Custom Chrome Bumper Lighted

29-9701

29-9701

Custom Front Bumpers are stamped from new tooling using OE-quality steel for strength and durability. Bumper is buffed and polished for a smooth defect-free plating surface. The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish. Bumper has a 5 Year Limited Warranty on rust-through perforations. Lights are installed in the bumper, complete with all necessary wiring and installation instructions.

Lights have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion-free. State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives maximum light output from a 3-3/4" diameter light. Lights use a high efficiency halogen 12V 55W replaceable bulb.

Fog Lights are OE quality, DOT and SAE approved and are legal for on road use. Lights come with a 3 Year Limited Warranty on light assemblies (excluding bulb). Includes two halogen fog lights, one illuminated rocker switch and one 12 volt relay.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|----------------------------|---------------|------|-----------|
| 29-9701 | CHROME BUMPER W/FOG LIGHTS | PICKUP 82-93 | (1) | \$329.95* |
| 29-9701 | CHROME BUMPER W/FOG LIGHTS | BLZ JIM 83-94 | (1) | \$329.95* |

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Hood Insulator and Retainer

1982-04 Chevy S10 1982-04 GMC S15, Sonoma

| 38-3770 | TRIM RING SET 4PC 2" | RIM 15" STAINLESS STEEL | (1) | \$69.95 |

High Beam Headlight Relay Kit

29-8250

Since the four-headlight system was introduced in 1988 on GM pickups, the low beams would go off when the high beams are turned on. This kit will increase the intensity and improve the spread pattern by keeping all four lights on when in high beam mode.

| PART | DESCRIPTION | APPLICATION | PRICE |
|---------|-------------------------------|---------------|---------|
| 29-8250 | HIGH BEAM HEADLIGHT RELAY KIT | PICKUP 98-04 | \$19.95 |
| 29-8250 | HIGH BEAM HEADLIGHT RELAY KIT | BLZ JIM 98-05 | \$19.95 |

A-Pillar Gauge Pods

37-8260

Full Pillar Gauge Pods offer a unique mounting solution for 2-1/16" gauges. Each pod is custom molded for an exact fit using black ABS plastic and mounts directly to the A-pillar without cutting. Pillar Pods can be painted to match interior. Gauges sold separately.

I have a picture in my office. It was an aerial photograph taken in the '60s of the farm we lived on in rural Iowa. To be exact, RR1, Anamosa, IA, before every address had a house number and a private line telephone. We had a party line phone with 8 people on it, well, that is a whole letter to itself along with the Sears and Roebuck catalog, that had everything from toys to a house you could buy and build.

It was a thing back then, and still is now, that a plane flies over, takes a picture and then sells it to you. We aren't going to get into the right or wrong of that idea right now. Instead I am going to say I am grateful that day they flew over and my parents somehow had the money to buy that picture.

It hangs in my office alongside the serenity prayer. It is there to remind me of who I am and where I come from. That my mom and dad somehow raised 5 kids in a 2-bedroom house until Uncle Dewayne converted the garage to a bedroom for them in the late '60s. That you can exist without a shower and only a bathtub, that you got three TV stations if the rabbit ears were just right and wrapped in aluminum foil, and the only thing you were allowed to watch were Gunsmoke, Rawhide, and Wild Kingdom. Oh, and can't forget The Andy Williams Show. That Sunday morning was church and then grandma's fried chicken and gravy. My grandmother was younger then than I am now. I hadn't really thought about that until I started typing out this letter.

The picture is before my grandfather put the orchard in for them and the feed lot went in. It had to be the early '60s that this picture was taken. Before mom let me put in my own flower beds and I went into the woods and dug up what I wanted to plant and tried to graft or cross-pollinate. Before my mom and I had our first and only big fight over Vietnam. I was a pacifist and plant-loving, earth-loving girl, even back then, who drove her dad's old truck long before I was old enough because the sheriff would just know I was Harold's daughter.

I have been nostalgic lately. I think it is because I turn 69 in January and have outlived my parents and two of my brothers. My parents died young. My dad was only 58, so when you are older than your parents were when they died, your brain can overthink things.

At every level I know I have a great life, with two daughters with beautiful families, and I have been truly blessed. But deep in my heart I am still that young pacifist, plant-loving, earth-loving girl who just wants to garden and drive the old truck. The shorter, colder days were always my time to slow down and think about my next chapter, until COVID, and then it was just hurry and scramble and work. This year I am taking time off work to reflect and make decisions about my last chapter. I want to go into the woods, find the plants that only grow there, and try them in my wildflower garden. I want to drive the '72 Cheyenne into "town" with my grandsons to get ice cream. I will never leave LMC or sell it, but it is time for me to enjoy and spend more time with my grandchildren and daughters. Maybe only work 50 hours a week!

Becky

If You Can't Find the Part You Need in this Catalog, Here's What You Should Do:

- Check local SALVAGE YARDS. Even if they do not have a truck like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Don't hesitate to ask them if you may use it.
- Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
- Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

| PART | ILL# | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|------------|----------------|---------------------|------|-----------|
| 29-9700 | (1) CHROME | BUMPER PREMIUM | "A" CHEVY GMC 82-93 | (1) | \$349.95* |

Part Number You Order

-T After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

-R Remanufactured Part - No core charge.

Color Suffixes

-BL Black
-GR Gray
-GN Green
-LL Blue
-OW Off White
-RD Red
-TN Tan

Illustration Reference Number

Product illustrations are for representation purposes only. Products supplied may vary from illustrations.

Description Of Part

Special Note About Part

On the description line of part you see "A", this means there is a special note about this particular part. At the bottom of the section the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Application

Model and year this part fits, i.e. Chevy GMC 1982-93.

Throughout this catalog, the application line of the part number describes which model that particular part will fit. The models this catalog covers are S10 and S15 two wheel drive trucks, T10 and T15 four wheel drive trucks. Because not everyone can identify their truck by these model descriptions, here is an example of what each word and number that appears on the description line stands for:

| | |
|--------------------------------------|-----------------------------|
| CHEVY GMC = Chevrolet Pickup, Blazer | BLAZER = Blazer |
| and GMC Pickup, Jimmy | JIMMY = Jimmy |
| CHEVY = Chevrolet Pickup, Blazer | S = Two wheel drive Pickup |
| GMC = GMC Pickup, Jimmy | T = Four wheel drive Pickup |
| PICKUP = Chevrolet and GMC Pickup | 10 = Chevrolet Pickup |
| CREW CAB = Crew Cab | 15 = GMC Pickup |
| BLZ JIM = Blazer and Jimmy | |

Chassis ID numbers are found in the body and dashboard sections. Chassis numbers will also be found in the heating, brake, electrical and other areas where change points were needed. For Chassis ID Numbers See Pages 9 and 11.

Engine ID numbers are normally found in the engine section; however, they may also be used in other areas of the catalog. For Engine ID Numbers See Pages 8 and 11.

Required Quantity

Quantity required to purchase for one (1) truck, i.e. one (1) Chrome Bumper Premium is required for one truck.

Sell Price

Sell price you pay for one part. All items in this catalog are priced each. "Kit" and "set" normally do one (1) truck; read "REQD" column to be sure.

Oversize Part Charge Applies

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Truck Engine Identification

The 6-cylinder engine numbers are stamped on a pad located on the right hand side of the engine at the rear of the distributor.

Production Option Identification

The service parts identification label, located in the glove box, lists all production options for your vehicle. The options are represented by a three-character code using letters and numbers.

The codes are printed in alphabetical then numeric order. In many instances it will be necessary to refer to this label to identify the correct part to order.

1982-04 Truck Vehicle ID Number (VIN)

The VIN plate is mounted on the driver's side of the instrument panel and is visible through the windshield.

LMC TRUCK is in no way affiliated with the General Motors Corporation nor do we intend to imply that. The names General Motors and Chevrolet are used for reference only.

Applications listed in this catalog are based on original factory information. However, variances will occur due to non-documented substitutions, and changes made during the vehicle's production.

