Weatherstrip, Rear Door, Mega Cab

53

I have a picture in my office. It was an aerial photograph taken in the '60s of the farm we lived on in rural Iowa. To be exact, RR1, Anamosa, IA, before every address had a house number and a private line telephone. We had a party line phone with 8 people on it, well, that is a whole letter to itself along with the Sears and Roebuck catalog, that had everything from toys to a house you could buy and build.

It was a thing back then, and still is now, that a plane flies over, takes a picture and then sells it to you. We aren't going to get into the right or wrong of that idea right now. Instead I am going to say I am grateful that day they flew over and my parents somehow had the money to buy that picture.

It hangs in my office alongside the serenity prayer. It is there to remind me of who I am and where I come from. That my mom and dad somehow raised 5 kids in a 2-bedroom house until Uncle Dewayne converted the garage to a bedroom for them in the late '60s. That you can exist without a shower and only a bathtub, that you got three TV stations if the rabbit ears were just right and wrapped in aluminum foil, and the only thing you were allowed to watch were Gunsmoke, Rawhide, and Wild Kingdom. Oh, and can't forget The Andy Williams Show. That Sunday morning was church and then grandma's fried chicken and gravy. My grandmother was younger then than I am now. I hadn't really thought about that until I started typing out this letter.

The picture is before my grandfather put the orchard in for them and the feed lot went in. It had to be the early '60s that this picture was taken. Before mom let me put in my own flower beds and I went into the woods and dug up what I wanted to plant and tried to graft or cross-pollinate. Before my mom and I had our first and only big fight over Vietnam. I was a pacifist and plant-loving, earth-loving girl, even back then, who drove her dad's old truck long before I was old enough because the sheriff would just know I was Harold's daughter.

I have been nostalgic lately. I think it is because I turn 69 in January and have outlived my parents and two of my brothers. My parents died young. My dad was only 58, so when you are older than your parents were when they died, your brain can overthink things.

At every level I know I have a great life, with two daughters with beautiful families, and I have been truly blessed. But deep in my heart I am still that young pacifist, plant-loving, earth-loving girl who just wants to garden and drive the old truck. The shorter, colder days were always my time to slow down and think about my next chapter, until COVID, and then it was just hurry and scramble and work. This year I am taking time off work to reflect and make decisions about my last chapter. I want to go into the woods, find the plants that only grow there, and try them in my wildflower garden. I want to drive the '72 Cheyenne into "town" with my grandsons to get ice cream. I will never leave LMC or sell it, but it is time for me to enjoy and spend more time with my grandchildren and daughters. Maybe only work 50 hours a week!

Becky

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
56-6020	(1)	WIPER BLADE	RAM	94-02 (2)	\$6.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 112 and 113.

Listing Explanation:

- PART:** The part number you order, i.e. #56-6020.
- ILL #:** Illustration reference number, i.e. (1) is the Wiper Blade.
- DESCRIPTION:** Name of part, i.e. Wiper Blade.
- APPLICATION:** Model and year part fits, i.e. Ram 1994-02.
- REQD:** Quantity of the part required for one truck, i.e. two (2) Wiper Blades are required for one truck.
- PRICE:** The low price you pay for one part, i.e. Wiper Blade is \$6.95, making your total net cost \$13.90 + Delivery & Handling for two Wiper Blades required for one truck.

Part Number Definitions

- T** After a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
- R** Remanufactured Part - No core charge.
- * Or **** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1994-08 Truck History

- | | |
|--|---|
| <p>1994 Dodge introduced its first all-new full-size truck in 22 years. Dodge Ram pickup sales tripled versus 1993 model year, with 232,092 models sold. The 4x4 Ram was the first full-size pickup to have a four-link coil spring front suspension. The 8.0 liter V10 engine (available at mid-year) was the world's most powerful gasoline pickup engine rated at 300 horsepower and 450 ft.-lb. of torque. New chassis series designations 1500, 2500 and 3500 represented 1/2-, 3/4- and 1-ton pickups.</p> <p>1995 The Club Cab Ram pickup was introduced. The standard cab Ram was the biggest in the industry, and the Club Cab allowed for even more room. The Club Cab was 20 inches longer than the regular cab to provide for the folding rear seat. Club Cab models offered six passenger seating and provided over 51 cubic feet of rear cargo space. Club Cab Ram pickups had more interior room than any of its competitors.</p> <p>1996 The tailgate protector was cancelled. The 8.0 liter V10 engine was equipped with sequential multi-port fuel injection. Improvements to the diesel engine increased horsepower and torque. RE series automatic transmissions were electronically shifted to provide smoother shifting. OBD-II on-board diagnostics system debuted along with the ITEC powertrain control module.</p> <p>1997 Ram Sport models were standard equipped with a 5.9L V8 engine, sport-tuned exhaust system with chrome tips, 17-inch wheels and a refined suspension system. For the 2500 series only the 8,800 lb. GVW rating was available. The so-called light 3/4 ton, 7,500 lb. GVW, was dropped. Remote keyless entry was available.</p> <p>1998 The Dodge Ram Quad Cab was introduced. It provided two rear seat access doors. Club Cab and Quad Cab Ram pickups received new front seats with integrated seat belts to provide unobstructed rear seat access. Interior improvements included a contoured instrument panel and a redesigned console. Passenger side airbag with on/off switch was standard on all models. At mid-year a new 24-valve Cummins Turbo Diesel was introduced. Additional improvements were made to the electronic fuel injection system to provide more power and fuel efficiency. Power door lock and window switches were illuminated. Optional equipment available included heated power mirrors and security system.</p> <p>1999 Ram Sport models were redesigned to feature a body color front bumper cover and grille, quad headlights, clear driving/fog lights and graphics. Steering wheel mounted radio controls were available. Overhead consoles were redesigned. Vacuum fluorescent odometer display debuted.</p> <p>2000 The 1500 series Club Cab longbed and all 2500 and 3500 series Club Cab models were discontinued. The Off-Road Group option, offered only for the 1500 short wheelbase model, included a limited-slip differential, performance shocks and springs on the front and rear, a front stabilizer bar, skid plates, tow hooks, 4.10:1 gear ratio, 17 x 8-inch aluminum wheels with all-terrain tires.</p> | <p>2001 The Club Cab version was discontinued. Ram pickups continued with only minor updates or improvements. This was due in large part to the upcoming redesign of the Ram pickup for the next model year.</p> <p>2002 This was a split year for the Ram pickup. The Ram 2500 and 3500 were a carryover of the existing body style. 2500 and 3500 models were only offered as a standard cab or quad cab. The Ram 1500 was totally redesigned and given a new body style. Two new engines accompanied the Ram 1500. The 3.7 liter V6 replaced the 3.9 liter V6 and the 4.7 liter V8 replaced the 5.2 liter V8. Ram 1500 Quad cab models featured full rear doors for easy access.</p> <p>2003 The Ram 2500 and 3500 body style were updated to match the Ram 1500. Debut of the 5.7 liter Hemi V8 which produced 345 horsepower and 365 ft.-lb. of torque. The high output 5.9 liter diesel, only offered with a 6-speed manual transmission, produced an industry leading 555 ft.-lb. of torque.</p> <p>2004 The Ram 1500 SRT-10 debuted as the fastest truck ever produced, capable of a top speed of over 150 mph. The SRT-10 used the Dodge Viper 8.3 liter V10 engine and 6-speed manual transmission. This package produced 500 horsepower and 525 ft.-lb. of torque.</p> <p>2005 The Dodge Ram Power Wagon was available again. The Power Wagon was powered by the 345 horsepower 5.7 liter Hemi V-8. Standard features included 4.56 gear ratio, Bilstein shocks, electric locking front and rear differentials, 17 x 8 inch forged aluminum wheels, 33-inch all-terrain tires and a 12,000-lb. winch.</p> <p>2006 Ram models received redesigned headlights, grille, front bumper cover and fenders. Ram 1500 models had a rear tailgate spoiler for improved aerodynamics. New coil spring front suspension on 4WD Ram 1500 models. Multi Displacement System was available on Ram 1500 trucks equipped with the 5.7L Hemi V8. MDS seamlessly alternated between 4 cylinder mode for improved fuel economy and V8 mode when more power was needed. The available Mega Cab was the largest cab ever offered in a full-size truck. Mega Cab models were only available with a shortbed to allow for the additional 20 inches of cab space featuring reclining rear seats and seating for six adults.</p> <p>2007 Headlights and tail lights were restyled for all Ram models. Ram 2500 and 3500 series trucks could be purchased with the new 6.7L Cummins diesel engine. The new diesel engine delivered 350 horsepower and 650 ft.-lbs of torque and was equipped with Bluetec emissions-reduction system that met the EPA's year 2010 emission standards. A new 6 speed automatic transmission was also available in diesel engine equipped trucks. The 4.7L V8 engine was E-85 fuel compatible.</p> <p>2008 The 4.7L V8 engine was revised, featuring a new camshaft design and new cylinder heads with 2 spark plugs per cylinder. Power ratings for the 4.7L increased to 310 horsepower and 330 ft.-lb. of torque. Cloth seats were constructed of YES Essentials, an odor and stain resistant antistatic fabric material.</p> |

