Side Window Deflectors ... Keep Your Window Open and the Weather Out

56-8187

Made from durable ABS plastic which will bend but not break, absorbs road vibrations without fracturing. Will not discolor, fade or become brittle due to UV rays. Will not scratch or peel because it is not a laminate or painted on, but is infused into the plastic to give a hard, smooth finish.

Withstands exposure to rough conditions and extreme temperatures. Installs using 3M™ tape, included with set.

Side Window Deflectors ... The perfect addition to any truck. Keep your window open while still keeping out the wind and rain.

56-8189	WINDOW DEFLECTOR SET-4PC	QUAD CAB 05-06	(1)	\$19.95

I have a picture in my office. It was an aerial photograph taken in the '60s of the farm we lived on in rural Iowa. To be exact, RR1, Anamosa, IA, before every address had a house number and a private line telephone. We had a party line phone with 8 people on it, well, that is a whole letter to itself along with the Sears and Roebuck catalog, that had everything from toys to a house you could buy and build.

It was a thing back then, and still is now, that a plane flies over, takes a picture and then sells it to you. We aren't going to get into the right or wrong of that idea right now. Instead I am going to say I am grateful that day they flew over and my parents somehow had the money to buy that picture.

It hangs in my office alongside the serenity prayer. It is there to remind me of who I am and where I come from. That my mom and dad somehow raised 5 kids in a 2-bedroom house until Uncle Dewayne converted the garage to a bedroom for them in the late '60s. That you can exist without a shower and only a bathtub, that you got three TV stations if the rabbit ears were just right and wrapped in aluminum foil, and the only thing you were allowed to watch were Gunsmoke, Rawhide, and Wild Kingdom. Oh, and can't forget The Andy Williams Show. That Sunday morning was church and then grandma's fried chicken and gravy. My grandmother was younger then than I am now. I hadn't really thought about that until I started typing out this letter.

The picture is before my grandfather put the orchard in for them and the feed lot went in. It had to be the early '60s that this picture was taken. Before mom let me put in my own flower beds and I went into the woods and dug up what I wanted to plant and tried to graft or cross-pollinate. Before my mom and I had our first and only big fight over Vietnam. I was a pacifist and plant-loving, earth-loving girl, even back then, who drove her dad's old truck long before I was old enough because the sheriff would just know I was Harold's daughter.

I have been nostalgic lately. I think it is because I turn 69 in January and have outlived my parents and two of my brothers. My parents died young. My dad was only 58, so when you are older than your parents were when they died, your brain can overthink things.

At every level I know I have a great life, with two daughters with beautiful families, and I have been truly blessed. But deep in my heart I am still that young pacifist, plant-loving, earth-loving girl who just wants to garden and drive the old truck. The shorter, colder days were always my time to slow down and think about my next chapter, until COVID, and then it was just hurry and scramble and work. This year I am taking time off work to reflect and make decisions about my last chapter. I want to go into the woods, find the plants that only grow there, and try them in my wildflower garden. I want to drive the '72 Cheyenne into "town" with my grandsons to get ice cream. I will never leave LMC or sell it, but it is time for me to enjoy and spend more time with my grandchildren and daughters. Maybe only work 50 hours a week!

Becky

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
47-3991-D	(1)	WIPER BLADE	DAKOTA	97-03 (2)	\$3.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

Kit means the components that are required to do a replacement for one part, check required column. Set means a number of parts that complete one truck.

Explanation of policies is on pages 56 and 57.

Listing Explanation:

PART: The part number you order, i.e. #47-3991-D.
ILL #: Illustration reference number, i.e. (1) is the Wiper Blade.
DESCRIPTION: Name of part, i.e. Wiper Blade.
APPLICATION: Model and year part fits, i.e. Dakota 1997-03.
REQD: Quantity of the part required for one truck, i.e. two (2) Wiper Blades are required for one truck.
PRICE: The low price you pay for one part, i.e. Wiper Blade is \$3.95, making your total net cost \$7.90 + Delivery & Handling for two Wiper Blades required for one truck.

Part Number Definitions

-T After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

-R Remanufactured Part - No core charge.