1982-04 S10, S15, Sonoma and 1983-05 Blazer, Jimmy History

- 1982** Chevrolet S10 and GMC S15 are introduced replacing the LUV mini-pickup sourced from Isuzu of Japan. The S-series was a new size, larger than the LUV mini-pickup and smaller than the full size CK pickup. In the first year only two-wheel drive versions were available. Standard equipment included a 1.9L four-cylinder engine, four speed manual transmission, bench seat and dual outside rearview mirrors. Also available as an option was a 2.8L V6 engine.
- 1983** The extended cab pickup was introduced. Also introduced were the forerunners of the compact-SUV, the S10 Blazer and the GMC S15. The Blazer and Jimmy models were available only as 2 door models and featured a drop down tailgate with lift glass window at the rear. All models were available with four-wheel drive as an option and a new 2.0L four-cylinder engine was made available.
- 1984** Overall appearance remained unchanged. Features were expanded to include a new sport suspension for regular cab two-wheel drive pickups and four-wheel drive SUVs could be ordered with an off-road package which included Bilstein shock absorbers, skid plates, tow hooks and bigger tires.
- 1985** The most notable difference from the outside was the change to the fender emblems. The new emblems were bigger with a large red S. Under the hood was a new 2.5L four-cylinder engine with TBI (throttle body injection).
- 1986** Interiors were updated. Changes included new dashboard, door panels and seat trim. Like the 2.5L, the 2.8L engine adopted throttle body fuel injection boosting power from 110 to 125 horsepower. A new emblem that read 2.8L Fuel Injection appeared below the driver's side headlight signifying the change.
- 1987** A serpentine drive belt replaced the multiple standard V-belts on both the 2.5L and 2.8L engines. Although the output remained the same, the 2.5L received a revised intake manifold and cylinder head. Overall appearance remained unchanged.
- 1988** Chevrolet's new 4.3L V6 engine became an option as well as a manually operated factory installed sunroof. The rear seats on Blazer and Jimmy models received shoulder belts for added safety.
- 1989** Now standard on all models were rear wheel anti-lock brake systems. A new electronic instrument cluster was now an option. It included speedometer, tachometer, voltmeter, fuel, oil pressure and engine coolant temperature gauges. Four-wheel drive models with the standard 2.8L engine received a new transfer case designed for smoother operation and reduced road noise. A special version of the truck called the Cameo was introduced. Only 2,198 were produced. Blazer and Jimmy models were offered with an optional rear window wiper and washer combination.
- 1990** The standard instrument cluster was improved and now included voltmeter, engine coolant temperature and oil pressure gauges. Front tow hooks also became standard. The 4.3L engine was standard for all Blazer and Jimmy models as well as all four-wheel drive pickups and was mated to an all-new Hydramatic built five-speed manual transmission with overdrive.
- 1991** The four-door version of the Blazer and Jimmy was introduced with four-wheel anti-lock brakes as standard equipment. Grilles revised to 1-piece design on Chevrolet and GMC models. Chevrolet offered horizontal bar and criss cross pattern grilles on pickups and Blazers, both interchangeable. New emblems and body side moldings were also among the changes. The GMC S15 pickup was renamed Sonoma. A limited edition GMC Sonoma Syclone pickup was offered for one year. 280 HP turbocharged, intercooled, fuel injection, 4.3L Vortec V6 engine, featuring all wheel drive and four wheel anti-lock brakes, the Syclone could do zero to 60 in less than 5 seconds, making it one of the fastest vehicles of any kind on the road.
- 1992** The GMC S15 Jimmy was changed to simply GMC Jimmy. The EL trim level previously available only on two-wheel drive pickups was extended to the four-wheel drive pickups as an entry-level model. A new electronic-shift transfer case was optional for all four-wheel drive models except the EL. A new 4.3L V6 was offered with 200hp, 40 more than the other 4.3L V6. Much like the Syclone of the previous year, a limited edition of the two door GMC Jimmy called the Typhoon was introduced that had a 280hp turbocharged 4.3L V6 and all-wheel drive.
- 1993** The S10 Blazer's name changed to S-Blazer and the S15 Jimmy was changed to Jimmy since larger full-size Jimmy was renamed the Yukon in 1992. A new electronic 4L60-E Hydramatic four speed automatic overdrive transmission was available. A new heavy-duty cooling system with the automatic transmission was introduced. It included an engine cooler as well as a transmission cooler. This was the final year for the GMC Typhoon.
- 1994** The S-Blazer and Jimmy continued mostly unchanged from the previous model year but did receive impact guard beams in the doors and a high-mounted 3rd brake light in the rear for safety. The all-new S-Series trucks were designed for value, performance and comfort. They featured a forward sloping hood, wraparound grille, were 3 wider and had 20% more glass area than previous models. The Chevrolet S10 was available in two trim levels: base and LS, and the GMC Sonoma was available in three: SL, SLS and SLE. A new 2.2L 4cyl engine was standard on two-wheel drive models and the 4.3L that was standard on four-wheel drive models was optional. Rear wheel ABS was standard on 4cyl trucks; 6cyl models received 4-wheel ABS. Optional ZR2 four-wheel drive off-road package featured a 3-inch lift (over regular 4X4s), 3.9 wider stance, 31 tires, fender flares and skid plates. SS package for two-wheel drive models included ZQ8 sport suspension, body colored bumpers and grilles, aluminum wheels and fog lights.
- 1995** The S-Blazer was renamed Blazer, being designated as a compact-SUV since the full-size Blazer was renamed Tahoe. The Blazer and Jimmy were updated and appeared similar to the pickups that underwent redesign the previous year. Driver's side airbag and daytime running lights standard. ZR2 package available on extended cab models. Keyless entry optional. Backlighting was added to power window, lock and mirror switches. All-wheel drive optional on four door Blazer LT and Jimmy SLT models.
- 1996** Driver's side third door optional on extended cab models. Sportside model introduced. 4.3L V6 engines were revised and now identified as 4300 V6, featuring OBD II diagnostics. Brake/transmission shift interlock included with automatic transmissions. 4-wheel ABS was standard on all models. Five speed manual transmission optional on two door Blazer and Jimmy models.
- 1997** Blazer and Jimmy models were available with optional one-piece liftgate with an integral glass hatch. ZR2/High Rider Package now available on two door Blazer and Jimmy models. Rear disc brakes standard on all wheel drive models. A special standard cab short bed electric pickup was introduced for fleet buyers. A power sunroof became available on Blazer and Jimmy models.
- 1998** Styling revision included new front bumper fascia, grille and standard composite headlights. Interior received new instrument panel, seats and floor console. Dual front airbags standard; the passenger side featured a deactivation switch. All models featured Passlock theft deterrence and battery rundown protection. Rear wheel disc brakes standard on two and four-wheel drive Blazer/Jimmys and four-wheel drive pickups. Envoy package available on Jimmy models. Electric pickup dropped.
- 1999** Xtreme model pickup replaced SS package. The two-wheel drive Xtreme was lowered two inches and included ground effects, sport suspension package, monochromatic grille and bumpers. Larger folding rear view mirrors were standard and flash to pass feature was added. Trailblazer package added to Blazer. Autotrac feature added to four-wheel drive Blazer and Jimmy. Autotrac feature allowed automatic engagement of 4WD when wheel slippage was sensed.
- 2000** Base trim level was available on extended cab models. Base and SL trim level was dropped from Blazer and Jimmy. Diamond edition of Jimmy was introduced with quilted seat upholstery and aluminum lower body molding. Vortec 4300 engines received enhancements for smoother, quieter running. Four-wheel drive models received a standard heavy-duty suspension.
- 2001** Four-wheel drive, four-door crew cab introduced with 4.3L V6 and a 55 bed. Crew cabs featured a Z85 increased capacity suspension and factory installed bedliner. Four-wheel drive standard cab models dropped. Xtreme model Blazer offered on two door models only. Last year of production for the Jimmy, replaced by the Envoy.
- 2002** All extended cab pickups included driver's third door. Air conditioning and a tachometer were standard on all models. Crew cabs were now available with leather seats.
- 2003** Sonoma ZRX Street Rider package featured a stepside bed, ZQ8 suspension, bedrails and power sunroof. Heat appearance package for Xtreme models featured front fender and door flame graphics.
- 2004** Pickups available only as a crew cab 4X4 with 4.3L V6 and automatic transmission. S10 and Sonoma trucks were replaced with all new models, the Chevrolet Colorado and GMC Canyon.
- 2005** The Blazer four door is sold primarily to the fleet market leaving only the two-door model for sale to the public. Last year of production for the Blazer, replaced by the TrailBlazer.

Engine Identification - See Pages 8 & 11

Blazer and Jimmy Engine Identification

The 6-cylinder engine numbers are stamped on a pad located on the right hand side of the engine at the rear of the distributor.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-T after a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Hood Lift System

1994-04 Chevy S10 1994-04 GMC S15
1995-05 Chevy Blazer 1995-01 GMC Jimmy

Hood Lift System replaces those unsightly hood springs or prop-rods with modern gas struts made specifically for your truck. Each system features black e-coated struts and black powder-coated hardware. They are backed by a 4-year warranty.

Elite Hood Lift System features all the above but uses 316L Stainless Steel gas struts and comes with a 5-year warranty.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |

Window Deflector ...

Shades Interior and Keeps Rain Out

The aerodynamically designed high-impact Acrylic Window Deflector won't fade or cloud. It allows 25% light transmission to keep the inside of your truck's cab cooler. It's made of a 50/50 blend of Plex DR Acrylic for long lasting construction.

Installation is easy, attaches with 3M™ OE approved tape included with visor, no drilling is required.

Comes with one Window Deflector for each door.

Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

Cowl Induction Steel Hood helps cool the engine for increased airflow and increased performance. The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air. Hoods are made from primed high-quality steel with full inner frame that reuses original factory latch and hinges for an easy bolt-on application and must be painted.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

Movable Anchor Point

38-3239

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl coated and will not rust or scratch the truck's finish. Can be used with "under the rail" style bed liners.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:

1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

| PART | DESCRIPTION | PRICE |
|---------|---------------------------|---------|
| 37-8411 | POR-15 SEMI-GLOSS-1 PINT | \$41.88 |
| 37-8412 | POR-15 SEMI-GLOSS-1 QUART | \$63.89 |
| 37-8408 | POR-15 GLOSS-1 PINT | \$41.88 |
| 37-8409 | POR-15 GLOSS-1 QUART | \$63.89 |
| 37-8418 | DRY TIME ACCELERATOR | \$34.05 |

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1,200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

| PART | DESCRIPTION | PRICE |
|---------|---------------------------|---------|
| 37-8484 | HIGH TEMP PAINT-GRAY 8 OZ | \$25.51 |
| 37-8485 | HIGH TEMP PAINT-ALUM 8 OZ | \$25.51 |

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

| PART | DESCRIPTION | PRICE |
|---------|---------------------|---------|
| 37-8415 | METAL-PREP 1 QUART | \$22.14 |
| 37-8416 | METAL-PREP 1 GALLON | \$44.74 |

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

| PART | DESCRIPTION | PRICE |
|---------|----------------------------|---------|
| 37-8413 | CLEANER DEGREASER 1 QUART | \$14.67 |
| 37-8414 | CLEANER DEGREASER 1 GALLON | \$29.61 |

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

| PART | DESCRIPTION | PRICE |
|---------|-----------------------|---------|
| 37-8401 | SELF ETCH PRIMER-GRAY | \$39.15 |

37-8402

37-8403

37-8404

| PART | DESCRIPTION | PRICE |
|---------|------------------------|---------|
| 37-8402 | TOP COAT-CLEAR | \$28.39 |
| 37-8403 | TOP COAT-GLOSS BLACK | \$28.39 |
| 37-8404 | TOP COAT-CHASSIS BLACK | \$28.39 |

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:

1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

| PART | DESCRIPTION | PRICE |
|---------|--------------------|----------|
| 37-8480 | BED LINER 1 QUART | \$37.94 |
| 37-8481 | BED LINER 1 GALLON | \$142.96 |

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:

1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

| PART | DESCRIPTION | PRICE |
|---------|--------------------------|---------|
| 37-8488 | FUEL TANK SEALER 1 PINT | \$31.44 |
| 37-8489 | FUEL TANK SEALER 1 QUART | \$54.60 |

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process; 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

| PART | DESCRIPTION | PRICE |
|---------|---------------|---------|
| 37-8405 | STOP RUST KIT | \$27.84 |

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-T after a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Tuff Truck Bag

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x50"x22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

Sliding Rear Windows ... Easy Single Hand Access

Sliding Rear Windows are self-latching and the rocker design enables single hand operation to open or close window. Premium pile weatherstripping keeps elements out and provides smooth sliding operation. Contoured frame is designed for a secure fit and won't obstruct rear view. Glass is 1,000°F heat tempered and meets DOT and SAE specifications. Available in dark gray tinted windows.