Polyurethane Cab Mount Bushing Set

56-0637

Rubber cab mount bushings have a soft and forgiving ride, but they will crush, harden and crack over time. These polyurethane bushings are specially formulated to be more durable and last much longer than rubber mounts. Order today!

Shop Manual on USB Drive

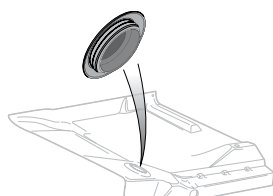

Replace your paper shop manual with a Shop Manual on a USB drive. USB drives contain scanned original shop manuals, complete with illustrations.

Choose the category you need and print the necessary pages for each project, as many times as you want. The PDF manual on a USB flash drive is totally portable and is compatible with Windows, MAC iOS, and Android operating systems. (Adobe Acrobat Reader or similar required to view). Each PDF features bookmarked sections, allowing you to easily navigate the entire manual in seconds and print only the pages you need.

Stacey David's Gearz Project Planning Book

Stacey David's Gearz Project Planning Book is a comprehensive guide to help you plan, budget, document and archive a complete project build from start to finish. This guide will help you stay more organized by planning ahead while keeping you on track and inspiring you to reach your project goals.

Each fill-in-the-blank section allows you to document the specific parts used, part numbers and costs involved. A table of contents breaks down the 22 color-coded sections. The 8 1/2" x 11" wire-bound book has 144 pages with a clear sleeve for receipts and photos.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1994-02 Ram 2500 3500

For the 1995 truck there are two types of designs for the tailgate hinges:

1st Design - U.S. built models up to 3/27/95 and Mexico models built up to 4/10/95. Left-hand tailgate hinge inside diameter measures .85".

2nd Design - U.S. built models after 3/27/95 and Mexico models built after 4/10/95. Left-hand tailgate hinge inside diameter measures 1.33".

Smooth Tailgate Handle and Bezel can be painted to match the color of your truck.

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE

Panel and Trim Removal Tool Set

Five-piece Panel and Trim Removal Tool Set can be used to remove interior and exterior trim, fasteners, moldings and panels. Constructed of heavy-duty plastic for strength and flexibility. Call or go online and order yours today!

PART	DESCRIPTION	PRICE
38-8245	PANEL & TRIM TOOL SET-5PC	\$9.95

Adhesive/Stripe Eraser Wheel

Easily remove decals, pinstriping and adhesive tape residue without damaging your paint! This 3-1/2" diameter eraser wheel includes the arbor and is designed for use in air or electric drills at speeds up to 4,000 rpm.

PART	DESCRIPTION	PRICE
38-1314	ADHESIVE/STRIPE ERASER WHEEL	\$14.95

Plug Weld Pliers

Spot weld your new rockers or other body panels with ease and have a factory style weld to show for it. The Plug Weld Pliers feature locking jaws and a replaceable copper alloy pad to prevent burn through. Replacement pads sold below.

PART	DESCRIPTION	PRICE
38-1318	PLUG WELD PLIERS	\$37.95
38-1319	REPLACEMENT PAD	\$11.95

Spot Weld Cutter

Quickly drills out spot welds on body panels. Features 1/4" arbor and double-ended 3/8" diameter cutting blade with retractable pilot to ensure accurate cuts without damage to underlying panel.

PART	DESCRIPTION	PRICE
38-1307	SPOT WELD CUTTER-3/8"	\$8.95
38-1396	REPL HEAD-3/8"-3 PACK	\$15.95

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

-T after a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Body Gap Filler Set

Body Gap Filler Set covers the gap between the frame and the bed of the truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber, each piece measures 33-1/2" long by 4-3/4" wide and must be sized and cut to fit. Drilling is required for installation. Mounting hardware and installation instructions are included.

30-2440	BODY GAP FILLER SET-REAR	(1)	\$17.95
---------	--------------------------	-----	---------

Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

Cowl Induction Steel Hood helps cool the engine for increased airflow and increased performance. The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air. Hoods are made from primed high-quality steel with full inner frame that reuses original factory latch and hinges for an easy bolt-on application and must be painted.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

PART	DESCRIPTION	PRICE
37-8411	POR-15 SEMI-GLOSS-1 PINT	\$41.88
37-8412	POR-15 SEMI-GLOSS-1 QUART	\$63.89
37-8408	POR-15 GLOSS-1 PINT	\$41.88
37-8409	POR-15 GLOSS-1 QUART	\$63.89
37-8418	DRY TIME ACCELERATOR	\$34.05

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1,200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$25.51
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$25.51

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415	METAL-PREP 1 QUART	\$22.14
37-8416	METAL-PREP 1 GALLON	\$44.74

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	CLEANER DEGREASER 1 QUART	\$14.67
37-8414	CLEANER DEGREASER 1 GALLON	\$29.61

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401	SELF ETCH PRIMER-GRAY	\$39.15

37-8403	TOP COAT-GLOSS BLACK	\$28.39
37-8404	TOP COAT-CHASSIS BLACK	\$28.39

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability, Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs.

