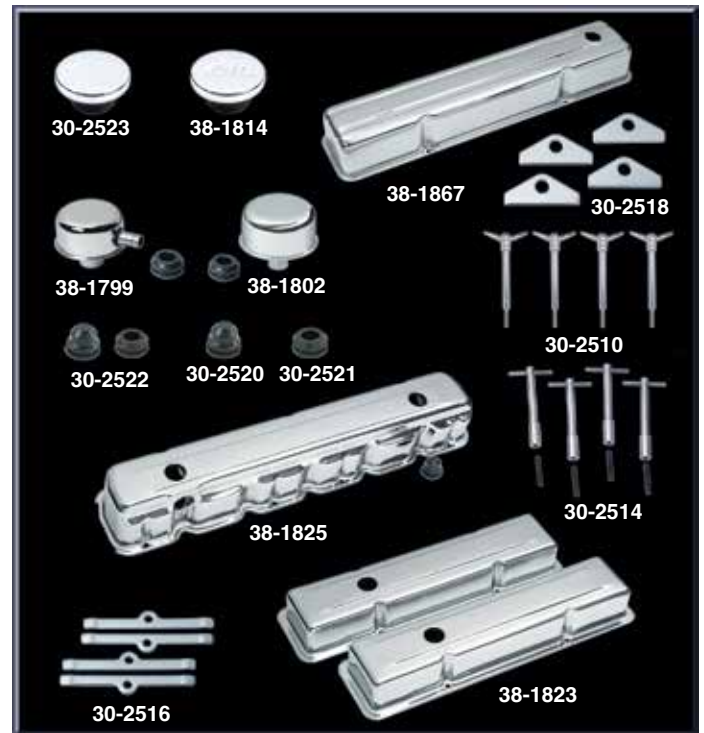

PERFORMER RPM: A dual-plane, high-rise manifold designed with a 180° firing order produces incredible top-end horsepower while retaining great throttle response. Their larger plenums and runners match high-lift cams, free flowing exhausts and other modifications of a performance engine. Great for street or strip.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Chrome Air Cleaners

To determine the size of filter you need, measure the outside diameter of the carburetor neck where the filter mounts. 5-1/8" filters fit most popular 4BBL carbs including OE, Edelbrock and Holley. Smaller filters fit 1BBL and 2BBL carbs. Check yours before ordering.

High Amp Alternators

1963-66 Chevy & GMC Truck

More amperage is needed to run today's modern accessories. High amp internally regulated alternators will give your truck the charging power it needs.

Features include high output with excellent idle performance; hand-wound, custom-designed stators; gold-plated battery post for better electrical connections; and "Proof of Performance" tag.

Alternator Conversion Harness is an easy, plug-in conversion, to use for a higher output, internally regulated alternator in place of an existing externally regulated alternator. Includes detailed step-by-step instructions.

31-0561	CLAMP-STAINLESS STEEL	2-1/2"	\$10.40

Turbo Mufflers ... Reduce Noise without Restricting Power

Turbo Mufflers are specially designed to reduce and control noise without excessively restricting power. They are made from the finest quality materials and can be used as OE replacements as well as on custom exhaust systems.

36-6030

Turbo Mufflers have a galvanized, double wrapped muffler casing for maximum rust protection. Louvered baffles eliminate vibration and spun end caps provide a gas tight seal. Reverse flow design allows muffler to be inverted.

Part #	Inlet	Outlet
36-6030	2"	2"
36-6031	2-1/4"	2-1/4"
36-6032	2-1/2"	2-1/2"

36-6032	HEDMAN TURBO MUFFLER	2-1/2" X 2-1/2"	\$107.95

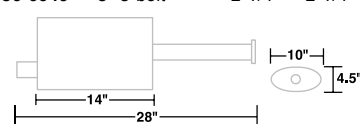

36-6040

Turbo Header Mufflers have the same features as Turbo Mufflers and they have a 3" 3-bolt flange to bolt-up to most headers.

Part #	Inlet Flange	Inlet	Outlet
36-6040	3" 3-bolt	2-1/4"	2-1/4"

PART	DESCRIPTION	APPLICATION	PRICE
36-6040	HEDMAN TURBO HEADER MUFFLER	2-1/4" X 2-1/4"	\$114.95

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

PART	DESCRIPTION	APPLICATION	PRICE
36-6181	HEADER WRAP	1" X 25'	\$10.95
36-6182	HEADER WRAP	1" X 50'	\$20.95
36-6183	HEADER WRAP	2" X 25'	\$16.45
36-6184	HEADER WRAP	2" X 50'	\$29.95
30-1793	CABLE TIE-SS	7-1/2"	\$2.95
30-1794	CABLE TIE-SS	14-1/2"	\$3.95

Exhaust Headers ... Bolt On up to 20% Horsepower Increase

Hedman Heddgers have 3" collector tubes for excellent exhaust flow, reducing back pressure and improving performance. Includes all nuts, bolts, gaskets, decals and instructions needed for installation. Tests have shown a 1.1 second improvement in 0 to 60 second times. Expect up to a 20% increase in horsepower and up to a 10% increase in gas mileage. Call and order yours today!

Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits.

When installing headers it is necessary to cut existing exhaust pipes to attach the included exhaust reducers. In most cases, new lead pipes will need to be fabricated. Headers are painted black.

When installing headers on a truck equipped with power steering, you must order Power Steering Spacer Kit #36-6023 to retain proper belt alignment.

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

Exhaust Header

1960-62 Chevy Truck

Tube steel headers allow you to run true dual exhaust on your classic truck. Headers have welded-on bungs that can be drilled to run the original type carburetor heat tube to the intake manifold. Black painted steel finish with 2" outlets, 1-3/4" and 2" primary tubes and 7/16" thick head flanges. Includes manifold gaskets, collector gaskets, dump tube flanges and all hardware.