*** Or **** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20.

****** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1997-06 Dakota Truck History

- | | |
|--|--|
| <p>1997 Introduction of the 2nd generation of Dodge Dakota, America's first mid-sized truck. Available in Standard Cab or Club Cab and your choice of shortbed (6'6") or longbed (8') body configurations. Interior and exterior styling closely resembled the full-size Ram. The frame of the 2WD Dakota received a 50% increase in torsional rigidity to improve ride and interior cab noise levels. The 4WD frame, already stiffer than the 2WD, was carried over from previous year. Engine choices ranged from a 2.5L 4 cylinder with 120 horsepower, a 3.9L V6 with 175 horsepower or a 5.2L V8 with 230 horsepower. Driver and passenger side airbags became standard equipment for Dakota.</p> <p>1998 The high performance Dakota R/T roared in with a 250 horsepower 5.9L V8 engine with automatic transmission and performance suspension, riding on 16 inch tires. Dash mounted passenger side airbag on/off switch added. Power driver seat is optional as well as a passenger side A-pillar mounted grab handle for 4WD models.</p> <p>1999 Only in its 3rd year, very few minor changes were made. One-touch-down feature added for driver-side power window. 2 new overhead console styles were introduced. Steering wheel mounted radio controls were optional.</p> <p>2000 The Quad Cab Dakota was introduced. The Quad Cab featured 4 full-size forward hinged doors and was only offered with a 5' 3 bed. The longbed (8') was dropped from production. Power rack and pinion steering standard on 4WD models. The 4.7L V8 replaced the 5.2L V8.</p> | <p>2001 Changes focused on the interior of the Dakota as it received a new instrument panel, door panels and redesigned center console. For 4WD models, the transfer case selector switch changed from a floor mounted lever to a dash-mounted rotary switch. The optional Homelink transmitter feature allowed for garage door operation at the touch of a button.</p> <p>2002 The SXT trim package was introduced as the base trim level for Dakota models. The SXT had more standard features than any of its competitors' entry-level trim packages.</p> <p>2003 In anticipation of the new body style, notable changes occurred only to powertrain options. The 3.9L V6 was replaced by the more powerful and more fuel efficient 3.7L V6. Additionally, the 5.9L V8 was dropped from production.</p> <p>2004 The 3rd generation of the Dakota featured all new sheet metal, redesigned front and rear suspensions and rack-and-pinion steering standard for all models. The all new Dakota was only available in Club Cab or Quad Cab configurations. Engine choices were limited to the 3.7L V6, 4.7L V8 or the new 4.7L High-Output V8.</p> <p>2005 Minimal changes occurred during the second year of production. The R/T trim package returned as an option on 4WD models.</p> <p>2006</p> |