It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480	BED LINER 1 QUART	\$37.94
37-8481	BED LINER 1 GALLON	\$142.96

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does

not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

PART	DESCRIPTION	PRICE
37-8488	FUEL TANK SEALER 1 PINT	\$31.44
37-8489	FUEL TANK SEALER 1 QUART	\$54.60

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process; 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

PART	DESCRIPTION	PRICE
37-8405	STOP RUST KIT	\$27.84

ABS Hood Insulation Kits

56-7515

Heat-resistant textured ABS Hood Insulation Kit covers up the underside of your hood and is available with or without officially licensed logo. Each kit includes pre-cut foil-backed insulation material, 14 oz. spray adhesive, 1 roll of aluminum tape, center punch, drill sleeve, mounting hardware and illustrated instructions. Drilling may be required on models not originally equipped with hood insulation.

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch-resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Tuff Truck Bag

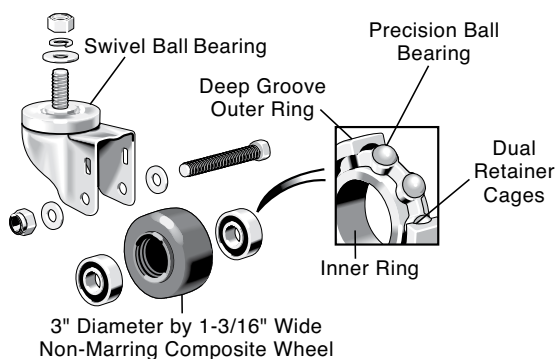

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x50"x22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

PART	DESCRIPTION	REQD	PRICE
38-3058	TUFF TRUCK BAG-BLACK	(1)	\$164.95

Extra Heavy-Duty Auto Dolly Set Makes Moving Your Vehicle Easy

XHD Auto Dolly Set, with 7,000 lbs. rating, makes it easy for one person to move a car, truck or SUV into a tight spot. Made of 1/4" thick mild steel x 12" x 16" formed plate and features 3" diameter by 1-3/16" wide swivel ball bearing caster wheels, one equipped with locking safety brake. Use on level, smooth surfaces.

PART	DESCRIPTION	APPLICATION	PRICE
38-0328	XHD TRUCK DOLLY SET OF 4	7,000 LB CAPACITY	\$229.95

Paint Protection Film

Made from rugged, clear, 8-mil thick polyurethane paint protection film that features a clear-coat finish for maximum shine and durability. Once applied, this material is virtually invisible yet helps prevent chipping, scratching and scuffing to the vulnerable areas of your vehicle.

Rocker Panel Protection Film

Kit contains two 9" wide x 15' rolls, installation squeegees and instructions.

Door Edge Protection Film

Contains 3/8" wide x 12' roll and instructions.

Bed Rail Protection Film

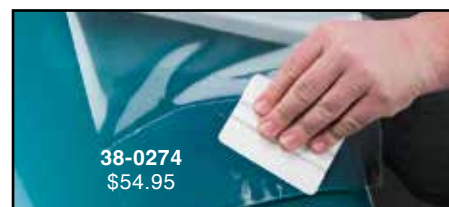

Kit contains 4" wide x 17' roll, installation squeegee and instructions.

Threshold Protection Film

Kit contains 2-3/4" wide x 5' roll, installation squeegee and instructions.

Hood Protection Film

Kit contains 12" wide x 6' roll and installation instructions.

3-in-1 Truck Ties

Tested to -20°F and 165°F, these 3-in-1 Truck Ties are made in the USA from durable nylon plastic and are designed to fit into the stake pockets of your truck in three different ways: by installing with the ring side facing the truck bed so multiple cargo straps can be used; with the cleat side facing the truck bed to keep tension in the rope each time it is looped around the tie; or by covering the load with a tarp over the stake pockets and inserting the truck ties into the stake pockets over the tarp (rated for highway speeds).

Ties can be installed and removed with no drilling or modifications necessary.

PART	DESCRIPTION	REQD	PRICE
37-7496	3-IN-1 TRUCK TIES-PAIR	(AR)	\$21.95

Movable Anchor Point

38-3239

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl coated and will not rust or scratch the truck's bed liners. Can be used with "under the rail" style bed liners.

PART	DESCRIPTION	PRICE
38-3239	MOVABLE ANCHOR POINT "A"	\$5.95

Note: "A" Except models with Ram Box.

BULL RING Retractable Tie Downs

38-3245

BULL RING Classic Tie Downs are made of rugged nylon and durable stainless steel with a rated capacity of 1,000 lbs. to manage big loads and can easily accommodate two standard 'S' hooks. Easy to install with no drilling required. Just snap the bull ring into the up position and tie down the load. When finished, simply snap the bull ring back into the recessed housing. Sold in pairs and backed by a lifetime warranty.

PART	DESCRIPTION	APPLICATION	PRICE
38-3245	CLASSIC TIE DOWN-SET OF TWO	94-15	\$29.95

Rail-Guards Provide Protection for Your Truck's Bed Rails

Rail-Guard is made of impact absorbing heavy-duty vinyl to protect your truck's bed rails. No drilling required. The full width 3M™ adhesive over the entire backside ensures maximum holding and means no condensation and dirt under the Rail-Guard. Can be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22 foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6 foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6 foot roll of 3-3/4" material. Must be sized and cut to fit.

Preassembled Custom Chrome Steel Grille with 4MM Billet

1994-01 Ram 1500

1994-02 Ram 2500 3500

56-8270

Custom Chrome Steel Grille Shell is stamped from new tooling using OE quality steel for strength and durability. Combination of new tooling and three layers of nickel – semi-bright nickel applied first, followed by a strike nickel, bright nickel and then chromed – gives this grille shell an exceptionally smooth surface before final chrome plating.

After stamping, the raw steel grille is buffed and polished to achieve a smooth, defect-free plating surface to give a high-quality, mirror-like finish. Comes with a 5 Year Limited Warranty on defects in material and workmanship.

PART	DESCRIPTION	"A"	APPLICATION	REQD	PRICE
56-8270	CHROME GRILLE W/4MM BARS	"A"	1500 94-01	(1)	\$599.95*

Rear Step Bumper OE Style

1994-12 Ram 1500 2500 3500

From the hitch assembly and step pad design to the lighting assembly, this OE Style Bumper matches the original bumper in every way.