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-6029	EXHAUST HEADER-BLACK	235 CHEVY 60-62	(1)	\$199.95

Thermal Spark Plug Boot Sleeve Set

Thermal Spark Plug Boot Sleeves provide thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from temperatures up to 1,200°F. Call or go online and order yours today!

PART	DESCRIPTION	REQD	PRICE
36-6190	SPARK PLUG BOOT SLEEVE SET	(AR)	\$11.95

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

PART	DESCRIPTION	PRICE
38-0767	5 OZ TUBE	\$16.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	2.7 OZ TUBE	\$6.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798	10.5 OZ CAN	\$8.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766	16 OZ AEROSOL	\$6.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783	1.5 OZ TUBE	\$5.95

Permatex Anti-Seize Lubricant is a highly refined blend of aluminum, copper and graphite lubricants. Use during assembly to prevent galling, corrosion and seizing due to weathering or chemicals. Anti-Seize Lubricant assures easier disassembly and is salt, corrosion and moisture resistant.

PART	DESCRIPTION	PRICE
38-0757	4 OZ JAR	\$8.45

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765	20 GRAM STICK	\$5.95

Permatex Weatherstrip Adhesive is a flexible, water-resistant black adhesive for bonding rubber and metal surfaces. Withstands extreme temperatures and resistant to gasoline, antifreeze and most solvents.

PART	DESCRIPTION	PRICE
38-0759	5 OZ TUBE	\$8.95

Permatex Orange Threadlocker is a hybrid formula that combines the strength of Red with the removability of Blue Threadlocker. Orange Threadlocker is ideal for heavy-duty, high vibration applications and can be removed with hand tools without heating.

PART	DESCRIPTION	PRICE
38-0749	.34 OZ TUBE	\$12.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770	.33 OZ TUBE	\$4.95

Permatex's Thread Sealant with PTFE (a thermoplastic polymer) is an economical general-purpose fitting sealant. It outperforms traditional tapes and pipe dopes while it seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Thread Sealant remains pliable at higher and lower temperatures.

PART	DESCRIPTION	PRICE
38-0753	4 OZ JAR	\$8.45

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	.3 OZ PEN	\$12.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M TAPE	\$8.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779	STRIP CAULK	\$5.75

Penetrating Graphite Powder is an extra fine graphite powder that is odorless dry powder lubricant, used to guard against sticking, wear, and corrosion. Keeps brake cables, speedometer cables, control cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
38-0751	.21 OZ TUBE	\$3.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	PRICE
38-0781	11 OZ TUBE	\$16.45

601 CFM Performer Series Carburetor and Fuel Lines

Bolts on and performs right out of the box - a direct replacement for stock Quadrajets. Calibrated to match Edelbrock Manifolds and others of similar design for a no-hassle combination. These dependable carbs are made of durable components with no plastic parts or power valves to blow. Their two-piece design with no gaskets below the fuel level means no leaks and easy adjustments without taking the carb off of the motor.

Comes with installation kit and instructions. Includes both timed and full vacuum ports for ignition advance.

#38-4440 - 600 cfm Electric Choke with square flange - Includes timed vacuum ports, EGR and fuel vapor outlet. Metering Jets: Primary .098, Secondary .095; Metering Rods: .073 x .047. Step-up Spring: Orange (5" Hg)

The Fuel Line and Filter Kit designed for Edelbrock Performer carbs includes a chromed hard steel line and Russell fuel filter. The Chromed Steel Fuel Line comes with a 3/8" barbed end and no filter.

#38-4445 Edelbrock Square-bore Carb to Spread-bore Carburetor Adaptor allows installation of the Edelbrock Performer Series carburetor on trucks with the stock spread-bore intake manifold.

JET Performance Stage 2 Quadrajet Carburetors

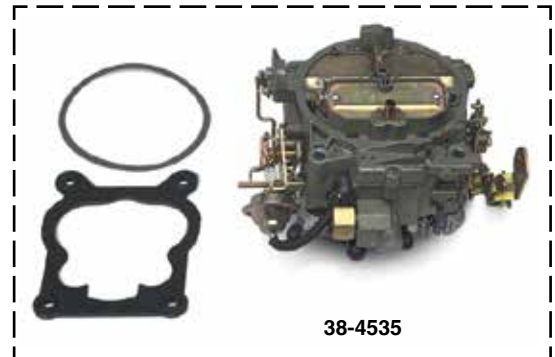

JET Performance starts with a complete disassembly of a hand-selected Quadrajet carburetor core that has been cleaned and inspected. The casting plugs are sealed with epoxy to prevent leak-down into the intake manifold. All circuits are checked for proper sizing and the calibration is checked for proper jets, primary metering rods and secondary metering rods. The carburetor is then reassembled using the highest quality components with a new float, choke pull-off and bronze throttle shaft bushings.

All Stage 2 Quadrajet carburetors undergo the following upgrades: fully recalibrated idle, off idle, main, accelerator pump and high speed circuits to match any modifications done to the engine such as intake manifold, headers, ignition or mild cam change. A Stage 2 carburetor delivers improved idle quality, instant throttle response and maximum torque and horsepower.

Rubber Vacuum Caps

These Rubber Vacuum Caps are great for blocking off unused vacuum ports and lines, to prevent leaks and poor engine performance. Excellent for capping lines and hoses while testing carburetors, emission control systems, vacuum lines and more.

Caps are made from durable heat-resistant black rubber. Assortment contains one each of the following sizes: 5/32", 7/32", 5/16", 3/8" and two each of 3/16" and 1/4".