1982-93 Cab to rear window seal is sold separately, see page 23.

The rear window on 1994-04 trucks is attached with urethane adhesive. Professional installation required. Contact a local glass installer for installation.

Four-panel sliding rear windows feature a black frame design with a 15-3/8" x 11-1/8" opening size.

Three-panel sliding rear windows feature a black frame design with a 13-1/4" x 13-3/4" opening size.

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch-resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Bed Mat Protects Your Truck

Limited Lifetime Warranty

This rugged, virtually indestructible Bed Mat is made with thick cord-reinforced rubber for optimum tear strength and protects the truck's bed against dents, scratches, chemical spills and shifting loads. Mat can be easily installed and removed. Requires minimal maintenance; cleanup is easy with soap and water.

The smooth, raised ribs running lengthwise ease loading and unloading; and the knobby underside promotes aeration and drainage to keep the truck's bed dry. A raised border around the perimeter of the mat improves appearance and definition. This is a custom molded mat with no trimming necessary. Bed Mat does not fit crew cab trucks.

Rail-Guards Provide Protection for Your Truck's Bed Rails

Rail-Guard is made of impact absorbing heavy-duty vinyl to protect your truck's bed rails. No drilling required. The full width 3M™ adhesive over the entire backside ensures maximum holding and means no condensation and dirt under the Rail-Guard. Can be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22 foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6 foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6 foot roll of 3-3/4" material. Must be sized and cut to fit.

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **GOOD**

Body Gap Filler Set

Body Gap Filler Set covers the gap between the frame and the bed of the truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber, each piece measures 33-1/2" long by 4-3/4" wide and must be sized and cut to fit. Drilling is required for installation. Mounting hardware and installation instructions are included.

Front Bumper with Plain Front

1982-93 Chevy S10 1982-93 GMC S15, Sonoma
1983-90 Chevy Blazer 1983-90 GMC Jimmy

1991-1993 Bumper brackets may be welded to frame.

Premium Chrome Bumper

- Bumper is stamped from new tooling using OE-quality steel for strength and durability.
- Bumper is buffed and polished to achieve a smooth defect-free plating surface.
- The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish.
- 5 Year Limited Warranty on rust-through perforations.

Primer Bumper

- Bumpers used by Collision Damage Repair Shops.
- Primer Bumper is finished with an EDP (Electro Deposit Primer) coating that offers a smooth surface for applying your favorite color to match your truck.
- Economically priced replacements for your rusty, dull, scratched and pitted bumper.
- Save money, call or go online and order your bumper today.

Custom Chrome Bumper Lighted

Custom Front Bumpers are stamped from new tooling using OE-quality steel for strength and durability. Bumper is buffed and polished for a smooth defect-free plating surface. The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish. Bumper has a 5 Year Limited Warranty on rust-through perforations. Lights are installed in the bumper, complete with all necessary wiring and installation instructions.

Lights have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion-free. State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives maximum light output from a 3-3/4" diameter light. Lights use a high efficiency halogen 12V 55W replaceable bulb. Fog Lights are OE quality, DOT and SAE approved and are legal for on road use. Lights come with a 3 Year Limited Warranty on light assemblies (excluding bulb). Includes two halogen fog lights, one illuminated rocker switch and one 12 volt relay.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

For More Information on Superwhite Bulb Set - See Page 136

Chrome Rear Step Bumper ... Style and Utility All in One

Chrome Rear Step Bumpers give your truck the ability to tow up to 300 pounds tongue weight and 3,500 pounds trailer weight. These bumpers offer the ease of bolt-on installation, the convenience of a

step and come complete with rear license plate lamps. Do not exceed truck manufacturer's recommended towing capacity.

A Bumper Mounting Kit #29-0050 is required when installing these rear bumpers.

Chrome Rear Step Bumper - Star-Lite

This Chrome Rear Star-Lite Step Bumper has a diamond tread on top for sure footing when bumper is used as a step. The internal mounted Backup Lights look great and make it safer to back up truck by illuminating a larger area, making it easier to see hazards.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|------------------------------|--------------|------|-----------|
| 29-5287 | CHROME STEP BUMPER-STAR-LITE | PICKUP 83-93 | (1) | \$299.95* |
| 29-0050 | BUMPER MOUNTING KIT | PICKUP 83-93 | (1) | \$29.95 |

Replacement Backup Light

Lights can be easily spliced into the existing backup light wires so they will come on each time you shift into reverse. The additional light is excellent for hooking up trailers or boats in the dark since they are located closer to the hitch area.

However, in some cases factory wiring may not transfer enough power to properly illuminate the lights. For full illumination install a Backup Light Wiring Kit (sold separately #36-0735), see below.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|---------------------------------|--------------------|------|--------|
| 36-4416 | REPLACEMENT BACKUP LIGHT-W/LENS | | (2) | \$9.95 |
| 36-4206 | REPLACEMENT LENS | FITS 36-4416 LIGHT | (2) | \$2.45 |
| 36-0227 | REPLACEMENT BULB-CLEAR | FITS 36-4416 LIGHT | (2) | \$1.25 |

Backup Light Wiring Kit

The wiring kit includes a separate switch, enabling you to turn the lights on and off, eliminating the need and danger of having to leave the vehicle in reverse to utilize the lights.

Backup Wiring Kit #36-0735 Includes:

- Illuminated rocker switch
- 30 amp relay
- 15 amp in-line fuse
- Connectors
- Wires

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |

Flexy-Flares™ ... To Cover Those Wide Tires

Flexy-Flares™ provide protection from mud, dirt, gravel and salt and are a necessity in many states where wide tires must be covered by a fender. Constructed from EDPM synthetic rubber, they won't crack, peel or droop in extreme temperatures. These heavy-duty flares use a wire insert on outer edge for extra strength and added rigidity, and the built-in curvature allows the flare to fit the fenderwell without wrinkles or buckling. Flexy-Flares™ come with complete hardware packs for easy installation. Set of 4

Windshield and Rear Window Installation Tips:

1. Fit your new window rubber to your window opening first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

-T after a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

SHADE Window has a full light green tint with a dark band at the top of glass.

GREEN TINT Window has a full light green tint to glass.

DEEP TINT Window has full dark gray tint to glass.

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

| PART | DESCRIPTION | PRICE |
|---------|---------------------------|--------|
| 38-0783 | GLASS SEALANT 1.5 OZ TUBE | \$5.95 |

Glass Tools

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

| PART | DESCRIPTION | PRICE |
|---------|------------------|--------|
| 38-0796 | WINDSHIELD STICK | \$1.25 |

Rope-In Tool inserts 1/4" diameter nylon rope through its stem and seats it in the groove of the seal as it is pulled around the perimeter of the seal. With the glass properly positioned on the vehicle, simply pull the rope and the seal then pops over the pinchweld to hold the glass firmly in place. Includes enough rope to fit around even the largest truck windows.

| PART | DESCRIPTION | PRICE |
|---------|--------------|---------|
| 38-0762 | ROPE-IN TOOL | \$12.95 |

Hook Tool helps remove and install rubber mounted glass. The tool has an angled end for easier fitting of the glass inside the rubber seal. Features a round steel ball on the tip to protect against damage to the rubber seal, glass and painted surfaces.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0763 | HOO K TOOL | \$8.95 |

Windshield Removal Tool

Cuts the adhesive compound used to attach windshields. Features tempered steel blade with knurled handles for extra grip and leverage.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-------------------------|-----------------|------|---------|
| 38-0732 | WINDSHIELD REMOVAL TOOL | CHEVY GMC 82-04 | (1) | \$20.95 |

Double Black Film Kit

Easy-to-install Double Black Film Kit with self-adhesive backing measures 20" x 60", makes glass more shatter resistant and offers maximum protection from the sun while only allowing a 5% light transmission.

Check state and local laws before ordering.

| PART | DESCRIPTION | APPLICATION | PRICE |
|---------|------------------------------|----------------|--------|
| 38-0270 | DOUBLE BLACK WINDOW FILM KIT | 20" X 60" ROLL | \$7.95 |

Windshield and Components

- 1994-04 Chevy S10 1994-04 GMC Sonoma
1995-05 Chevy Blazer 1995-01 GMC Jimmy

There were two different designs used for the band at the top of the windshield.

1st Design: Blue band at the top of the glass.

2nd Design: Dot matrix pattern at the top of the glass.