- Meets all your replacement needs.
- Made from die-formed construction.
- Tested to maximum 500 lbs. tongue weight and 5,000 lbs. trailer weight.

Do not exceed truck manufacturer's recommended towing capacity.

Replacement Rear Step Bumper Components and Hardware See Pages 42 & 43

Custom Chrome Front Bumpers

1994-01 Ram 1500

1994-02 Ram 2500 3500

Custom Chrome Lighted Bumper

Custom Front Bumpers are stamped from new tooling using OE-quality steel for strength and durability. Bumper is buffed and polished for a smooth defect-free plating surface. The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish. Bumper has a 5 Year Limited Warranty on rust-through perforations. Lights are installed in the bumper, complete with all necessary wiring and installation instructions.

Lights have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion-free. State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives you maximum light output. Lights use a high efficiency halogen 12V 55W replaceable bulb and are OE quality, DOT and SAE approved and legal for on road use. Lights come with a 3 Year Limited Warranty on light assemblies (excluding bulb).

- 2-Light Bumper is equipped with two halogen fog lights, one illuminated rocker switch and one 12 volt relay.
- 4-Light Bumper is equipped with two halogen fog lights and two halogen driving lights with two illuminated rocker switches and two 12 volt relays.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

For More Information on Superwhite Bulb Set - See Page 102

Pre-Cut Body Side Molding Sets and Side Molding

1994-01 Ram 1500
1994-02 Ram 2500

LB = Longbed
SB = Shortbed

Pre-cut, no hassle, ready-to-install truck molding with factory formed or factory die-cut end treatments. Clear top-coated chrome mylar moldings make your truck look new again. Each self-adhesive pre-cut section attaches with 3M™ acrylic foam tape for an easy install. Due to varying option packages, modification of kit contents may be required for your truck.

Adhesive Roll Molding Tech Tip: Use vinyl edge sealer pen #38-0921 on all cut ends to ensure maximum molding life.

Vinyl Edge Sealer Pen can be used on all vinyl decals/graphics and on the ends of adhesive chrome body moldings that will be exposed to the elements. The pen is filled with .3 ounces of ultraviolet light-blocking, fast-drying, clear acrylic sealer. It features a wedge applicator tip for a smooth, even application and includes a replacement tip so that it can be used over and over. It will also protect edges from damage caused by physical contact such as polishing/waxing and washing.

Belt Molding Remover

Window Belt Molding Remover allows quick removal of your window belt molding without damaging the sheet metal, glass or molding. Plasti-dipped handle provides a wide, comfortable grip.

PART	DESCRIPTION	PRICE
38-1395	BELT MOLDING REMOVER	\$14.55

Door Window Glass Holder

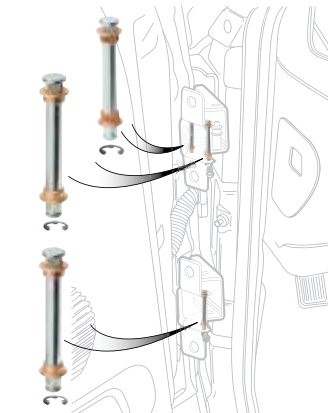

Door Window Glass Holder supports the glass while you work on the window regulator. It works on all trucks with a top door frame. Simply loop cable over door frame and attach suction cups to each side of glass. The glass is then securely held above the door while your work is performed.

PART	DESCRIPTION	PRICE
39-6397	DOOR WINDOW GLASS HOLDER	\$18.95

Door Latch Reinforcement Kit

1994-01 Ram 1500
1994-02 Ram 2500 3500

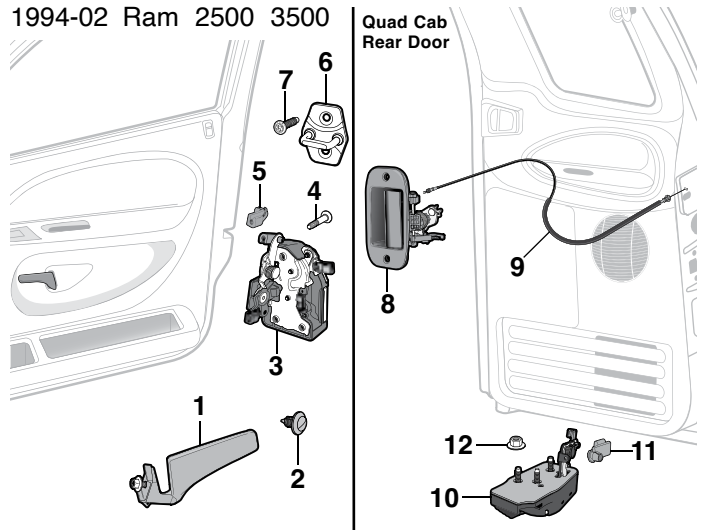

This Door Latch Reinforcement Kit installs over the existing door shell to provide strength to your truck's doors to ensure proper door latch function. Made from aluminum, this kit will not corrode, ensuring a strong, long-lasting repair.

The door latch reinforcement kit includes the pre-cut aluminum plate, all necessary hardware and instructions for a repair. Installation does not require bodywork or the replacement of your truck's doors.

ABS Plastic Headliners ... The Long-Term Solution to Sagging Headliners

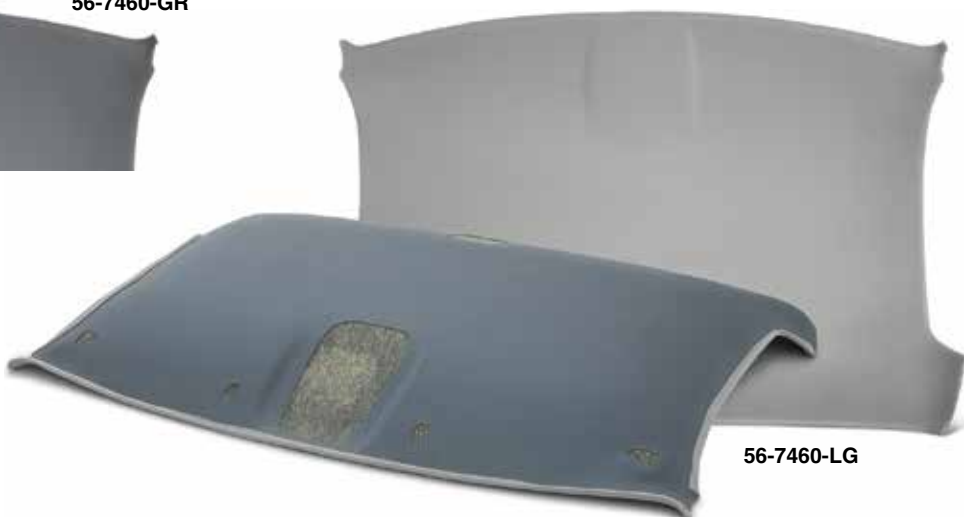

56-7460-GR

The original headliners are made of pressed foam board. Over time the headlining material separates from the foam board and falls down with the foam board usually deteriorated beyond repair. These ABS plastic-backed headliners are a simple, cost-effective, long-term solution to this problem.