PART	DESCRIPTION	REQD	PRICE
30-1436	RUBBER VACUUM CAP ASSORTMENT	(1)	\$3.95

Retro Air Cleaner

38-1889

Retro Air Cleaner gives a classic styling look with improved air filtration technology. Air cleaner top is made from heavy-gauge steel and powder coated in a black semi-gloss finish. Fits any 5-1/8" diameter carburetor neck and is notched at the rear to provide clearance for HEI distributors. A "rocket" wing nut, carburetor stud, paper filter element and decal are included. Available in two sizes.

Small: 15-1/2" wide; 12" x 3-7/16" tall element

Large: 18-1/4" wide; 14" x 4" tall element

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1789	RETRO AIR CLEANER	SMALL	(1)	\$129.95
38-1889	RETRO AIR CLEANER	LARGE	(1)	\$149.95
32-3242	REPLACEMENT ELEMENT	LARGE	(AR)	\$11.45

Carburetor Synchronizer Tool ... Makes it Easier to Do the Job Right

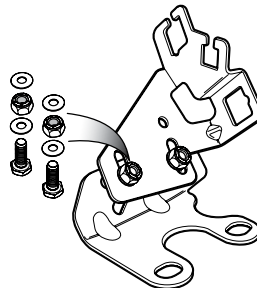

38-1260

If dual carbs are added to an engine, the Carburetor Synchronizer Tool helps the truck run with better economy by balancing the airflow between the two carburetors giving equal airflow at all degrees of its throttle opening. By manipulating the idle adjustment screw, each carburetor can be set at the same air intake volume.

The tube, which must always remain in a vertical position, is adjustable through 150° to allow the tool to be used on almost any type of carburetor and manifold installation.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1260	CARB SYNCHRONIZER TOOL	MODELS W/DUAL CARBS	(1)	\$41.95

Throttle Cable Bracket

Ideal for use in vehicles that have undergone engine and/or transmission swaps. Fits 1995 and earlier GM small block and big block V8 engines. Includes provisions for throttle, detent/throttle valve and cruise control cables. It mounts using the two rear intake manifold bolts and is adjustable for use with varying cable lengths and intake manifold heights. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-4708	THROTTLE CABLE BRACKET	CHEVY V8	(1)	\$68.95

Chrome Round Air Cleaner

38-4614

38-4619

Pro-Flo Air Cleaner is stamped from 18-gauge steel and triple chrome plated for a high-quality finish. Works with all popular 5-1/8" diameter carburetors. Air Cleaner has knock-outs in the base for crankcase ventilation connection, sold separately. Measures approximately 3-3/4" from gasket flange to top of supplied retaining nut. Edelbrock carburetors require an air cleaner spacer, sold below.

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

NEW **Holley** Sniper 2 Electronic Fuel Injection System

Holley Sniper 2 EFI is a self-tuning, easy-to-install Electronic Fuel Injection conversion for common 4-barrel (4150 flange) style carburetors. Make your classic truck drive like a modern fuel-injected vehicle, including easy cold starts, smooth drivability, and improved fuel economy!

If you're looking for a high-performance fuel injection system that delivers power, efficiency, and ease of use, look no further than the Sniper 2 EFI.

- Replaces 4-barrel (4150 flange) carburetors.
- Available in black or polished finishes.
- 4 wiring connections required: Battery+, Battery-, Switched Ignition, and RPM.
- Variety of tuning and gauge display interfaces: from a 3.5-inch full color LCD Handheld, 5-inch Digital Dash, or the Bluetooth dongle, which allows you to connect either an iOS or Android based cell phone to the Sniper 2.
- Inputs and outputs consist of: 2x Ground Inputs, 2x Ground Outputs, 1x TPS Output (0-5v), and 1x Tach Output.
- Onboard contactless magnetic TPS sensor ensures an accurate TPS reading.
- The included genuine Bosch LSU 4.9 wideband oxygen sensor provides real-time fuel map learning.
- Redesigned throttle shaft and plate geometry for a smoother throttle feel.
- Supports up to 650hp naturally aspirated or 575hp on boost with four 100 lb/hr injectors.
- Next generation ECU features improved RF noise and interference resistance.
- "Hidden Harness" wiring harnesses exits from the rear of throttle body for a clean appearance.
- Redesigned injector connector for improved reliability.
- Main harness includes plug-and-play HyperSpark distributor support, for integrated timing control, making your ignition setup hassle free.
- Included clamp-on oxygen sensor kit ensures a leak free oxygen sensor installation.
- Integrated transmission kick down provisions for GM TH350/400, 200-4R/700R4 and Ford C4/C6 applications.
- Calibration wizard only requires that you answer a few simple questions about your engine to create a base map and begin self-tuning – No laptop required.

Holley In-Tank Retrofit Fuel Modules

With over 100 years of expertise in fuel systems, Holley is unrivaled in the industry. Holley In-Tank Retrofit Fuel Modules allow you to easily convert your truck's original fuel tank into a fuel-injection compatible tank with basic tools and no complexity. The universal, return-style systems fit fuel tanks up to 12" deep, and Holley's brilliant HydraMat (included) virtually eliminates any chance of fuel starvation or poor running conditions due to air entering the fuel system. The innovative billet bracket system ensures a corrosion-free life in a low-profile design that can be rotated to fit in any position needed for your application. Available with either a 255 or 450 lph (liters per hour) fuel pump.

38-4598

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

Radiator and Components

1960-66 Chevy & GMC Truck

Radiator Core Size: The height and width of the central part of the radiator between the tanks and the side pieces. Consists of parallel rows of tubes and fins.

Transmission Oil Coolers: Trucks with automatic transmissions require radiators equipped with a transmission oil cooler. Radiators with oil coolers are also used on manual transmission trucks; the oil cooler portion of the radiator is simply not used.