1998-06 Durango Truck History

- | | |
|---|---|
| <p>1998 The first year of the Dodge Durango, a mid-size 4-door Sport Utility based on the Dodge Dakota platform. The Durango allowed for up to 8 passenger seating if equipped with the optional 3rd row seat. Raised seating in the second and third rows combined with a raised roof section created more headroom and better rear passenger visibility. Standard engine for the Durango was the 3.9L V6 with the 5.2L V8 or 5.9L V8 available as optional engines. During the first model year all Durango's were 4WD.</p> <p>1999 The Durango was now available as a 2WD model. Minor changes were made for the second year of Durango. Two new paint colors were available and notable options available included 6 x 9 heated rear view mirrors and steering wheel mounted radio controls. Leather seats were now standard on SLT Plus models, and body-color wheel flares were standard on SLT Plus 4WD models.</p> <p>2000 The new 4.7L V8 engine replaced the 5.2L V8 as the standard engine for 4WD models. A new 5 speed automatic transmission, the 5-45RFE was mated to the 4.7L V8. It featured a dual ratio 2nd gear for variable downshifts depending on engine load. Power rack-and-pinion steering featured on all models. The high performance Durango R/T came standard equipped with a 5.9L V8 and All Wheel Drive.</p> <p>2001 Dodge focused on interior upgrades as Durango's interior trim panels, dash mounted controls, instrument panel, overhead console and steering wheel were all redesigned. For improved rear passenger comfort, a dual-zone climate control system was now standard. Sound systems were improved on all models and now came standard with 6 speakers.</p> | <p>2002 The new SXT version of the Durango was offered as the entry-level trim package. Side curtain airbags were added for increased safety.</p> <p>2003 For 2003 Durango featured minor mechanical changes, most notable was the addition of 4 wheel disc brakes.</p> <p>2004 The totally redesigned second generation Durango featured bolder styling and larger overall dimensions than previous models. The restyled Durango boasted of interior room and towing capacity comparable to vehicles in the large SUV market segment, yet provided the fuel economy, handling and performance common to a smaller SUV. Three engines were available for Durango, with the 3.7L V6 as standard equipment and the 4.7L V8 or 5.7L Hemi V8 as available options.</p> <p>2005 Interior improvements for Durango included heated cloth seats as standard equipment on all trim levels and a full-screen navigation system as an available option. The new Adventurer trim package featured reversible deep-channelled floor mats, washable cargo liner with built-in organizer, Satin Silver tubular side steps, unique exterior badging and machined finish aluminum wheels.</p> <p>2006 To further enhance passenger safety, roll-sensing technology was added to the side curtain airbag system. For improved fuel efficiency the 5.7L Hemi V8 received the Multiple Displacement System (MDS). During low engine load operation, Dodge's MDS system used advanced on board electronics to allow a seamless transition from 8-cylinder operation to 4-cylinder operation in a mere .04 seconds.</p> |

PART	DESCRIPTION	REQD	PRICE
38-8247	PLASTIC PRY BAR SET-7PC	(1)	\$10.95

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

PART	DESCRIPTION	PRICE
37-8411	POR-15 SEMI-GLOSS-1 PINT	\$41.88
37-8412	POR-15 SEMI-GLOSS-1 QUART	\$63.89
37-8408	POR-15 GLOSS-1 PINT	\$41.88
37-8409	POR-15 GLOSS-1 QUART	\$63.89
37-8418	DRY TIME ACCELERATOR	\$34.05

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1,200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$25.51
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$25.51

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415	METAL-PREP 1 QUART	\$22.14
37-8416	METAL-PREP 1 GALLON	\$44.74

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	CLEANER DEGREASER 1 QUART	\$14.67
37-8414	CLEANER DEGREASER 1 GALLON	\$29.61

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401	SELF ETCH PRIMER-GRAY	\$39.15

37-8402

37-8403

37-8404

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

PART	DESCRIPTION	PRICE
37-8402	TOP COAT-CLEAR	\$28.39
37-8403	TOP COAT-GLOSS BLACK	\$28.39
37-8404	TOP COAT-CHASSIS BLACK	\$28.39

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480	BED LINER 1 QUART	\$37.94
37-8481	BED LINER 1 GALLON	\$142.96

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

PART	DESCRIPTION	PRICE
37-8488	FUEL TANK SEALER 1 PINT	\$31.44
37-8489	FUEL TANK SEALER 1 QUART	\$54.60

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process; 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

PART	DESCRIPTION	PRICE
37-8405	STOP RUST KIT	\$27.84

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch-resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

55-9371	DOOR PILLAR TRIM SET-2PC	STD/CLUB	97-04 (1)	\$90.95

Side Window Deflectors ... Keep Your Window Open and the Weather Out

Made from durable ABS plastic which will bend but not break, absorbs road vibrations without fracturing. Will not discolor, fade or become brittle due to UV rays. Will not scratch or peel because it is not a laminate or painted on, but is infused into the plastic to give a hard, smooth finish.

Withstands exposure to rough conditions and extreme temperatures. Installs using 3M™ tape, included with set.

Side Window Deflectors ... The perfect addition to any truck. Keep your window open while still keeping out the wind and rain.

Tuff Truck Bag

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x50"x22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

PART	DESCRIPTION	REQD	PRICE
38-3058	TUFF TRUCK BAG-BLACK	(1)	\$164.95

Rail-Guards Provide Protection for Your Truck's Bed Rails

Rail-Guard is made of impact absorbing heavy-duty vinyl to protect your truck's bed rails. No drilling required. The full width 3M™ adhesive over the entire backside ensures maximum holding and means no condensation and dirt under the Rail-Guard. Can be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22-foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6-foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6-foot roll of 3-3/4" material. Must be sized and cut to fit.