Headliners are vacuum-formed ABS plastic covered with foam-backed cloth materials in colors that fit and function as original.

- Easy Installation
- No Special Tools
- Instructions Included

1994-05 Dash Pads

A New, Permanent and Economical Solution to Your Cracked Dash

Finally, an economical solution to replace your unsightly cracked dash pad and instrument bezel! These new dash components have been developed using improved heat-resistant thermoplastic compounds to resist shrinking and fading.

1994-97

1998-02

2002-05

The paint is mixed with an ultraviolet inhibitor to help prevent damage from the exposure to sunlight. Due to original manufacturing inconsistencies and exposure to the sun over time, some slight variation may be noticed.

Dash pads come complete with pre-installed A-pillar seals and color-matched defrost vents.

1994-97 Dash Pad and Instrument Bezel

1994-97 Dash Pad is only available in Medium Quartz (color code D5, original for 1994-96 models). ColorBond can be used to match any of the original colors shown on page 67.

New Vintage USA Performance II Gauge Clusters

1994-01 Ram 1500
1994-02 Ram 2500 3500

New Vintage USA Performance II Series Gauge Clusters have the the combined style of European sports car and racing gauges, providing a classic gauge feel without the "in your face" look of a racing gauge.

NVU gauge clusters replace your original factory cluster and fit automatic and manual clusters.

Gauge Clusters feature full sweep stepper motors for higher dial resolution, blue LED backlighting at night, stainless bezels, and flat glass to add to the high-class, OE-installed look. Built in indicators for turn signal, high beam and warning lights are included.

Available in Black and White Faces

Gauges:

- 3-7/16" Speedometer 140 mph programmable with 1 auxiliary input
- 3-7/16" Tachometer 8,000 rpm with 2 auxiliary inputs
- 2-1/16" Fuel gauge, programmable (220-20 Ω factory-match)
- Temperature gauge 140-280
- Oil pressure gauge 0-100 psi
- Voltmeter 9-17V

Molded Carpet ... Fits and Looks Like Original

Complete Truck Molded Carpet replaces all interior floor carpets. Cut-pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached.

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

All MIP Mats are only available in black.

DOJAMAT Retro Floor Mats

Protect your truck's carpet with these Retro Rubber Floor Mats from Dojamat. Patterned after the very popular floor mats available in the '70s and '80s, they're the perfect final touch to your truck's interior.

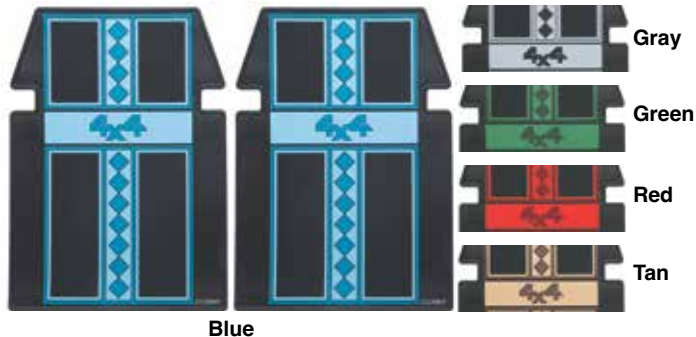

They are made from 100% premium grade durable black rubber, top and bottom. Retro rubber floor mats feature several gripping areas for non-slip fit.

Each set comes with two floor mats.

Floor Liners ... Tough and Durable Protection for Your Truck

Front Floor Liners

Rear Floor Liners

Floor Liners protect your truck's carpet from water, snow, mud and most chemicals. Molded for an exact fit from a patented rubberized thermo-plastic material, guaranteed not to crack or break. Raised outer rim traps up to 2 gallons of liquid. Driver's side mat is equipped with an extra thick heel pad to offer heel protection and guard against wear in this high use area.

Floor mats conform to the shape of your vehicle's floor and have an anti-slip back. Cleanup is easy, just wipe up small areas with a cloth or remove the mat and hose it off.

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today!

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0759 Weatherstrip Adhesive to easily install Insulation Material.

Sound Control Mat

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat-resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

EVA Sound Deadener and Heat Shield Kits

Installation Tip: To reach the maximum level of sound dampening and insulation, use Multi-Purpose Insulation #38-2829 to cover any areas not protected by the EVA Sound Deadener and Heat Shield Kits. Use #38-0798 Spray Adhesive, #38-0759 Weatherstrip Adhesive and #38-0716 Aluminum Tape to install sound deadener, heat shield and insulation.

EVA Sound Deadener Kit

The EVA Sound Deadener Kit is die cut for easy installation. Made from OE type, 1/16" thick Ethyl Vinyl Acetate (EVA) which is an asphalt based material used for sound dampening. Applies directly to the cab floor. Reduces road noise and cab harmonics to give you a quieter ride and also helps to insulate against heat and cold. To further insulate against heat and cold, use in combination with the Heat Shield Kit.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
55-9941	EVA SOUND DEADENER KIT	RAM	94-02 (1)	\$54.95

Heat Shield Kit

Heat Shield Kit is die cut to match the EVA Sound Deadener Kit for easy installation. Consists of 1/4" thick, 24 ounce needle punched jute padding on one side which insulates against heat and cold. The other side has 2 layers of fiber reinforced aluminum foil reflecting up to 97% of radiant heat which helps to keep you warm in the winter and cool in the summer.

Seat Heater Kits ... Warm Yourself Up Before Your Truck Warms Up

38-2198

Seat Heaters are constructed with patented carbon fiber heating elements which give consistent and controlled warmth. Paper thin heating elements are water-resistant and install between any seat cover material and seat cushion. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and instructions.

#38-2198 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

#38-2199 contains two 11" x 22" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bench seat applications.

Look New Again ... The Easy Way!

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

ColorBond can be used on:

- Vinyl
- Polyurethane
- Recycled Plastics
- Leather
- Polycarbonate
- Carpet
- ABS Plastic
- Lexan
- Cloth Upholstery
- PVC
- Acrylic

\$20.95
each

These colors are specially formulated to closely match the original dash pad for the corresponding year.

Interior Color Code

The interior color code can be found on the label affixed to the driver's side door latch pillar. The four character TRM code is located below the bar code to the right of where the vehicle was manufactured. The first two characters are the code for the interior material and the last two characters are the interior color code.