Rows: The number of rows refers to the number of parallel rows of tubes in the core.

Air Conditioning Compressor Upgrade

Air Conditioning Compressor Upgrade is an all new, bolt-in aluminum 10 cylinder compressor that replaces the cast iron, 6 cylinder axial A6 style compressor originally equipped. Features an aluminum body that is 52% lighter than original material and has a more efficient design that yields less engine drag thus increasing fuel efficiency and improving engine and cooling system performance. Fits original

axial compressor mounting brackets and hose assemblies and is compatible with R12 and R134A refrigerant.

Electric Cooling Fan Kit Keeps Your Engine Cool

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894 Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

A/C Cooling Fan Harness activates the electric cooling fan when the A/C compressor clutch is engaged. Kit includes heavy-gauge wire harness, relay, 30 amp fuse, electrical connections and installation instructions.

Air Conditioning Systems ... Give Your Truck The Cool Factor

These complete AC, heat and defrost systems are controlled via cable or electronic operation. The unit is interior mounted under the dash and installs to the firewall using the original heater mounting holes. AC and heater fittings pass through the factory blower motor hole with a custom rubber grommet. Step-by-step, fully detailed illustrated instructions are included.

Cable Operated systems are specifically designed to integrate with original 4 lever Deluxe heater control heads (not included). New cables are included for defrost and heater valve functions. Wire harness plugs into original blower switch, a simple bracket and micro switch are added to operate the compressor clutch. Includes custom dual center, left hand and right hand air vents.

Electronic Control systems include a replica control that fits into the original factory dash opening. Electronic servo motors operate the defrost and heater valve functions.

Brackets and Pulleys

When adding A/C to Chevrolet V8 engines with v-belts a 2 groove water pump pulley and a 2 groove crankshaft pulley will be required. Models with power steering will require a 3 groove crankshaft pulley.

SWP = Short Water Pump
LWP = Long Water Pump

32-0576

AC Systems with compressor are designed for use with small block Chevrolet engines. Order the corresponding compressor mounting bracket and engine pulleys based on the water pump length and desired compressor mounting location for your vehicle. Kits supplied without compressor are ideal for vehicles that have swapped engines and/or already have installed an AC compressor as part of their engine's accessory drive system. All systems are designed for use with R134A refrigerant.

Heater Hose Fittings, Carburetor Stud Kits and Pipe Plugs

These often overlooked items are always a good idea to have on hand when working on intake, carburetors, engine plumbing or vacuum accessories.

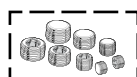

High-quality **Aluminum Heater Hose Fittings** are available in clear or black anodized finish with straight or 90 degree bends. The threaded NPT (National Pipe Thread) fitting ensures a leak-free seal and the single-barbed outlet allows proper hose connection.

HEI Conversion Kit ... When It's Better to Be Pointless

HEI Conversion Kit converts a mechanical breaker point ignition system into an electronic ignition for improved performance and reliability. Kit includes a new performance HEI distributor that fits small and big block Chevy engines, a high performance ignition wire set, an HEI powerlead and an ignition wire crimp tool. The higher voltage output of an HEI distributor allows larger spark plug gaps for added power, smoother throttle response and better fuel economy. Just locate a 12V power source, make the wiring connection to the included HEI powerlead with OE style connector and then plug in to the cap. The distributor is ready to install and comes complete with heavy-duty cap and rotor with brass terminals; 4 terminal ignition module and a 50,000 volt coil; low resistance, high performance 8mm black silicone ignition wire set with pre-terminated spark plug boots; all necessary distributor end terminals, boots and detailed instructions; and 1 wire hookup to ensure easy installation.

Due to varying exhaust manifold and header styles, ignition wire sets must be cut to length and the distributor end terminals must be crimped with the included ignition wire crimp tool.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

High Amp Alternators

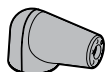

1963-66 Chevy & GMC Truck

36-2725

36-2743

36-2526

More amperage is needed to run today's modern accessories. High amp internally regulated alternators will give your truck the charging power it needs.

Features include high output with excellent idle performance; hand-wound, custom-designed stators; gold-plated battery post for better electrical connections; and "Proof of Performance" tag.

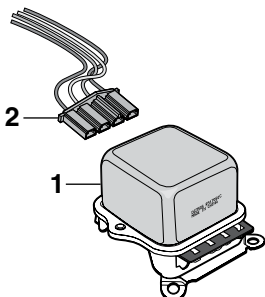

Alternator Conversion Harness is an easy, plug-in conversion, to use for a higher output, internally regulated alternator in place of an existing externally regulated alternator. Includes detailed step-by-step instructions.

Replacement power supply and tachometer leads for models with HEI ignition.

PART	DESCRIPTION	PRICE
36-0556	HEI HARNESS KIT DISTRIBUTOR & TACHOMETER	\$9.95

Flame-Thrower™ Billet Distributor

30-Month Warranty

The Flame-Thrower™ is a performance proven distributor. Stable timing and precise spark distribution is provided by the patented Ignitor II electronic ignition module. The Ignitor II increases performance by adjusting the dwell angle to maintain peak energy throughout the entire rpm range. For maximum high rpm performance use the low resistance Flame-Thrower II™ Coil.

Features include low torsion, tempered .500" diameter shaft for accurate timing and longer life; housings that are CNC-machined from highly polished 6061 T-6 aluminum for strength; a top roller bearing and oil impregnated bronze sintered bottom bushing that reduce friction and vibration; a machined heat treated gear to ensure durability and a tight mesh with cam to eliminate horsepower-robbing timing fluctuations; an easily adjustable proprietary mechanical advance; high dielectric strength cap with brass terminals and premium rotor; and additional springs for setting custom advance curves. Easy installation.