The windshield on 1994-04 trucks is attached with urethane adhesive. Professional installation is required. Contact your local glass installer for installation.

Door Edge Peep Mirror

A Chrome Door Edge 4" Peep Mirror adds style and extra rear visibility to your truck. Attaches to the left or right side of the outer edge on the door window frame. A Chrome Convex 4" Peep Mirror provides a wider field of view than flat mirrors. A Chrome Peep Mirror Extension is available separately and adds 1-1/2" of length to the mirror arm for increased visibility. Reduce glare with a stainless steel 4" Peep Mirror Visor; sold separately.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |

Door Window Glass Holder

Door Window Glass Holder supports the glass while you work on the window regulator. It works on all trucks with a top door frame. Simply loop cable over door frame and attach suction cups to each side of glass. The glass is then securely held above the door while your work is performed.

| PART | DESCRIPTION | PRICE |

Note: "A" Color will vary. May be painted to match the color of your interior.

After installing new window rubber components window movement may be noticeably stiffer until the new rubber components are broken in.

Hinge Replacement: Original door hinges were welded on from the factory. Installation of Hinge Replacement Kits requires drilling and removal of original welds.

Console Lid and Repair Kit

1994-04 Chevy S10 1994-04 GMC Sonoma
1995-05 Chevy Blazer 1995-01 GMC Jimmy

This Console Lid Repair Kit is an economical way to repair the damaged or broken console in your 1994-05 S10/Blazer/Jimmy armrest. Made from 16-gauge steel and includes all necessary hardware for an easy installation. Fits 60/40 split bench armrest only.

Sun Visor Sets

1982-93 Chevy S10
1983-94 Chevy Blazer

1982-93 GMC S15, Sonoma
1983-94 GMC Jimmy

29-8902

Sun Visor Installation Tip: If your sun visor is loose on the rod and won't stay in the up position, bend the rod slightly to tighten the sun visor on the rod.

These Reproduction Sun Visors are designed like the originals, right down to the evenly stitched bindings and metal tips. They are covered with original type foam backed cloth material in original type colors.

Sun Visor Sets fit models without factory illuminated vanity mirror.

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today!

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0759 Weatherstrip Adhesive to easily install Insulation Material.

| PART | DESCRIPTION | APPLICATION | PRICE |

| 38-0798 | SPRAY ADHESIVE | 10.5 OUNCE CAN | \$8.95 |

Sound Control Mat

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

| PART | DESCRIPTION | APPLICATION | PRICE |

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

Shiftrod Holes
are Not Pre-cut

29-8715

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

Molded Carpet ... Fits and Looks Like Original

1982-03 Chevy S10 1982-03 GMC S15, Sonoma
1983-02 Chevy Blazer 1983-01 GMC Jimmy

Cut pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

Floor Liners ... Tough and Durable Protection for Your Truck

Front Floor
Liners

Floor Liners protect your truck's carpet from water, snow, mud and most chemicals. Molded for an exact fit from a patented rubberized thermo-plastic material, guaranteed not to crack or break. Raised outer rim traps up to 2 gallons of liquid. Driver's side mat is equipped with an extra thick heel pad to offer heel protection and guard against wear in this high use area. Floor mats conform to the shape of your vehicle's floor and have an anti-slip back. Cleanup is easy, just wipe up small areas with a cloth or remove the mat and hose it off.

Heavy-Duty Floor Mats ... Easy to Clean

Front Floor Mats

Rear Floor Mats

Heavy-Duty Floor Mats are easy to clean and guaranteed not to crack or break. The 3/8" tall ridges keep shoes and pant cuffs above the moisture and debris. The raised outer rim traps water, mud, snow and other debris giving year-round carpet protection. Extra-thick heel pad on the driver's side is designed to offer heel protection and longevity in this high-wear area. Available in black only.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

These Dash Covers are made from durable ABS plastic and vacuum molded for a perfect fit. Will not crack under extreme temperatures. They are designed to install quickly over your existing dash without use of special tools. Adhesive is included.

Dash Protector ... Prevents Fading and Cracking

Dash Protector eliminates dash replacement and provides preventative care for the undamaged dash. Made from soft, velvety velour that has special UV inhibitors to block the sun and resist shrinking and fading. They are custom cut to fit your dash, and have pre-cut allowances for defrost vents, which makes installation easy using self-adhesive Velcro tabs.

Full Range Speaker Set

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4 ohms impedance. Acoustic batting is

used to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

8" Powered Subwoofer

1-Year Warranty

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

\$20.95
each

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics
- Carpet
- Cloth Upholstery

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

37-8396
12 oz Can
\$20.95

ColorBond Satin Clear Coat provides a protective finish that won't wash off. Protects against fading, cracking and heat deterioration.

37-8395
12 oz Can
\$20.95

ColorBond Adhesion Promoter is required for the use of ColorBond on materials such as Polypropylene, Thermoplastic Elastomer, Polyolefin, Fiberglass and metal.

Prep/Cleaner

37-8399
12 oz Can
\$13.95

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

Exterior Trim Paint

37-8361
Satin Black
\$21.45

ColorBond Exterior Trim Paint has all the innovative features of ColorBond Interior Paint but is specially formulated to provide a stronger, more durable bond for exterior trim use. Exterior Trim Paint delivers a superior finish to exterior trim plastics and painted metal trim including: bumpers, mirrors, fender flares, wiper arms and window trim. Each 12 ounce can covers 6 square feet. Use ColorBond Adhesion Promoter #37-8395 prior to application for a long-lasting finish.

37-8362
Silver
\$21.45

Spitshine Tire Black and Silver Rally Wheel Paint ... Bring Back the Shine

Before

After

37-8370
\$21.45

37-8365
\$21.45

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

ColorBond Rally Wheel Paint is a specially formulated acrylic lacquer that provides a brilliant silver finish to the original rally wheels and withstands temperatures up to 250°F. Each 12 ounce can covers 6 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

Black Underhood Paint

Before

After

37-8367
Black
\$20.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

Highliner with Built-In Speakers ... For a Stereo System Above the Rest

Match the Color of Your Interior with ColorBond
See Page 82

Highliner uses four built-in, uniquely placed speakers which guarantee true stereo separation as well as less distortion and ensures clarity at lower volume levels by neutralizing the echo effect found in most pickups. Radio console is designed to accept optional aftermarket stereo cassette players, CD players or CB radios.

Highliner is manufactured from high-impact, leather-grained, black ABS plastic and can be painted to match the color of the interior. It installs easily and includes four 4" air suspension speakers with a 5.8 ounce magnet, which handles up to 10 watts of power. Features high-temperature resistant voice coils and comes with foam speaker baffle and suppression pads, antenna extension cable, bezel plate, installation hardware and instructions.

ABS Plastic Headliners ... The Long-Term Solution to Sagging Headliners

1982-03 Chevy S10 1982-03 GMC S15, Sonoma
1983-94 Chevy Blazer 1983-94 GMC Jimmy

- Easy Installation
- No Special Tools
- Instructions Included

The original headliners are made of pressed foam board. Over time the headlining material separates from the foam board and falls down with the foam board usually deteriorated beyond repair. These ABS plastic-backed headliners are a simple, cost-effective, long-term solution to this problem.

Headliners are vacuum-formed ABS plastic covered with foam-backed cloth materials in colors that fit and function as original.

Fuel Pump Control Module

Updating your truck to an electric fuel pump? Wiring the pump to an on-off switch or to a simple ignition switched source isn't the best idea. If an accident occurs, your pump would run as long as the switch is active. With the Fuel Pump Control Module, when the key is turned, the fuel pump turns on to prime the system in a three-second cycle, just like modern vehicles. Then the module uses the tach signal so the pump only runs when engine is running, giving you quicker start-ups and improved operating safety.

| PART | DESCRIPTION | PRICE |
|---------|--------------------------|---------|
| 36-0906 | FUEL PUMP CONTROL MODULE | \$62.95 |

AC and Fuel Line Disconnect Tool Set

Disconnects Air Conditioning and Quick-Connect Fuel Lines.

This handy Disconnect Tool Set disconnects the spring lock couplings on air conditioning lines, and fuel line quick connect couplings.

Easy to use in confined spaces. Set includes six sizes: 5/16", 3/8", 1/2", 5/8", 3/4" and 7/8".

| PART | DESCRIPTION | PRICE |
|---------|----------------------------------|--------|
| 38-1373 | AC-FUEL LINE DISCONNECT TOOL SET | \$9.95 |

Polyurethane Leaf Spring Bushings

The combination of heavy-duty Leaf Springs and Polyurethane Spring Bushings allows proper suspension function in takeoff, cornering, braking and bumps. Does not fit models with 2.5" Front Spring Eye.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|------------------------------|---------------|------|---------|
| 29-5255 | BUSHING SET-REAR LEAF SPRING | PICKUP 82-04 | (1) | \$66.24 |
| 29-5255 | BUSHING SET-REAR LEAF SPRING | BLZ JIM 83-05 | (1) | \$66.24 |

Body Lift Kit ... Makes Room for Larger Tires**29-6530**

A Body Lift spaces the body away from the frame to make room for larger tires without altering the suspension.

Body Lift Kit includes reinforced nylon spacers, compression tested to 50,000 psi and plated grade 5 hardware.

Since the stock suspension is not affected, and larger tires are normally part of the plan, new shocks are recommended.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|------------------|----------------|-----------|----------|
| 29-6500 | 3" BODY LIFT KIT | STD CAB PICKUP | 82-93 (1) | \$152.00 |
| 29-6501 | 3" BODY LIFT KIT | EXT CAB PICKUP | 83-93 (1) | \$152.00 |
| 29-6530 | 3" BODY LIFT KIT | BLZ JIM | 83-94 (1) | \$152.00 |
| 29-6531 | 2" BODY LIFT KIT | BLZ JIM | 95-97 (1) | \$192.00 |

Read This: Installation of a body lift will change the center of gravity and the handling characteristics of the vehicle. Because of the higher center of gravity and larger tires, the vehicle will handle and react differently both on and off road. You must drive it safely! Extreme care must be taken to prevent vehicle rollover or loss of control, which could result in serious injury or death. Avoid sudden sharp turns or abrupt maneuvers and always make sure all vehicle occupants have their seat belts fastened.