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

37-8396 ColorBond Satin Clear Coat provides a protective finish that won't wash off. Protects against fading, cracking and heat deterioration.
12 oz Can \$20.95

37-8395 ColorBond Adhesion Promoter is required for the use of ColorBond on materials such as Polypropylene, Thermoplastic Elastomer, Polyolefin, Fiberglass and metal.
12 oz Can \$20.95

Black Underhood Paint

37-8367
Black
\$20.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

Prep/Cleaner

37-8399
12 oz Can
\$13.95

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

Spitshine Tire Black and Silver Rally Wheel Paint ... Bring Back the Shine

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

ColorBond Rally Wheel Paint is a specially formulated acrylic lacquer that provides a brilliant silver finish to the original rally wheels and withstands temperatures up to 250°F. Each 12 ounce can covers 6 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

Not for use on tires with white lettering or sidewalls.

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

PART	DESCRIPTION	PRICE
38-0767	5 OZ TUBE	\$16.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	2.7 OZ TUBE	\$6.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798	10.5 OZ CAN	\$8.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766	16 OZ AEROSOL	\$6.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783	1.5 OZ TUBE	\$5.95

Permatex Anti-Seize Lubricant is a highly refined blend of aluminum, copper and graphite lubricants. Use during assembly to prevent galling, corrosion and seizing due to weathering or chemicals. Anti-Seize Lubricant assures easier disassembly and is salt, corrosion and moisture resistant.

PART	DESCRIPTION	PRICE
38-0757	4 OZ JAR	\$8.45

Penetrating Graphite Powder is an extra fine graphite powder that is odorless dry powder lubricant, used to guard against sticking, wear, and corrosion. Keeps brake cables, speedometer cables, control cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
38-0751	.21 OZ TUBE	\$3.95

Permatex Weatherstrip Adhesive is a flexible, water-resistant black adhesive for bonding rubber and metal surfaces. Withstands extreme temperatures and resistant to gasoline, antifreeze and most solvents.

PART	DESCRIPTION	PRICE
38-0759	5 OZ TUBE	\$8.95

Permatex Orange Threadlocker is a hybrid formula that combines the strength of Red with the removability of Blue Threadlocker. Orange Threadlocker is ideal for heavy-duty, high vibration applications and can be removed with hand tools without heating.

PART	DESCRIPTION	PRICE
38-0749	.34 OZ TUBE	\$12.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770	.33 OZ TUBE	\$4.95

Permatex's Thread Sealant with PTFE (a thermoplastic polymer) is an economical general-purpose fitting sealant. It outperforms traditional tapes and pipe dopes while it seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Thread Sealant remains pliable at higher and lower temperatures.

PART	DESCRIPTION	PRICE
38-0753	4 OZ JAR	\$8.45

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	.3 OZ PEN	\$12.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M TAPE	\$8.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties

and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779	STRIP CAULK	\$5.75

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765	20 GRAM STICK	\$5.95

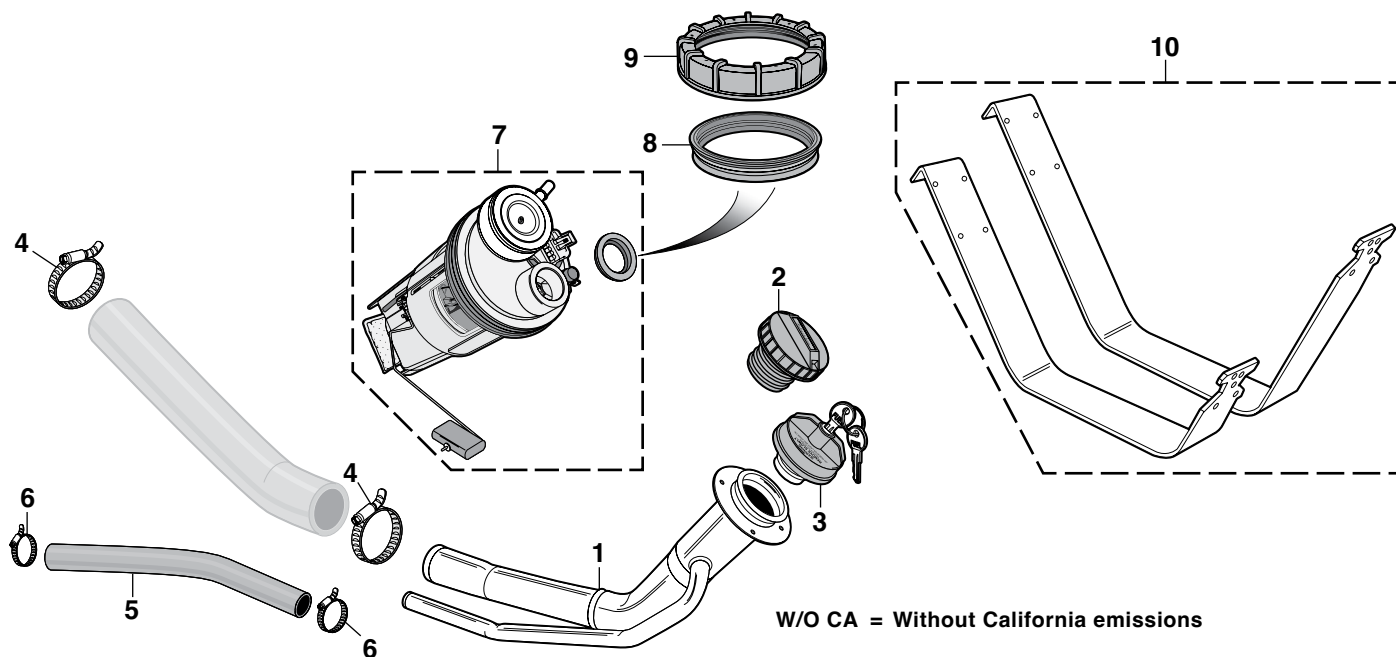

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	PRICE
38-0781	11 OZ TUBE	\$16.45

Shock Absorbers ... Driving Control, Even Ride and Performance Handling

Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

GR-2/Excel-G (XLG) Gas Shock Absorbers: Features lower pressure for riding comfort, with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

Note: GR-2 and Excel-G (XLG) shock absorbers are identical except for the product name and paint color.

GVW = Gross Vehicle Weight

Front Leveling Kit ... For Better Looks and Larger Tires

Front Leveling Kit lifts the front of a truck to match the rear for an improved level height and look. Adding a Front Leveling Kit is inexpensive and gives the extra space needed to accommodate larger tires on a truck. A modest front lift still maintains the factory ride quality and won't affect steering or suspension. Quick and easy bolt-on installation; the kit is designed to work with the original suspension with no need to change other components. Allows installation of up to 33" tires.