Ignitor Electronic Ignition System ... Never Change Points Again !

30-Month Warranty

This precisely engineered solid state breakerless ignition system installs with only two wires. The entire Ignitor System is immune to dirt, oil, heat and moisture. Firing down to zero rpms it switches twice the energy of conventional systems. Installation is fast and simple; can be installed in the time required to change a set of points.

Flame-Thrower™ 40,000 Volt 1.5 Ohm High Performance Coil

The perfect coil to go with the Ignitor Electronic Ignition and adds performance to most distributors. Higher voltage allows larger spark plug gaps for added power, smoother response and better fuel economy. The coil is oil filled for better cooling and fits existing brackets. Available in chrome or black.

Ignitor II Electronic Ignition System

All the Benefits of the Original Ignitor and More

Senses current level in the coil and adjusts dwell to maintain peak energy throughout the entire rpm range. Develops an average three times more available energy between 3,000 and 5,000 rpm and nearly doubles available plug voltage.

36-2946

High rpm performance is improved with the Flame-Thrower II™ Coil. Peak current level is reached just prior to spark, so ignition energy is sustained with less heat build up, increasing coil and module life.

Adjusts spark timing over the entire rpm range to compensate for the inherent electronic delay, resulting in more stable timing. Senses incorrectly wired or key left on and shuts down the system, protecting the coil and other components from damage.

30-Month Warranty

Battery Tap Accessory Circuit Kit

36-0846

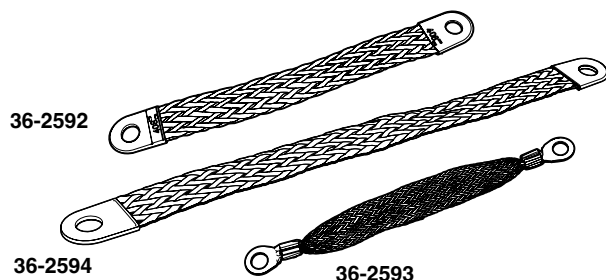

36-0847

Battery Tap is an easy and reliable way to make direct connections at the battery with up to three new additional circuits. Designed to fit positive and/or negative battery terminals. Kit contains one tap and three crimp connectors. The Battery Tap can be stacked to provide additional connection points or can be attached to vehicle frame for additional grounding points.

PART	DESCRIPTION	PRICE
36-0846	BATTERY TAP KIT-SIDE MOUNT	\$5.95
36-0847	BATTERY TAP KIT-TOP POST	\$6.95

Ground Straps

36-2592

36-2594

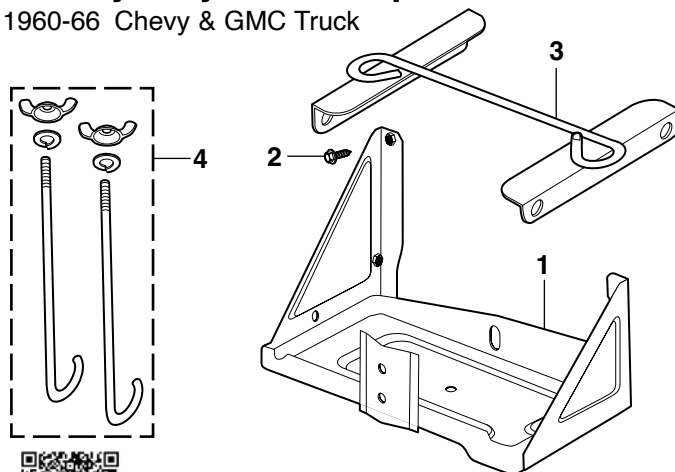

36-2593

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

PART	DESCRIPTION	REQD	PRICE

Wire Terminal Extractor Tools

This Wire Terminal Tool Kit is designed to release and extract wires from terminals without damage. The single blades have a bevel ground onto the end for working on small terminals found on newer vehicles. Red is specially designed for Pak-Con and WeatherPak terminals. Silver has prongs to depress the 'barbs' on conventional terminals. The handle slips over the probes to protect your hand as well as provide extra leverage. This complete kit comes in a sturdy blow-molded case for protection and long life and is a must-have for any do-it-yourselfer's toolbox.

PART	DESCRIPTION	PRICE
38-1297	WIRE TERMINAL TOOL KIT	\$54.95

14-Circuit Fuse Center Connects to Your Existing Wiring

14-circuit pre-wired fuse block can be connected to existing vehicle wiring or used as a starting point for custom wiring. Factory assembled and completely terminated fuse block includes wiring provisions for starting, air conditioning/heat, brake lights, coil (anti-theft feature), dome light, electric fan, emergency flasher, gauges/dash instruments, headlights, horn, radio (ignition hot), turn signals, wipers and alternator.

Features include blade-type fuses, flasher, horn relay, large selection of terminal ends and anti-theft feature to deter theft. Measures just 4-1/2" x 5". Includes easy-to-follow instructions. Call or go online and order yours today.

PART	DESCRIPTION	PRICE
36-3609	14 CIRCUIT FUSE CENTER	\$149.99

Crimper Tool Set

This Crimper Tool Set offers a simple way of crimping the ends in your wiring harness project. The single crimper is used for wire sizes ranging from 20 to 14 gauge and the double crimper is used for sizes from 10 to 18 gauge or terminals receiving a two wire connection.

PART	DESCRIPTION	PRICE
36-3777	CRIMPER TOOL SET LARGE-SMALL	\$224.95

CirKit Boss Fuse Center

CirKit Boss Fuse Center provides the only available solution in the marketplace where additional electrical circuits are required or accessory equipment requires ignition hot and constant hot capabilities. Safety feature ensures that add-on circuits will only work if ignition key is on. This 3 circuit center features two ignition hot circuits and one constant hot circuit.