Drop Spindle Sets

Drop Spindles are the best way to lower the front of a truck without changing or affecting other components. Original ride quality and suspension geometry are maintained.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-----------------------|-------------|-----------|----------|
| 29-5976 | DROP SPINDLE SET - 2" | 2WD PICKUP | 82-03 (1) | \$224.95 |

| 29-5980 | DROP COIL SPRING SET - 2" | 2WD BLZ JIM | 83-98 (1) | \$129.95 |
| 29-5981 | DROP COIL SPRING SET - 3" | 2WD BLZ JIM | 83-98 (1) | \$129.95 |

Lowering Block Kits**29-5996**

For those on a budget, Lowering Block Kits are the quickest and most economical way to lower the rear of your truck. Use just the Lowering Block Kit for 2" or 3" drop, or lower it further by combining the Block Kit with a Drop Leaf Spring Set. For an alternative way to lower the rear of your truck, see the Drop Leaf Springs below.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-------------------------|-------------|-----------|---------|
| 29-5996 | LOWERING BLOCK KIT - 2" | 2WD PICKUP | 82-03 (1) | \$49.95 |
| 29-5997 | LOWERING BLOCK KIT - 3" | 2WD PICKUP | 82-03 (1) | \$51.95 |
| 29-5996 | LOWERING BLOCK KIT - 2" | 2WD BLZ JIM | 83-98 (1) | \$49.95 |
| 29-5997 | LOWERING BLOCK KIT - 3" | 2WD BLZ JIM | 83-98 (1) | \$51.95 |

Drop Leaf Spring Set**29-5994**

Drop Leaf Springs are the best way to lower the rear of your truck. Use just Drop Springs to lower the rear of your truck 3", or combine with Lowering Block Kits for an even lower ride. For an alternative way to lower the rear of your truck, see the Lowering Block Kits above. Drop leaf springs require shorter rear drop shocks, sold separately.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|---------------------------|-------------|-----------|----------|
| 29-5994 | DROP LEAF SPRING SET - 3" | 2WD PICKUP | 82-03 (1) | \$319.95 |
| 29-5994 | DROP LEAF SPRING SET - 3" | 2WD BLZ JIM | 83-98 (1) | \$319.95 |

3 Ways to Lower Your Truck

Factory Truck Stance

Drop is based on the original factory ride height as measured from the top of the wheel arch to the ground. Original ride height is approximately 2" higher in the rear. The stance (difference in height between the front and the rear) is not affected when you lower the front and rear an equal amount. To make your truck look level you need to lower the rear approximately 2" more than the front.

LOWER - Lower your truck with shorter Drop Coil Springs in the front and Lowering Blocks in the rear. Use Lowering Blocks that are 2" shorter than the front drop to level out your truck.

DROP - Drop the front of your truck with Drop Spindles and the rear with Lowering Blocks or Leaf Springs. Drop Spindles are the best way to lower your truck because they do not affect other suspension components. Original front suspension geometry and ride quality are maintained.

SLAM - Combine Drop Spindles and Drop Springs to slam the front of your truck, and combine Lowering Blocks and Drop Leaf Springs to slam the rear. We have the parts you need to slam your truck for a great look and a smooth ride. Take your truck to the maximum "lowness".

Drop Chart

Use this chart to order the parts you need for the desired drop.

| Year | Front/Rear Drop | Spindle Set | Front Springs | Lowering Blocks | Rear Springs | Rear Shocks |
|--|-----------------|-------------|---------------|-----------------|--------------|-------------|
| Pickup 82-03 Standard Cab 2WD | 1" / 2" | | 29-5980 | 29-5996 | | |

Urethane Frame Bushing Set

Set includes heavy-duty brackets and urethane bushings that reduce "give" compared to rubber bushings. Applicable to almost all sway bars that attach with standard style frame bushings and brackets.

| PART | DESCRIPTION | APPLICATION | PRICE |
|-----------|----------------------------|-----------------|---------|
| 34-0122 | URETHANE FRAME BUSHING SET | 7/8" SET OF 2 | \$23.10 |
| 48-2240-C | URETHANE FRAME BUSHING SET | 1" SET OF 2 | \$18.95 |
| 34-0124 | URETHANE FRAME BUSHING SET | 1-1/8" SET OF 2 | \$21.95 |

Urethane End Link Bushing Set

Set is a replacement for end link style bushings. These non-compressing bushings allow sway bars to exert maximum control and do not collapse like normal rubber bushings.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-------------------------------|-------------|------|---------|
| 34-0120 | URETHANE END LINK BUSHING SET | SET OF 8 | (1) | \$10.95 |

Front Differential Carrier Bushings

Polyurethane Front Differential Carrier Bushings reduce the deflection experienced with rubber bushings creating breakage and causing damage. These mounts are also impervious to all under truck contaminants.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|------------------------------|-------------------|------|---------|
| 29-5275 | BUSHING SET-FRT DIFFERENTIAL | 4WD PICKUP 83-93 | (1) | \$23.95 |
| 29-5275 | BUSHING SET-FRT DIFFERENTIAL | 4WD BLZ JIM 83-94 | (1) | \$23.95 |

Polyurethane Control Arm Bushings

Front Control Arm Bushings are a must for increased control on cornering. Bushings come complete with plated outer shells and are pre-lubricated with a synthetic teflon compound that inhibits squeaks.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|-------------------------|-----------------------|------|---------|
| 29-5250 | BUSHING SET-CONTROL ARM | 2WD PICKUP 82-03 | (1) | \$88.95 |
| 29-5251 | BUSHING SET-CONTROL ARM | "A" 4WD PICKUP 83-04 | (1) | \$59.45 |
| 29-5250 | BUSHING SET-CONTROL ARM | 2WD BLZ JIM 83-05 | (1) | \$88.95 |
| 29-5251 | BUSHING SET-CONTROL ARM | "A" 4WD BLZ JIM 83-05 | (1) | \$59.45 |

Note: "A" You must reuse existing outer shells on upper bushings.

Polyurethane Sway Bar Bushing Set

OD = Outer Diameter

Polyurethane Sway Bar Bushings provide one of the best improvements in your truck's handling without upscaling your stabilizer bar.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|-------------------|-------------------|----------------------|-----------|---------|
| 2WD Models | | | | |

Steering Controls - 4 Wheel Drive

1983-04 Chevy S10 1983-04 GMC S15, Sonoma
1983-05 Chevy Blazer 1983-01 GMC Jimmy

A Steering Stabilizer Kit is basically a horizontal shock absorber that helps to stabilize the steering system. The kit not only helps to stabilize the steering, but can also help in the prevention of "Bump Steer", when the steering wheel jerks suddenly as a result of hitting a pothole or object in your path. These kits will also help to reduce normal wear on vital suspension pieces, and make tires last longer. This kit is especially helpful for trucks whose original equipment tires have been replaced by larger or wider ones.

Stainless Steel Brake Hose Sets

Stainless Steel Brake Hoses feature stainless steel braided hose with factory assembled, zinc-plated fittings. These hoses increase braking performance and reduce pedal travel by eliminating hose expansion common to rubber hoses. Each set comes with all necessary hardware and fittings.

For 1991 there are two types of designs used to attach brake hoses to the frame. Check your truck's current hoses before ordering to ensure you order the correct hoses.

1st Design: Hose screws to frame.

2nd Design: Hose clips to frame.

NotchHead Line Clamps

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

Disc Brake Proportion Valve

1982-97 Chevy S10 1982-97 GMC S15, Sonoma
1983-97 Chevy Blazer 1983-97 GMC Jimmy

The Proportion Valve helps prevent premature rear wheel slide by limiting the amount of increase in hydraulic pressure passed to the rear brakes. This prevents the rear brakes from locking up before the full effective braking effort is produced by the front disc brakes.

PERFECT TORC Transmission Controller

The PERFECT TORC Transmission Controller is the stand-alone electronic transmission control unit you've been waiting for. Installation and initial setup is easy, and the controller is supplied with base calibrations for your transmission type, so you can be up and running immediately after installation. The PERFECT TORC Transmission Controller can be tuned using the provided calibration software and a Windows-based laptop, and basic tuning options are available without ever plugging into a laptop. With a digital display, two separate shift tables, and the ability to perform on-the-fly calibrations, the ultra-reliable and vibration-resistant controller supports paddle and simple push button shifting. The system is designed to work seamlessly with GM 4L60/65E and 4L80/85E transmissions on fuel-injected, carbureted, and diesel engines.

Note: GM 4L60E transmission must be 1996 or newer. GM 4L80E transmissions must be 1995 or newer.

Switch-Ball™ Set

37-7433

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress

away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |

Front Differential Cable Lock Kit ... Not Just an Accessory, a Necessity

Works like hubs with full control from inside the cab without stopping, in any temperature. Positive manual control not prone to failure like the OE vacuum operated system. Reduces front differential wear and right axle breakage. Will not disengage when ignition is turned off (like the OE design). Two-wheel drive low range benefits from bind-free steering AND high rear axle torque. The failure-prone vacuum actuator operated system is replaced with the cable operated Differential Lock Kit.

Easily installed in one to two hours with basic hand tools. No internal axle or differential work required.