DOJAMAT

Retro Floor Mats

RETRO FLOOR MATS DONE RIGHT

Protect your truck's carpet with these Retro Rubber Floor Mats from Dojamat. Patterned after the very popular floor mats available in the '70s and '80s, they're the perfect final touch to your truck's interior.

They are made from 100% premium grade durable black rubber, top and bottom. Retro rubber floor mats feature several gripping areas for non-slip fit.

Each set comes with two floor mats.

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

56-7116

All MIP Mats are only available in black.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
56-7116	MIP MAT-BLACK "A"	CLUB CAB DAKOTA	97-04 (1)	\$199.95

Note: "A" Fits 2 wheel drive with manual transmission and all 4 wheel drive.

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

Molded Carpet ... Fits and Looks Like Original

Complete Truck Molded Carpet replaces all interior floor carpets. Cut-pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Floor Liners ... Tough and Durable Protection for Your Truck

Floor Liners protect your truck's carpet from water, snow, mud and most chemicals. Molded for an exact fit from a patented rubberized thermo-plastic material, guaranteed not to crack or break. Raised outer rim traps up to 2 gallons of liquid. Driver's side mat is equipped with an extra thick heel pad to offer heel protection and guard against wear in this high use area. Floor mats conform to the shape of your vehicle's floor and have an anti-slip back. Cleanup is easy, just wipe up small areas with a cloth or remove the mat and hose it off.

Disposable Black Nitrile Gloves

Disposable Black Nitrile Gloves are made from durable, powder-free 6 mil thick patented material for superior strength and tear-through resistance.

Gloves feature a fully textured finish for better grip with a two-ply construction that is tough enough to withstand exposure to grease, solvents and oil. Sold as a box of 100.

Glove Sizing:

Place your hand on a flat ruler with your index finger next to the zero line:

3-1/2" = Medium
4" = Large
4-1/2" = X-Large

PART	DESCRIPTION	PRICE

38-0712-L	LARGE 100 GLOVE PACK	\$26.95
38-0712-1X	X-LARGE 100 GLOVE PACK	\$26.95

Sound Control Mat

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today!

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0759 Weatherstrip Adhesive to easily install Insulation Material.

Look New Again ... The Easy Way!

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

\$20.95
each

These colors are specially formulated to closely match the original dash pad for the corresponding year..

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics
- Carpet
- Cloth Upholstery

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

Black Underhood Paint

Before

After

37-8367
\$20.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

Interior Color Code

The interior color code can be found on the label affixed to the driver's side door latch pillar. The four character TRM code is located below the bar code to the right of where the vehicle was manufactured. The first two characters are the code for the interior material and the last two characters are the interior color code.

Spitshine Tire Black ... Bring Back the Shine

37-8370
\$21.45

Before

After

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

Prep/Cleaner

37-8399
\$13.95

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

Seat Heater Kits ... Warm Yourself Up Before Your Truck Warms Up

Seat Heaters are constructed with patented carbon fiber heating elements which give consistent and controlled warmth. Paper thin heating elements are water-resistant and install between any seat cover material and seat cushion. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and instructions.

#38-2198 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

#38-2199 contains two 11" x 22" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bench seat applications.

White Face Gauge Overlays

White Face Gauge Overlays are computer printed on vinyl and pre-cut for a precise fit. They install easily over stock gauge faces without removing the gauge needles (except clock) and use the stock gauge lighting. No worries of broken needles or need for recalibrating gauges. Overlays will not wrinkle or bubble in hot or cold temperatures and can be removed with direct heat. Installation instructions included.

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

PART	DESCRIPTION	PRICE
38-0767	5 OZ TUBE	\$16.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	2.7 OZ TUBE	\$6.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798	10.5 OZ CAN	\$8.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766	16 OZ AEROSOL	\$6.95

Permatex Weatherstrip Adhesive is a flexible, water-resistant black adhesive for bonding rubber and metal surfaces. Withstands extreme temperatures and resistant to gasoline, antifreeze and most solvents.