PART	DESCRIPTION	PRICE
36-3611	CIRKIT BOSS FUSE CENTER	\$67.99

Remote Starter Switch

Remote Starter Switch allows you to start or crank your engine without help. Ideal for conducting compression tests or bumping engine to top dead center for valve, distributor or camshaft adjustment. 36" long leads have alligator clips with insulated boots and feature a push button style switch and grip.

PART	DESCRIPTION	PRICE
38-1278	REMOTE STARTER SWITCH	\$12.95

Wiring/Tubing Grommet Assortment

This 10-piece assortment of high-quality black rubber grommets protects wires and tubing from chafing when passed through sheet metal holes. Assortment contains: one each of 1/8", 3/8", 1/2", 5/8" I.D. and two each of 3/16", 1/4" and 5/16" I.D. grommets.

PART	DESCRIPTION	PRICE
30-1269	WIRING/TUBING GROMMET ASST	\$2.95

Courtesy Light Kit

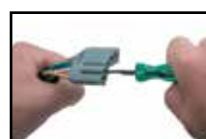

36-3614

Courtesy Light Kit includes two interior light assemblies with bulbs, connectors and terminals, door jamb switches and easy-to-follow instructions and schematics.

PART	DESCRIPTION	PRICE
36-3614	COURTESY LIGHT KIT	\$14.95
36-0222	REPLACEMENT BULB-CLEAR	\$.65

WeatherPak Wire Extractor Tools

These WeatherPak Wire Extractor Tools will save you time and hassle when servicing your vehicle's wiring system. Tools are engineered to easily release and remove OEM terminals from their WeatherPak housings, as well as releasing the lock tab on Packard 56 and Pak-Con terminals. This 3-piece set comes with a narrow pick (.05" wide), wide pick (.09") and tubular-shaped extraction tool. Handles are color-coated for easy identification.

PART	DESCRIPTION	PRICE
38-1296	WIRE EXTRACTOR TOOLS	\$9.95

Wiring Harness Designed Specifically for Your Classic Truck

1960-66 Chevy Truck

36-3603

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-3603	WIRING HARNESS	CHEVY 60-66	(1)	\$806.55
36-3135	A/C WIRING HARNESS	CHEVY 64	(1)	\$145.35
36-3136	A/C WIRING HARNESS	CHEVY 65-66	(1)	\$145.35

This quality Wiring Harness from American Autowire will rewire a truck from headlights to tail lights and is able to add many options and accessories. The 18 fuse, 21-circuit fuse box and mounting plate install under dash. Easy-to-follow, illustrated installation manual included.

Harness is designed to accommodate truck's original switches and connections and works with many aftermarket products such as custom steering columns, electric fans, gauges, internally regulated alternators, HEI distributors, air conditioning and more. The instrument cluster wiring disconnects from the main harness to assist service. *Models with factory air conditioning require use of A/C wiring harness, sold separately, see below.*

New switches including headlight, dimmer and ignition are supplied. Standard features include headlight connectors, parklight connectors, front harness grommets, original dome light wiring, underdash courtesy light wiring, original style rear light sockets, weatherproof boot and tube assemblies.

A/C wiring harness is sold separately. Harness will not work with an ammeter gauge. Does not include resistance wire for points ignition systems.

Universal Wiring Harness ... Finish the Job Right the First Time

36-3662

Wiring Harness is designed for single headlight systems only. Can be adapted for use on dual headlight models with additional wire and original sockets. Harness will not work with an ammeter gauge. Does not include resistance wire for points ignition systems.

13-Circuit Wiring Harness includes two accessory, air conditioning/heat, brake/courtesy lights, CB radio, cooling fan, gauges/instruments, hazard, headlights, parklights, radio, turn signal and wiper.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-3662	WIRING HARNESS KIT-13 CIRCUIT	CHEVY GMC 60-66	(1)	\$369.55

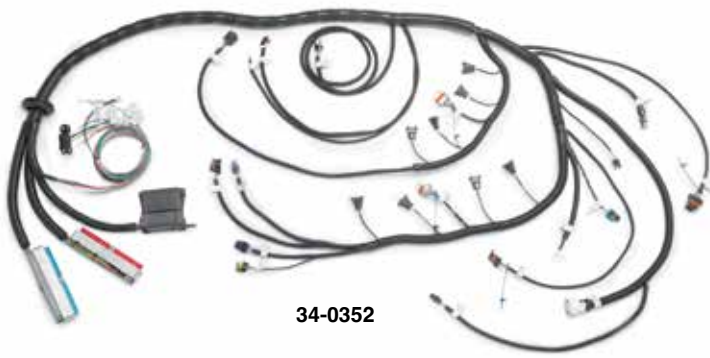

Universal Wiring Harness from American Autowire is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 13-circuit and 20-circuit assemblies.

Highest quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional, GM SI internal regulated and 1-wire alternator leads; HEI distributor wiring; GM column mounted ignition switch connectors; headlight and floor mounted dimmer switches. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

20-Circuit Wiring Harness includes all of the features of the 13-Circuit Harness plus clock/lighter, cruise control, dash lights, fuel pump, power locks, power seats and power windows.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-3663	WIRING HARNESS KIT-20 CIRCUIT	CHEVY GMC 60-66	(1)	\$379.05

Stand-Alone LS / Vortec Swap Engine Harnesses

34-0352

LS1 Swap Harnesses are optimized for a 5.7 LS1 engine, with LS1 intake manifold and engine accessories.

Vortec Swap Harnesses are optimized for a 4.8-6.0 engine, with truck intake manifold and engine accessories.

Simplify your 4.8, 5.3, 5.7 or 6.0L swap with a new Stand Alone LS Swap Wiring Harness from BP Automotive. Eliminates hours spent sorting through a used wiring harness or tracking down components to build your own harness.