Flo-Tek Aluminum Performance Cylinder Heads

38-4564

With Flo-Tek Aluminum Cylinder Heads, you no longer have to choose between performance, quality and price. Out of the box, these heads deliver exceptional flow numbers – power ideal for the street and strip. Cylinder heads include phosphorous bronze valve guides, high-quality valves with high-nickel valve seats, and premium springs. Heads are drilled and tapped for accessories.

Flo-Tek premium alloy castings are inspected and assembled in the USA.

Note: Chevy small block heads are a straight plug design and tapped for use on valve covers with either center bolt or perimeter bolt pattern.

Edelbrock Aluminum Performance Intake Manifolds

PERFORMER RPM: A dual-plane, high-rise manifold designed with a 180° firing order produces incredible top-end horsepower while retaining great throttle response. Their larger plenums and runners match high-lift cams, free flowing exhausts and other modifications of a performance engine. Great for street or strip.

RPM AIR-GAP: The RPM Air-Gap offers the same proven qualities of the Performer RPM but with the addition of Edelbrock's patented Air-Gap. The Air-Gap design features an open air space that separates the runners from the hot engine oil for a cooler, denser charge for more power.

LS Swap Exhaust Manifolds

These cast iron LS Swap Exhaust Manifolds are available in a black painted finish. The low-profile design allows much easier fitment than conventional tubular swap headers, while retaining the ability to support up to 500 horsepower. Exhaust Manifolds come complete with cylinder head to manifold gaskets and exhaust flanges.

Will not fit LS7, LS9 or aftermarket LSX454 engines.

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

One of the more challenging aspects of an engine swap is engine mounting. Worry no more. The LS Engine Mount Plates are designed to eliminate a lot of the guesswork of component selection when installing a Chevy LS1/LS6 or Vortec 4.8/5.3/6.0L V8 engine into your 2WD truck.

The LS engine mounts are available in two variations: the LS Mount Plate Set is designed to use your existing motor mount pads and the LS Mount Kit includes new engine mount pads, plates and installation hardware.

Stand-Alone LS / Vortec Swap Engine Harnesses

W/O Trans means without electronic transmission or with manual transmission.

Simplify your 4.8, 5.3, 5.7 or 6.0L swap with a new Stand Alone LS Swap Wiring Harness from BP Automotive. Eliminates hours spent sorting through a used wiring harness or tracking down components to build your own harness.

Every BP harness is color coded to factory colors and includes labeled factory-style connectors, convoluted tubing, firewall grommet and heat wrap where needed. After making a few simple chassis connections, it's truly as easy as laying out the harness and plugging it in. Harnesses do not have provisions for EGR, A.I.R. EVAP or rear O2 sensors.

LS1 Swap Harnesses are optimized for a 5.7 LS1 engine, with LS1 intake manifold and engine accessories.

Vortec Swap Harnesses are optimized for a 4.8-6.0 engine, with truck intake manifold and engine accessories.

Cat-Back Performance Dual Exhaust System with Resonator Tips

Cat-Back Exhaust Systems have a straight-through design that reduces back pressure for more low-end torque, increased horsepower and better fuel economy. Replaces the stock exhaust system from the catalytic converter back. Manufactured from 16-gauge, mandrel bent aluminized steel, increasing flow up to 20% more than stock. Exhaust systems have 3-1/2" diameter resonator tips that replace the original muffler. Easy bolt-on installation, no welding required. Hangers, fasteners and steel clamps are included. Exhaust exits the rear of truck.

Replacement Resonator Tips

The 3-1/2" diameter resonator tips replace the original muffler and give your truck that deep performance tone without being too loud. Available in stainless steel angle tip or black powder coat blunt tip.

Front extensions for 4 cylinder and 6 cylinder trucks are included. You will need to cut the exhaust pipe after the catalytic converter to mount this system.

29-1902

Cat-Back Exhaust Systems have resonator tips that replace the original muffler and are 50 state emissions legal.

Available in black powder coat blunt tips or stainless steel angle tips.

Cat-Back Single Exhaust Systems

Cat-Back Exhaust Systems have a straight-through design that reduces back pressure for more low-end torque, increased horsepower and better fuel economy. Replaces the stock muffler and exhaust, allows increased performance and maintains the catalytic converter.

Manufactured from 16-gauge, mandrel bent aluminized steel which lasts longer than conventional steel systems, increasing flow up to 20% more than stock.

Systems attach to the stock converter exit pipe for a clean and simple installation and fit both longbed and shortbed trucks. Existing pipe to the appropriate length must be cut. Easy bolt-on installation; no welding required. Hangers, fasteners and steel clamps are included.

#29-1905 and #29-1906 are single 3" exhaust with 3" turbo muffler.

Stock type exit location with a mandrel-bent aluminized tail pipe.

Replacement Catalytic Converter

1988-93 Chevy S10 1988-93 GMC S15, Sonoma
1988-93 Chevy Blazer 1988-93 GMC Jimmy

Limited Manufacturer's Warranty

In August 1986 the U.S. Environmental Protection Agency issued strict new guidelines regulating aftermarket Catalytic Converters. Our Replacement Catalytic Converters are designed and manufactured to meet EPA emission requirements. With many states getting more stringent with their emission testing, we are pleased to be able to offer you a reasonably priced, proven and tested product that is legal for road use in 49 states and Canada. Replacement converters are not legal for sale or use in California.

V8 Engine Swap Components ... Muscle for Your Mini-Truck

1982-03 Chevy S10 1982-03 GMC S15, Sonoma
1983-03 Chevy Blazer 1983-01 GMC Jimmy

Two of the more challenging aspects of an engine swap are engine mounting and exhaust routing. Worry no more mini-truck owners! The V8 Engine Mount Kit and the Hedman Engine Swap Headers are designed to work together, eliminating a lot of the guesswork of component selection.

The V8 Engine Mount Kit includes new engine mount pads, brackets, hardware and instructions to allow installation of a 1955-01 262-400 cubic inch small block Chevrolet V8 engine into your mini-truck.

Hedman Engine Swap Headers are a shorty design that allows for easier installation and increased clearance versus long tube headers. They feature 1-1/2" diameter primary tubes that flow into a 2-1/2" diameter collector. The black painted headers are constructed of 18 gauge steel tubing and feature 1/4" thick flanges. Headers are supplied complete with all bolts, nuts, collectors, gaskets and installation instructions. Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

Note: "A" Without A.I.R. (Air Injection Reactor).
"B" Not for use with angle plug cylinder heads.

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50-foot rolls of 1" or 2" widths. Two 50-foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap

securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

| PART | DESCRIPTION | PRICE |

| 30-1794 | CABLE TIE-SS 14-1/2" | \$3.95 |

Thermal Spark Plug Boot Sleeve Set

Thermal Spark Plug Boot Sleeves provide thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from temperatures up to 1,200°F. Call or go online and order yours today!

Rubber Vacuum Caps

These Rubber Vacuum Caps are great for blocking off unused vacuum ports and lines, to prevent leaks and poor engine performance. Excellent for capping lines and hoses while testing carburetors, emission control systems, vacuum lines and more.

Caps are made from durable heat-resistant black rubber. Assortment contains one each of the following sizes: 5/32", 7/32", 5/16", 3/8" and two each of 3/16" and 1/4".

| PART | DESCRIPTION | REQD | PRICE |

Retro Air Cleaner

Retro Air Cleaner gives a classic styling look with improved air filtration technology. Air cleaner top is made from heavy-gauge steel and powder coated in a black semi-gloss finish. Fits any 5-1/8" diameter carburetor neck and is notched at the rear to provide clearance for HEI distributors. A "rocket" wing nut, carburetor stud, paper filter element and decal are included. Available in two sizes.

Small: 15-1/2" wide; 12" x 3-7/16" tall element

Large: 18-1/4" wide; 14" x 4" tall element

Throttle Body Spacer

Improve performance and fuel economy ... The Throttle Body Spacer causes the fuel to travel further, which improves fuel dispersion making it easier for the fuel to ignite and burn thoroughly. Receive increased throttle response, a 10-15% improvement in torque and gas mileage increase of up to 8%. Easily installs between intake manifold and throttle body injection unit. Will not affect computer function.

Fuel Line Extension Set lengthens the fuel lines and is recommended for easier installation of throttle body spacers.

JET Adjustable Fuel Pressure Regulator Kit

38-1937

The JET Performance Adjustable Fuel Pressure Regulator Kit is a direct replacement for the factory unit and contains a billet adjustable fuel pressure regulator with a steel insert on the adjuster to prevent stripped threads. Includes all necessary gaskets and a heavy-duty replacement diaphragm. The fuel pressure regulator kit allows for precise tuning of fuel pressure to accompany other performance modifications such as performance air filters, air intake kits, exhaust system modifications, throttle body spacers, performance camshafts and intake manifold upgrades, etc. Restores lost performance due to a worn out stock regulator. Kit reuses factory spring.

| 38-1937 | ADJ FUEL PRESSURE REGULATOR KIT | W/TBI 4.3L 88-95 | (1) | \$134.96 |

Powr-Flo Throttle Body Spacer

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore engineered to increase velocity of airflow into intake manifold. This allows more air to reach combustion chamber for denser air charge and increase in fuel efficiency. The result is improved throttle response and power gains in mid-range and upper rpm operating ranges. Includes gaskets, hardware and instructions for a simple, bolt-on installation with no other vehicle modifications required.