PART	DESCRIPTION	PRICE
38-0759	5 OZ TUBE	\$8.95

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	.3 OZ PEN	\$12.95

Permatex Anti-Seize Lubricant is a highly refined blend of aluminum, copper and graphite lubricants. Use during assembly to prevent galling, corrosion and seizing due to weathering or chemicals. Anti-Seize Lubricant assures easier disassembly and is salt, corrosion and moisture resistant.

PART	DESCRIPTION	PRICE
38-0757	4 OZ JAR	\$8.45

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765	20 GRAM STICK	\$5.95

Permatex Orange Threadlocker is a hybrid formula that combines the strength of Red with the removability of Blue Threadlocker. Orange Threadlocker is ideal for heavy-duty, high vibration applications and can be removed with hand tools without heating.

PART	DESCRIPTION	PRICE
38-0749	.34 OZ TUBE	\$12.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770	.33 OZ TUBE	\$4.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783	1.5 OZ TUBE	\$5.95

Permatex's Thread Sealant with PTFE (a thermoplastic polymer) is an economical general-purpose fitting sealant. It outperforms traditional tapes and pipe dopes while it seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Thread Sealant remains pliable at higher and lower temperatures.

PART	DESCRIPTION	PRICE
38-0753	4 OZ JAR	\$8.45

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779	STRIP CAULK	\$5.75

Penetrating Graphite Powder is an extra fine graphite powder that is odorless dry powder lubricant, used to guard against sticking, wear, and corrosion. Keeps brake cables, speedometer cables, control cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
38-0751	.21 OZ TUBE	\$3.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	PRICE
38-0781	11 OZ TUBE	\$16.45

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M TAPE	\$8.95

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50-foot rolls of 1" or 2" widths. Two 50-foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

Will work with 3/16", 1/4", 5/16", 3/8" and 1/2" tube. Capable of creating single flares in copper, aluminum and brass tubing, double flares in soft steel tubing.

PART	DESCRIPTION	PRICE
38-1374	SAE FLARE TOOL SET	\$34.95

Cat-Back Performance Dual Exhaust Systems with Resonator Tips

**Exceptional Sound
with Increased
Horsepower**

Performance Dual Exhaust System allows increased performance and maintains catalytic converter. Straight-through design reduces back pressure for increased horsepower, more low-end torque and better fuel economy. Resonator serves as the muffler in these systems.

Systems are made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems.

Manufactured from 16-gauge aluminized steel which lasts longer than conventional plain steel systems. Easy bolt-on installation; no welding required. Hangers, fasteners and steel clamps included. Exhaust exits rear of truck.

Cat-Back System replaces stock exhaust system from the catalytic converter back. Designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on wheelbase of truck.

Cat-Back Exhaust Systems have resonator tips that replace the original muffler and are 50 state emissions legal.

Replacement Resonator Tips

The 3-1/2" diameter resonator tips replace the original muffler and give your truck that deep performance tone without being too loud. Available in black powder coat blunt tip or stainless steel angle tip.

Wheel Bearing Grease Packer

Wheel Bearing Grease Packer quickly flushes out old grease and repacks the bearing with less the mess. The Wheel Bearing Grease Packer works on bearings up to 3 1/2" outer diameter. The grease stays in the tool cavity, not on your hands. To pack a bearing, simply place the bearing on the piston, press down on the cap until the old grease is forced out and the new grease shows on top of the bearing.

Shock Absorbers ... Driving Control, Even Ride and Performance Handling

48-1664-D

48-1629-D

Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

GR-2 Gas Shock Absorbers: Features lower pressure for riding comfort, with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

Powr-Flo Throttle Body Spacers

56-0106

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore engineered to increase velocity of airflow into intake manifold. This allows more air to reach combustion chamber for denser air charge and increase in fuel efficiency. The result is improved throttle response and power gains in mid-range and upper rpm operating ranges. Includes gaskets, hardware and instructions for a simple, bolt-on installation with no other vehicle modifications required.