Every BP harness is color coded to factory colors and includes labeled factory-style connectors, convoluted tubing, firewall grommet and heat wrap where needed. After making a few simple chassis connections, it's truly as easy as laying out the harness and plugging it in. Harnesses do not have provisions for EGR, A.I.R. EVAP or rear O2 sensors.

W/O Trans means without electronic transmission or with manual transmission.

Custom Light Bulbs

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0310	SUPERWHITE SET FOR HEADLIGHT	#36-0281 62-66	(1)	\$10.45

Electronic Flasher ... For LED Lights

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

PART	DESCRIPTION	PRICE
36-0356	ELECTRONIC FLASHER	\$12.45

Underhood Lamp

36-4503

Underhood Lamp adapts to any 12 volt truck and helps illuminate the engine bay. No need for wiring into a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when hood is lowered. Mount underneath hood and connect lamp wire to any constant 12 volt source. Moisture proof in-line fuse is integrated into the wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed for proper operation.

Headlight Protection Film

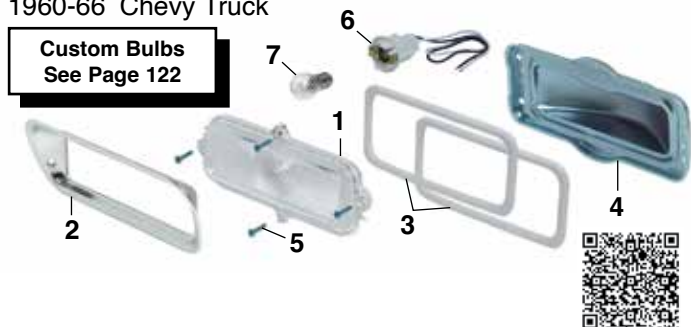

Headlight Protection Film is made from scratch-resistant, 30-mil thick press-polished PVC material that features a UV inhibitor to prevent shrinking and discoloration, combined with the strongest clear adhesive available for maximum durability and distortion-free light transmission. Proven to withstand a barrage of 1" diameter stones at speeds up to 120 mph with no damage to lens. Kit contains pre-cut film, installation squeegee and instructions. Without cutouts for headlight alignment pins where equipped.

New technology previously only on high-end luxury cars is now available for trucks. These tail lights quickly alert other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs, which translates to a gain of 20+ feet of reaction distance.

These tail light lenses are a direct replacement for stock lenses. Simply remove original lens and bulb, and install the LED tail lights in their place.

Additional LED benefits:

LED lights have no filament, which means they are less sensitive to vibrations, and they can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load placed on the truck's charging system, and less heat is emitted.

#37-0365 features sequential operation with sequential left, sequential right or sequential off. Also includes brake attention function that lights from the inner LEDs outward once, then all on when brakes are applied.

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

LED Tail Light Conversion Kit

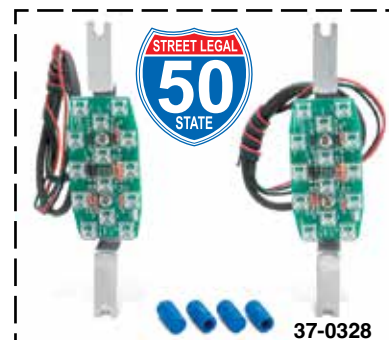

1960-66 Chevy & GMC Truck

Enjoy the benefits and the intensity of LED tail lights while retaining the original look of your Classic Truck. This LED high-tech conversion kit bolts right into your stock tail light housing and adds safety and brightness while using only 15% of the energy required by incandescent bulbs. Benefits include: 100 degree viewing angle, no filament to burn out and LEDs which illuminate 140 times faster than conventional incandescent bulbs. Converts the tail, stop and turn signals into very bright and visible LEDs.

For maximum lighting intensity, replace your aged, weathered lenses with new lenses.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-0328	LED TAIL LIGHT CONVERSION KIT	FLEETSIDE 60-66	(1)	\$99.95

Custom Headlights ... Brighter Light for Greater Distance

These OE-quality headlights feature an aluminum die-cast housing with a protective finish coating, making the housing corrosion free. Maximum light output is produced by brighter light focused on the road for a greater distance.

The strong, semi-hardened, crystal clear glass lens does not diffuse the light like traditional headlight lenses. A high-efficiency white halogen 12V 60/55 watt replaceable bulb is included. DOT and SAE approved.

If adding brighter bulbs or upgrading to high power halogen lights, use a Heavy-Duty Headlight Harness.

Custom Light Bulbs See Page 122

Driving Light Set

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

Retail Delivery Fee Notice

Some states are starting to pass legislation requiring us to collect a Retail Delivery Fee on shipments. Check with your state's department of revenue for more information.

For those customers living in states that require this, the extra fee will be added to each purchase that is taxable under the state code.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T -** After a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required..
- * -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- ** -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery
- R -** After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St. Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

California Prop 65 Warning

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.p65warnings.ca.gov.

ADVERTENCIA: Este producto puede exponerlo a sustancias químicas, incluido el níquel reconocido por el estado de California como causante de cáncer. Para obtener más información, visite www.p65warnings.ca.gov.