1982-93 GMC S15, Sonoma
1983-94 GMC Jimmy

29-4766

38-4896

38-4894

38-4895

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894 Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

Dual Electric Cooling Fan Assembly ... For Improved Cooling, Fuel Economy and Power

38-4889

Dual Electric Cooling Fan Assembly provides increased horsepower and improved MPG. Electric fans provide increased cooling at idle when needed most and eliminate the draw of a mechanical engine-driven fan. Increased airflow across A/C condenser gives cooler, more consistent A/C temperatures at low engine speeds.

| Part # | Size | Motor | CFM | Amp Draw |
|---------|----------------------|--------------|------|----------|
| 38-4889 | 26"W X 15"H X 3.23"D | 2 X 130 watt | 2310 | 14.4 |

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Air Conditioning Components

1982-93 Chevy S10

1982-93 GMC S15, Sonoma

1983-94 Chevy Blazer

1983-94 GMC Jimmy

**Tech
Tip**

A seized AC compressor renders your vehicle inoperable. Alleviate untimely and expensive air conditioning repair bills with an A/C bypass pulley. Remove A/C compressor, install A/C bypass pulley and original size belt and then you are back on the road.

4.3 Liter Condenser Note:
There were two different designs for the 4.3L engine air conditioning condenser:

1st Design: Inlet tube points upward.

2nd Design: Inlet tube points straight backward.

Blower Motor/Fan Note: Replacement blower motors and fans are "Bolt-on" type; the fan is attached to the motor shaft with a nut. Many of the original GM fans and motors were a "Press-on" type and cannot be used with "Bolt-on" fans and motors, both the motor and fan must be replaced if your original configuration was "Press-on". (All replacement motor shafts are 5/16" diameter.)

W/AC = With Air Conditioning
W/O AC = Without Air Conditioning

Battery Tap Accessory Circuit Kit

Battery Tap is an easy and reliable way to make direct connections at the battery with up to three new additional circuits. Designed to fit positive and/or negative battery terminals. Kit contains one tap and three crimp connectors. The Battery Tap can be stacked to provide additional connection points or can be attached to vehicle frame for additional grounding points.

36-0846

36-0847

| PART | DESCRIPTION | PRICE |
|---------|----------------------------|--------|
| 36-0846 | BATTERY TAP KIT-SIDE MOUNT | \$5.95 |
| 36-0847 | BATTERY TAP KIT-TOP POST | \$6.95 |

Ground Straps

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

| PART | DESCRIPTION | RECD | PRICE |
|---------|----------------------------------|------|--------|
| 36-2592 | GROUND STRAP-8" ENGINE TO FRAME | (1) | \$5.95 |
| 36-2594 | GROUND STRAP-12" ENGINE TO FRAME | (1) | \$6.95 |

Battery Disconnect Switches

Battery Disconnect Switches are easy to install and stop battery drain and reduce the risk of fire while your vehicle is parked. With key or knob style disconnects, the key or knob can be totally removed as an additional deterrent against vehicle theft. A 15-amp Bypass Fuse is available to maintain memory on your radio, clock, etc., while your battery is disconnected.

| PART | DESCRIPTION | APPLICATION | RECD | PRICE |

Heated Windshield Washer Kit

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

| PART | DESCRIPTION | REQD | PRICE |
|---------|------------------------------|------|----------|
| 36-4085 | HEATED WINDSHIELD WASHER KIT | (1) | \$105.95 |

Universal Windshield Washer Kit

Universal Windshield Washer Kit includes everything needed to replace worn or broken windshield washer system and adapts to any 12V vehicle. Washer bottle holds 1.5L of fluid and fluid levels can easily be read without removing the cap.

The kit includes washer bottle with attached cap, washer pump, 6-1/2 feet of washer hose, push-button switch with wire harness, nozzles and T-connector. Mounting brackets with hardware are also included.

| PART | DESCRIPTION | APPLICATION | REQD | PRICE |
|---------|---------------------------------|-------------|------|---------|
| 36-4083 | UNIVERSAL WINDSHIELD WASHER KIT | "A" | (1) | \$16.95 |

Note: "A" For front windshield only.

Universal Windshield Washer Nozzle Set

Washer nozzle set replaces existing hood-mounted nozzles or can be added for a more effective spray. Kit includes two nozzles, connecting hose and spray adjust key. Drilling and extra hose are required on trucks not originally equipped with hood-mounted washer nozzles. Call or go online and order yours today!

| PART | DESCRIPTION | PRICE |
|---------|-------------------|--------|
| 36-4099 | WASHER NOZZLE SET | \$8.95 |

Universal Windshield Washer Pump

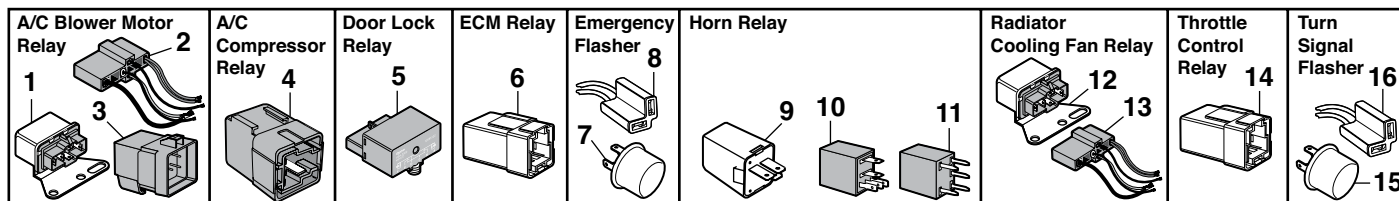

This pump adapts to any 12-volt vehicle and installs in minutes with simple household tools.

Features a gear-driven positive replacement pump to ensure a constant spray under all conditions. All necessary parts and instructions are included with pump.

| PART | DESCRIPTION | PRICE |
|---------|-----------------------|---------|

Note: "A" Models without push button shift 4WD.

"B" With 4 speed manual transmission option code M77. Measures 1.7" long.

"C" With 4 and 5 speed manual transmission without option code M73 or MY2. Measures 2.25" long.

"D" With 5 speed manual transmission option code MY2.

"E" With 5 speed manual transmission option code MW1.

"F" With 5 speed manual transmission option code M50.

"G" Lock cylinder is uncoded; a locksmith can "code" the cylinder for use with your existing key. Keys are not included.

Where to Find Production Option Label: The service parts identification label, located in the glove box, lists all production options for your vehicle. The options are represented by three character codes printed in alphabetical then numeric order.

Autowire**

Universal Wiring Harness ... Finish the Job Right the First Time

13-Circuit Wiring Harness includes two accessory, air conditioning/heat, brake/courtesy lights, CB radio, cooling fan, gauges/instruments, hazard, headlights, parklights, radio, turn signal and wiper.

20-Circuit Wiring Harness includes all of the features of the 13-Circuit Harness plus clock/lighter, cruise control, dash lights, fuel pump, power locks, power seats and power windows.

This quality Universal Wiring Harness from American Autowire is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 13-circuit and 20-circuit assemblies.

Highest quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional, GM SI internal regulated and 1-wire alternator leads; HEI distributor wiring; GM column mounted ignition switch connectors; headlight and floor mounted dimmer switches. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

| 36-3662 | HARNES-13 CIRCUIT "A" | \$369.55 |
| 36-3663 | HARNES-20 CIRCUIT "A" | \$379.05 |

Note: "A" For use on carbureted models only.

14-Circuit Fuse Center Connects to Your Existing Wiring

14-circuit pre-wired fuse block can be connected to existing vehicle wiring or used as a starting point for custom wiring. Factory assembled and completely terminated fuse block includes wiring provisions for starting, air conditioning/heat, brake lights, coil (anti-theft feature), dome light, electric fan, emergency flasher, gauges/dash instruments, headlights, horn, radio (ignition hot), turn signals, wipers and alternator.

Features include blade-type fuses, flasher, horn relay, large selection of terminal ends and anti-theft feature to deter theft. Measures just 4-1/2" x 5". Includes easy-to-follow instructions. Call or go online and order yours today.

| 36-3609 | 14 CIRCUIT FUSE CENTER | \$149.99 |

Wire Terminal Extractor Tools

This Wire Terminal Tool Kit is designed to release and extract wires from terminals without damage. The

single blades have a bevel ground onto the end for working on small terminals found on newer vehicles. Red is specially designed for Pak-Con and WeatherPak terminals. Silver has prongs to depress the 'barbs' on conventional terminals. The

handle slips over the probes to protect your hand as well as provide extra leverage. This complete kit comes in a sturdy blow-molded case for protection and long life and is a must-have for any do-it-yourselfer's toolbox.

| PART | DESCRIPTION | PRICE |
|---------|------------------------|---------|
| 38-1297 | WIRE TERMINAL TOOL KIT | \$54.95 |

Wiring/Tubing Grommet Assortment

This 10-piece assortment of high-quality black rubber grommets protects wires and tubing from chafing when passed through sheet metal holes. Assortment contains: one each of 1/8", 3/8", 1/2", 5/8" I.D. and two each of 3/16", 1/4" and 5/16" I.D. grommets.

WeatherPak Wire Extractor Tools

These WeatherPak Wire Extractor Tools will save you time and hassle when servicing your vehicle's wiring system. Tools are engineered to easily release and remove OEM terminals from their WeatherPak housings, as well as releasing the lock tab on Packard 56 and Pak-Con terminals. This 3-piece set comes with a narrow pick (.05" wide), wide pick (.09") and tubular-shaped extraction tool. Handles are color-coated for easy identification.

|---------|---------------------------------|----------|--------|
| 38-1296 | WEATHERPAK WIRE EXTRACTOR TOOLS | | \$9.95 |

Split Braid Flex Loom and Wire Loom Installation Tool

36-2600

Unique black flexible braided construction features a 25% edge overlap that will allow for the sharpest of bends without distorting or splitting open. Lateral split design of the flex loom allows for easy installation of multiple wires. Self-wrapping feature ensures the flex loom will return to its original size and shape without the need to use fasteners or tape. Protect

your vehicle's wiring, cables, hoses and tubing from unnecessary wear while adding a clean look. Available in three sizes: 1/4", 1/2" or 3/4" diameter.