Rubber Vacuum Caps

These Rubber Vacuum Caps are great for blocking off unused vacuum ports and lines, to prevent leaks and poor engine performance. Excellent for capping lines and hoses while testing carburetors, emission control systems, vacuum lines and more.

Caps are made from durable heat-resistant black rubber. Assortment contains one each of the following sizes: 5/32", 7/32", 5/16", 3/8" and two each of 3/16" and 1/4".

PART	DESCRIPTION	PRICE
30-1436	RUBBER VACUUM CAP ASSORTMENT	\$3.95

Wire Terminal Extractor Tools

This Wire Terminal Tool Kit is designed to release and extract wires from terminals without damage. The single blades have a bevel ground onto the end for working on small terminals found on newer vehicles. Red is specially designed for Pak-Con and WeatherPak terminals. Silver has prongs to depress the 'barbs' on conventional terminals. The handle slips over the probes to protect your hand as well as provide extra leverage. This complete kit comes in a sturdy blow-molded case for protection and long life and is a must-have for any do-it-yourselfer's toolbox.

Electronic Musical Horn Plays 46 Sounds

Electronic Musical Horn plugs into a cigarette lighter or power point to play sound three times and stop automatically or can be used as a loudspeaker with included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. Command module is 7" wide by 3" high and mounts using included adhesive backed hook and loop patches. No drilling is required.

Adjustable rotary on/off volume control allows for easy sound level control, five bright LED lights on control module instantly indicate system mode and a 4" diameter weatherproof horn mounts under the hood. For 12 volt negative ground systems.

3 Modes ... Animal, Alarm or Music ... 46 Different Sounds

38-1503	ELECTRONIC MUSICAL HORN	\$29.95

Amplified Hide-Away Antenna

Amplified Hide-Away Antenna allows you to get AM/FM reception without having to use standard fender-mount or window antenna. Features active magnetic field circuitry for enhanced radio reception and 105" cable allows installation almost anywhere in your vehicle. Connects to standard antenna plug and radio's power antenna wire (if equipped) or a switched 12V positive power source. Never worry about stolen or damaged antenna again.

Driving Light Set

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

Custom Light Bulbs

Halogen Blue-Coated Headlight Bulbs

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

36-0298

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

Custom Bulb Sets

Custom high-performance light bulbs feature the latest breakthrough in interference coating technology which gives a cool, iridescent appearance when unlit and street legal amber light when illuminated. Sold in sets of two. The best effect is achieved when installed with white sockets; check yours before ordering.

LED Bulbs

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

Stacey David's Gearz Project Planning Book

Stacey David's Gearz Project Planning Book is a comprehensive guide to help you plan, budget, document and archive a complete project build from start to finish. This guide will help you stay more organized by planning ahead while keeping you on track and inspiring you to reach your project goals.

Each fill-in-the-blank section allows you to document the specific parts used, part numbers and costs involved. A table of contents breaks down the 22 color-coded sections. The 8 1/2" x 11" wire-bound book has 144 pages with a clear sleeve for receipts and photos.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping to Alaska, Hawaii and the U.S. Territories

500.01 and Up	Quote ♦

♦ You will be contacted with charges.

We reserve the right to ship the most economical way. If you need your order shipped in a specific manner, contact customer service for a customized quote.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

This chart shows shipping charges on orders up to \$500. Parts must be 108 inches or less and weigh 70 pounds or less to qualify. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

Retail Delivery Fee Notice

Some states are starting to pass legislation requiring us to collect a Retail Delivery Fee on shipments. Check with your state's department of revenue for more information.

For those customers living in states that require this, the extra fee will be added to each purchase that is taxable under the state code.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T-** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$150.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.
- *** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- **** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- R-** After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St. Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

California Prop 65 Warning

New Rules for Out-Of-State Sales Taxes

On June 21, 2018, the United States Supreme Court fundamentally changed the rules for collection of sales tax on out-of-state transactions. In its decision the Court effectively stated that individual states can require online sellers to collect state sales tax on their transactions. Many states already have, and more will continue to, impose sales tax collection on companies.

Based on this ruling we will be collecting taxes if you reside in a state that requires us to do so.

If you are planning on sending an order by mail, please be sure to check your State and Local Sales Tax rates.