Disposable Black Nitrile Gloves

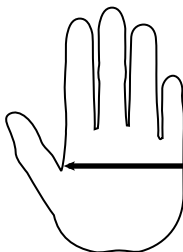

Disposable Black Nitrile Gloves are made from durable, powder-free 6 mil thick patented material for superior strength and tear-through resistance.

Gloves feature a fully textured finish for better grip with a two-ply construction that is tough enough to withstand exposure to grease, solvents and oil. Sold as a box of 100.

Glove Sizing:

Place your hand on a flat ruler with your index finger next to the zero line:

3-1/2" = Medium
4" = Large
4-1/2" = X-Large

PART	DESCRIPTION	PRICE
38-0712-M	MEDIUM 100 GLOVE PACK	\$26.95

Chrome Differential Covers

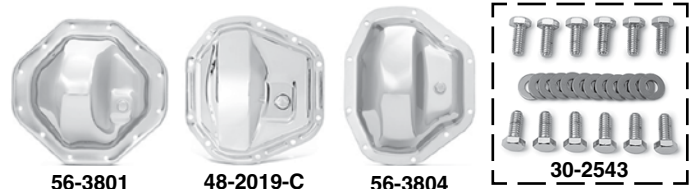

How to ID a DANA-SPICER Axle

All Spicer axles are identified with a manufacturing date and Bill of Material Number stamped on the right or left hand tube. The axle model number will be cast into one of the webs as shown or it can be on the nose.

The Bill of Material Number will always contain six digits followed by a dash number. Bill of Material Numbers are listed where necessary for axle identification. When a Bill of Material Number is listed, it means the item will only fit axles stamped with that Bill of Material Number, e.g. 610320-1.

4WD Transfer Case Components

Transfer case chains can stretch due to heavy use or high mileage and cause damage to the transfer case housing increasing the chance of expensive repairs.

Transfer case shift fork pads allow smooth shifting between 2WD and 4WD modes by engaging the shift collars inside the transfer case. Pad failure can prevent shifting between drive modes, possibly damaging the gears inside the transfer case.

Front Differential Cable Lock Kit ... Cures Slow to No-engagement Blues !

1994-01 Ram 1500

1994-02 Ram 2500 3500

Works like hubs with full control from inside the cab without stopping, in any temperature. Will not disengage when ignition is turned off or if differential is submerged in mud, water or snow. Two-wheel drive low range benefits from bind-free steering AND high rear axle torque. This feature is not available with factory systems and is beneficial when maneuvering trailers. Reduces front differential wear and right axle breakage.

55-9410	DIFFERENTIAL LOCK KIT	2500 3500 94-02	(1)	\$199.95

Differential Lock Kit is compatible with manually (lever) or electrically (push button) engaged transfer cases. Easily installed in one to two hours with basic hand tools. No internal axle or differential work required.

Differential Lock Kit

1994-01 Ram 1500

1994-02 Ram 2500 3500

Differential Lock Kit is a permanent replacement for the original, vacuum-actuated central axle disconnect system (CAD). It permanently engages the CAD and couples both front axles. Axles automatically engage as soon as the transfer case is shifted into four wheel drive, ensuring proper function of the four wheel drive system with less risk of failure. Complete illustrated instructions and hardware included.

Switch-Ball™ Set

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

PART	DESCRIPTION	REQD	PRICE
37-7433 SWITCH-BALL SET		(1)	\$57.95

Custom Towing Mirror

This Custom Towing Mirror slides over your mirror without obstructing its view. It provides an extended view for towing and leaves no marks on your truck. All durable corrosion resistant construction installs easily and securely with no tools required.

Towing mirrors are required in many states so call or go online and order yours today.

Note: "A" Except Mega Cab models.
"B" For Mega Cab models.

Heavy-Duty Steering Shaft Assemblies are made from chrome moly steel billets and incorporate needle bearings for precise road handling. The universal joints use sealed, permanently lubricated needle bearings making it maintenance-free for the life of your truck. This assembly adds a measure of safety to the steering system with two needle bearing U-joints and a telescoping shaft.

4WD Steering Brace Kit

2003-15 Ram 2500
2003-15 Ram 3500

4WD Steering Brace Kit reinforces the steering gear and prevents premature wear and loose, wandering steering. The brace adds rigid support for the steering gear and ties the frame horns together, decreasing side-to-side flex while offering a tighter steering feel and extending the steering gear lifespan.

Each Brace Kit features easy bolt-on installation and can be installed using common hand tools. Brace is precision cut for perfect fit and powder-coated to resist corrosion. Includes detailed installation instructions and all mounting hardware.

Heavy-Duty Track Bar

4WD Models Built after 2/7/94

1994-01 Ram 1500

1994-02 Ram 2500 3500

Heavy-Duty Track Bar helps with steering wheel shimmy in 4WD trucks. The ball and socket joint used in the OE-design track bar is constructed of a smooth 1" diameter ball that utilizes a nylon bearing surface and nylon preload washer. Given the high lateral loads placed on the track bar, the OE design is destined to fail under even the most careful driving conditions. There is a 47% increase in surface wear area versus OE design. Heavy-Duty Track Bar features a grooved (for better grease retention) 1.25" diameter ball that utilizes a metal bearing cap with a steel spring providing the preload, a rugged case-hardened ball stud housing made from billet steel and an adjustable ball stud end housing that aids in front axle alignment. It is built to withstand the demands of extreme usage.

4WD models built after 2/7/94 feature a track bar with ball stud starting taper of 3/4".

Brake Shoe Adjustment Tool

Brake Shoe Adjustment Tool adjusts the clearance between the brake drum and the brake shoe through the backing plate (providing the manufacturer has made provisions). Simply remove the rubber plug to access the star adjustment bar without having to remove the drum.

PART	DESCRIPTION	REQD	PRICE
38-1291	BRAKE SHOE ADJUSTMENT TOOL	(1)	\$6.95

Wheel Bearing Grease Packer

Wheel Bearing Grease Packer quickly flushes out old grease and repacks the bearing with less the mess. The Wheel Bearing Grease Packer works on bearings up to 3 1/2" outer diameter. The grease stays in the tool cavity, not on your hands. To pack a bearing, simply place the bearing on the piston, press down on the cap until the old grease is forced out and the new grease shows on top of the bearing.

PART	DESCRIPTION	APPLICATION	PRICE
34-0509	WHEEL BEARING GREASE PACKER	UNIVERSAL	\$26.95

Chrome Wheel Covers and Center Caps

Triple chrome plated Chrome Wheel Covers are constructed from high-impact ABS and engineered to match the shape and design of OE wheels for a perfect fit and instant transformation from stock to chrome. Wheel Covers simply snap into place over stock wheels.

EZ Oil Drain Valve

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal.