Wire Loom Installation Tool makes feeding wires into split wire looms a snap. Insert the wiring into the channel of the tool, rotate the handle to lock wiring in place and insert the loom separator into the split loom. Gently pull the tool through the loom while holding onto the wires. Available in three convenient sizes.

36-2597

LED Backup Light Bar

This LED Backup Light Bar easily bolts to the top of your license plate and wires into your existing reverse lights. The Backup Light Bar will bolt onto your vehicle's top two license plate mounts. It features a die-cast aluminum housing and is finished in a satin black powder coat.

Light will need to be wired into one of your reverse lights for a signal and grounded locally.

Custom Light Bulbs

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Halogen Blue-Coated Headlight Bulbs

36-0291 36-0294

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Superwhite Bulb Set Produces 30% More Light

36-0298

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

LED Bulbs

36-0377 36-0368 36-0376 36-0375 36-0367 36-0209 36-0205

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

LED Headlights

#37-0397 includes a white LED accent strip across the center that can be wired directly to any 12-volt circuit.

LED Headlights dramatically improve safety and visibility with a bright white light output for superior night-time driving. Features a cast aluminum powder-coated housing with an impact-resistant polycarbonate lens and rugged aluminum reflector. Solid state bulb-free design is resistant to damage from shock and vibration. DOT approved headlight is energy efficient and lasts longer than conventional bulbs.

Custom Headlight

1982-93 Chevy S10 1982-93 GMC S15, Sonoma
1983-94 Chevy Blazer 1983-94 GMC Jimmy

These OE-quality headlights feature an aluminum die-cast housing with a protective finish coating, making the housing corrosion free. Maximum light output is produced by brighter light focused on the road for a greater distance.

The strong, semi-hardened, crystal clear glass lens does not diffuse the light like traditional headlight lenses. A high-efficiency white halogen 12V 60/55 watt replaceable bulb is included. DOT and SAE approved.

If adding brighter bulbs or upgrading to high power halogen lights, use a Heavy-Duty Headlight Harness. For more information, see page 138.

LED Cargo Lights ... Light Up Your Bed

LED Cargo Lights provide great lighting and visibility with 8 LED modules (two 69" sets of four evenly spaced pre-wired LED modules). Each module has 6 super bright cool white LEDs and mounts easily below bed rail with pre-applied 3M™ tape and included wiring clips. Install with the included optional switch or wire into existing cargo light.

|---------|---------------------|-----------------|------|---------|
| 38-1063 | LED CARGO LIGHT SET | FLEETSIDE 82-04 | (1) | \$34.95 |

Driving Light Set

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

Underhood Lamp

36-4503

Underhood Lamp adapts to any 12 volt truck and helps illuminate the engine bay. No need for wiring into a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when hood is lowered. Mount underneath hood and connect lamp wire to any constant 12 volt source. Moisture proof in-line fuse is integrated into the wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed for proper operation.

LED Tail Light Sets ... The Future of Automotive Lighting

1994-04 Chevy S10 1994-04 GMC Sonoma

New technology previously only on high-end luxury cars is now available for your truck! These tail lights quickly alert other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs which translates to a gain of 20+ feet of reaction distance!

Additional LED benefits:

LEDs have no filament, which means they are less sensitive to vibrations, and they can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system and less heat is emitted.

Tail lights are a direct replacement for stock tail lights and are made to factory specifications. No modifications to fit required. They feature LEDs for brake lights, parking lights, sidemarkers and turn signals. Backup lights use plain bulbs, sold separately.

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

Electronic Flasher

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

| PART | DESCRIPTION | PRICE |
|---------|-------------|---------|
| 38-0767 | 5 OZ TUBE | \$16.95 |

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0774 | 2.7 OZ TUBE | \$6.95 |

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0798 | 10.5 OZ CAN | \$8.95 |

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

| PART | DESCRIPTION | PRICE |
|---------|---------------|--------|
| 38-0766 | 16 OZ AEROSOL | \$6.95 |

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0783 | 1.5 OZ TUBE | \$5.95 |

Permatex Anti-Seize Lubricant is a highly refined blend of aluminum, copper and graphite lubricants. Use during assembly to prevent galling, corrosion and seizing due to weathering or chemicals. Anti-Seize Lubricant assures easier disassembly and is salt, corrosion and moisture resistant.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0757 | 4 OZ JAR | \$8.45 |

Penetrating Graphite Powder is an extra fine graphite powder that is odorless dry powder lubricant, used to guard against sticking, wear, and corrosion. Keeps brake cables, speedometer cables, control cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0751 | .21 OZ TUBE | \$3.95 |

Permatex Weatherstrip Adhesive is a flexible, water-resistant black adhesive for bonding rubber and metal surfaces. Withstands extreme temperatures and resistant to gasoline, antifreeze and most solvents.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0759 | 5 OZ TUBE | \$8.95 |

Permatex Orange Threadlocker is a hybrid formula that combines the strength of Red with the removability of Blue Threadlocker. Orange Threadlocker is ideal for heavy-duty, high vibration applications and can be removed with hand tools without heating.

| PART | DESCRIPTION | PRICE |
|---------|-------------|---------|
| 38-0749 | .34 OZ TUBE | \$12.95 |

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0770 | .33 OZ TUBE | \$4.95 |

Permatex Thread Sealant with PTFE (a thermoplastic polymer) is an economical general-purpose fitting sealant. It outperforms traditional tapes and pipe dopes while it seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Thread Sealant remains pliable at higher and lower temperatures.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0753 | 4 OZ JAR | \$8.45 |

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

| PART | DESCRIPTION | PRICE |
|---------|-------------|---------|
| 38-0921 | .3 OZ PEN | \$12.95 |

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior.

The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0788 | 3M TAPE | \$8.95 |

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion

properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

| PART | DESCRIPTION | PRICE |
|---------|-------------|--------|
| 38-0779 | STRIP CAULK | \$5.75 |

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

| PART | DESCRIPTION | PRICE |
|---------|---------------|--------|
| 38-0765 | 20 GRAM STICK | \$5.95 |

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

| PART | DESCRIPTION | PRICE |
|---------|-------------|---------|
| 38-0781 | 11 OZ TUBE | \$16.45 |

Retail Delivery Fee Notice

Some states are starting to pass legislation requiring us to collect a Retail Delivery Fee on shipments. Check with your state's department of revenue for more information.

For those customers living in states that require this, the extra fee will be added to each purchase that is taxable under the state code.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T -** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.
- *** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- **** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- R -** After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St, Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

California Prop 65 Warning

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.p65warnings.ca.gov.

ADVERTENCIA: Este producto puede exponerlo a sustancias químicas, incluido el plomo reconocido por el estado de California como causante de cáncer. Para obtener más información, visite www.p65warnings.ca.gov.

Gift Cards

- Gift Cards are the perfect gift to ensure you are giving exactly what they want!
- Gift Cards don't expire.
- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

Shipping charges are based on the "Parts Total" on your order.

| Order Parts Total | Zone 1 | Zone 2 | Zone 3 | Zone 4 | Zone 5 |
|----------------------|---------------|---------|---------|---------|---------|
| Up to \$10.00 | \$ 5.00 | \$ 5.00 | \$ 5.00 | \$ 5.00 | \$ 5.00 |

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping to Alaska, Hawaii and the U.S. Territories

| Order Parts Total | Shipping to Alaska, Hawaii & U.S. Territories |
|-------------------|---|
| Up to \$20.00 | \$ 19.95 |
| \$20.01 to 50.00 | 25.95 |
| 50.01 to 75.00 | 36.95 |
| 75.01 to 100.00 | 41.95 |
| 100.01 to 150.00 | 49.95 |
| 150.01 to 250.00 | 65.95 |
| 250.01 to 350.00 | 72.95 |
| 350.01 to 500.00 | 79.95 |
| 500.01 and Up | Quote ♦ |

♦ You will be contacted with charges.

We reserve the right to ship the most economical way. If you need your order shipped in a specific manner, contact customer service for a customized quote.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

This chart shows shipping charges on orders up to \$500. Parts must be 108 inches or less and weigh 70 pounds or less to qualify. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

This Has Been My Dream Truck

Barry Spry and His 1989 Chevy S10

In 1994 I purchased a 1989 S10 truck, one owner. In 2000, I started my dream of customizing this truck.

A friend of mine, Phil W., did the bodywork and painted the truck. We installed a front bumper cover, air deflector, custom tail lights, custom door mirrors, rear roll pan, window vents, and other items. He put on 3 coats of high gloss Corvette Flame Red and 2 coats of clear. A few years ago, Rouzer Motor Parts rebuilt the 2.5L engine. The next thing that I did was replace the manual transmission with an automatic transmission. Mike's Transmission Shop just happened to have an old square box transmission, which he rebuilt with all new parts.

Next I had power steering installed. This was done by JR's Auto (Danny W.). He has done all the work on my truck since I got it. Changing the steering turned out to be a big problem since Chevy did not have power steering on the 2.5 engine. I got all the parts except the pump bracket from LMC Truck. It just so happened that the factory had put a bracket on my engine, even though it was not supposed to be on it. The only thing left was a tank for the power steering fluid. Chevy did not have a tank that would work and we were limited for space, so we ended up installing a tank from a Jeep. I had the headliner replaced and had the seat redone. It is done in flame red and black, and Robert P. put in extra padding and rebuilt the frame. Last year, I installed new tires and American mags.

This has been my dream truck, and I will keep on doing things to it, as long as there is an LMC Truck. Most of my parts have come from LMC. I want to thank my wife, family, and friends for supporting me all these years. I don't know what I would have done, if it was not for LMC. Thank you for helping my dream come true and letting me put my truck in your catalog, and keep up the great work that you do for all of us truck lovers. Since my truck is all about flame red, I choose to take my pictures at Lock Fire Department, Rowan County N.C.