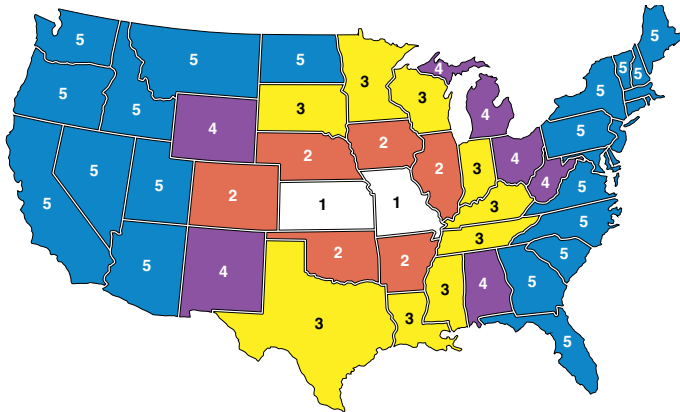

Gift Cards

- Gift Cards are the perfect gift to ensure you are giving exactly what they want!
- Gift Cards don't expire.
- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

Shipping charges are based on the "Parts Total" on your order.

Order Parts Total	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
Up to \$10.00	\$ 5.00	\$ 5.00	\$ 5.00	\$ 5.00	\$ 5.00
\$ 10.01 to 25.00	8.00	8.00	8.00	8.00	8.00
25.01 to 50.00	11.00	11.00	11.00	11.00	11.95
50.01 to 100.00	16.50	16.50	16.50	17.50	18.75
100.01 to 150.00	24.50	25.00	26.50	27.50	28.75
150.01 to 250.00	31.50	32.25	34.50	36.25	38.50
250.01 to 350.00	35.75	36.50	38.25	41.50	43.25
350.01 to 500.00	38.50	40.75	42.50	44.75	47.25
500.01 to 1,000.00	44.75	46.25	48.50	49.75	51.25
1,000.01 to 1,250.00	62.00	64.75	68.00	70.00	72.00
1,250.01 to 1,500.00	75.50	77.75	82.00	84.00	86.50
1,500.01 to 1,750.00	90.00	93.50	98.50	100.00	104.00
1,750.01 to 2,000.00	108.00	110.50	120.00	125.00	130.00
2,000.01 to 2,499.99	110.00	115.75	125.50	135.00	145.00
2,500.00 and Up	Free Shipping				

If you are ordering Oversized Parts (indicated with a * Or ** throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free shipping, your entire \$2,500+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping to Alaska, Hawaii and the U.S. Territories

Order Parts Total	Shipping to Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	49.95
150.01 to 250.00	65.95
250.01 to 350.00	72.95
350.01 to 500.00	79.95
500.01 and Up	Quote ♦

♦ You will be contacted with charges.

We reserve the right to ship the most economical way. If you need your order shipped in a specific manner, contact customer service for a customized quote.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

This chart shows shipping charges on orders up to \$500. Parts must be 108 inches or less and weigh 70 pounds or less to qualify. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping Internationally

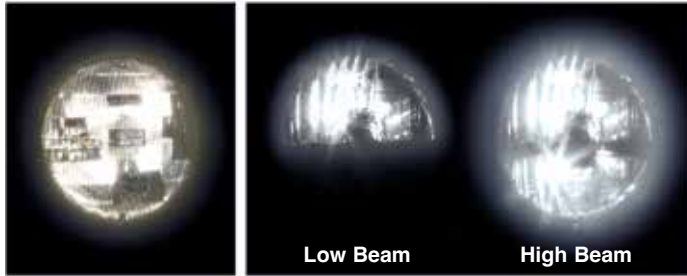

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

7" LED Headlight Set

7" Conventional

7" LED

LED headlights dramatically improve safety and visibility with a bright white light output for superior night-time driving. Features a cast aluminum powder-coated housing with an impact-resistant polycarbonate lens and rugged aluminum reflector. Solid state bulb-free design is resistant to damage from shock and vibration. DOT approved headlight is energy efficient and lasts longer than conventional bulbs.

Headlight Mount may require modification for installation.

Beautiful To Me

The Joss Family and Their 1966 Chevy C10

As newlyweds (36 years ago) my wife and I purchased a shark nose Chevy truck because I needed a truck to do construction jobs. I would throw demolition materials down on it all day, and when it was time to go home, I would lay down on the seat and kick the roof back up and drive home! At that stage of life we didn't have the money to restore it, so we sold it to buy a newer, more reliable truck for my business. Many years later our family purchased the truck you see here to have a project my son and I could work on together. Five and a half years later you can see why we named this truck "Redeemed."

Since this was our first attempt at restoring a vehicle, we just made it up as we went along! This truck has been a learning experience for everyone including some young men I was mentoring during the restoration, and, in a way, this truck has redeemed them as well because the time spent working together on the truck allowed them to work through life's struggles.

Our intent was to restore it to its original glory, but early into the build we veered off course to make it one-of-a-kind. Our entire family has had a part in it. My wife picked the colors and rims, helped find the interior at the junkyard, and just about every other design aspect. The guys' job was to make it happen. It was all done in our own garage from the marriage of two cabs to make one good one, cutting the frame to make it a shortbed, installing the interior from an '08 Honda Accord, metalwork, bodywork, paint, custom Camaro bumpers front and back, fuel injection, a custom grille, and custom lighting. It has been quite a journey!

Thank you to LMC Truck for the quality parts we were able to purchase to help us "Redeem" a family project!

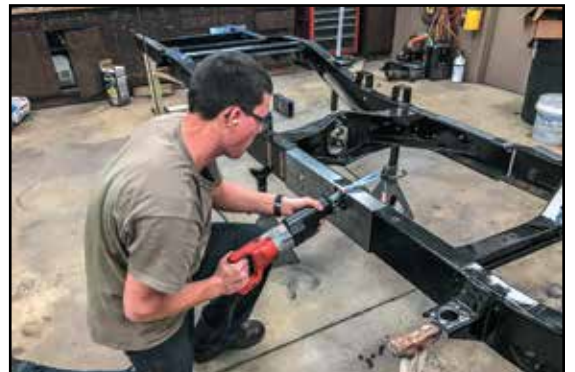

Eric, Judy, and Daniel