Simple operation; push in cap, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

NotchHead Line Clamps

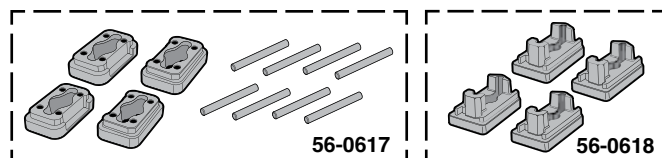

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

Shorty Headers ... Bolt-On Power and Performance

56-0126

Also Available
in ARMOR Coat

56-0121

Shorty Headers are an easy, bolt-on installation that connects to stock Y-pipes and adds power and performance to your truck. They are made from mandrel-bent, 16-gauge tubing for durability and feature milled CNC-machined thick steel flanges for a better seal.

The ARMOR Coat finish is a high-temp, metallic-ceramic coating that won't discolor like paint, chrome or dull finish coatings; it reduces under-hood temperatures, resists corrosion and is easy to keep clean.

Also available with a black painted finish.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Header Wrap

36-6181

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50-foot rolls of 1" or 2" widths. Two 50-foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

PART	DESCRIPTION	APPLICATION	PRICE
36-6181	HEADER WRAP	1" X 25'	\$10.95
36-6182	HEADER WRAP	1" X 50'	\$20.95

Throttle Body Spacers

56-0050

IMPROVES GAS MILEAGE Improve performance and fuel economy ... Throttle Body Spacer causes the fuel to travel further, which improves fuel dispersion, making it easier for the fuel to ignite and burn thoroughly. Receive increased throttle response, a 10-15% improvement in torque and gas mileage increase of up to 8%. Easily installs between intake manifold and throttle body injection unit. Will not affect computer function.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
56-0050	THROTTLE BODY SPACER	3.9L 5.2L 5.9L 94-02	(1)	\$56.45

Performance Powr-Flo Throttle Body Spacers

56-0100

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore engineered to increase velocity of airflow into intake manifold. This allows more air to reach combustion chamber for denser air charge and

increase in fuel efficiency. The result is improved throttle response and power gains in mid-range and upper rpm operating ranges. Includes gaskets, hardware and instructions for a simple, bolt-on installation with no other vehicle modifications required.

Cat-Back Performance Dual Exhaust System with Resonator Tips

**Exceptional Sound
with Increased
Horsepower**

Performance Dual Exhaust System allows increased performance and maintains the catalytic converter. Straight-through design reduces back pressure for increased horsepower, more low-end torque and better fuel economy. Resonator Tips serve as the muffler in these systems.

Systems are made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems.

Manufactured from 16-gauge aluminized steel that lasts longer than conventional plain steel systems. Easy bolt-on installation; no welding required. Hangers, fasteners and steel clamps are included. Exhaust exits the rear of truck.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Dual Electric Cooling Fan Assembly ... For Improved Cooling, Fuel Economy and Power

Part #	Size	Motor	CFM	Amp Draw
38-4890	26"W X 15"H X 3.62"D	2 X 160 watt heavy duty	2600	24.8
38-4893	33.5"W X 17"H X 3.9"D	2 X 225 watt heavy duty	4320	34.5

Dual Electric Cooling Fan Assembly provides increased horsepower and improved MPG. Electric fans provide increased cooling at idle when needed most and eliminate the draw of a mechanical engine-driven fan. Increased airflow across A/C condenser gives cooler, more consistent A/C temperatures at low engine speeds. **IMPROVES GAS MILEAGE**

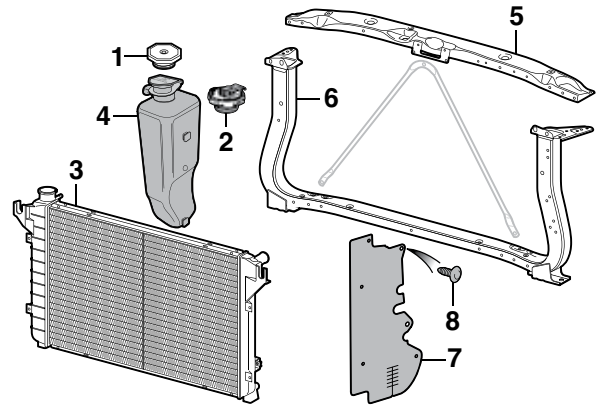

Dual Electric Fan Assemblies have a quiet S-blade design and include a wiring harness, relay, adjustable fan temperature switch and installation instructions.

A/C Cooling Fan Harness activates the electric cooling fan when the A/C compressor clutch is engaged. Kit includes heavy-gauge wire harness, relay, 30 amp fuse, electrical connections and installation instructions.

Wiper Arm Tool

Wiper Arm Tool provides the leverage needed to safely remove and install wiper arms without damaging the vehicle.

Tech Tip: All locking pins or retaining nuts must be removed before using the Wiper Arm Tool.

PART	DESCRIPTION	PRICE
38-1335	WIPER ARM TOOL	\$5.95

Heated Windshield Washer Kit

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

Battery Mat

Battery Mat is made from polypropylene needle punch felt which traps and neutralizes battery acid. The Battery Mat is safe to handle and takes only minutes to install.

PART	DESCRIPTION	PRICE
38-1039	BATTERY MAT-BLACK-8" X 12"	\$7.95

8" Powered Subwoofer *1-Year Warranty*

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

PART	DESCRIPTION	APPLICATION	PRICE
38-8527	POWERED SUBWOOFER-8"	100 WATT	\$199.99

Full Range Speaker Set

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4 ohms impedance. Acoustic batting

is used to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

Electronic Musical Horn Plays 46 Sounds

3 Modes ... Animal, Alarm or Music ... 46 Different Sounds

Electronic Musical Horn plugs into a cigarette lighter or power point to play sound three times and stop automatically or can be used as a loudspeaker with included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. Command module is 7" wide by 3" high and mounts using included adhesive backed hook and loop patches. No drilling is required.

Adjustable rotary on/off volume control allows for easy sound level control, five bright LED lights on control module instantly indicate system mode and a 4" diameter weatherproof horn mounts under the hood. For 12 volt negative ground systems.

PART	DESCRIPTION	PRICE
38-1503	ELECTRONIC MUSICAL HORN	\$29.95

Wire Terminal Extractor Tools

This Wire Terminal Tool Kit is designed to release and extract wires from terminals without damage. The single blades have a bevel ground onto the end for working on small terminals found on newer vehicles. Red is specially designed for Pak-Con and WeatherPak

terminals. Silver has prongs to depress the 'barbs' on conventional terminals. The handle slips over the probes to protect your hand as well as provide extra leverage. This complete kit comes in a sturdy blow-molded case for protection and long life and is a must-have for any do-it-yourselfer's toolbox.

PART	DESCRIPTION	PRICE
38-1297	WIRE TERMINAL TOOL KIT	\$54.95

WeatherPak Wire Extractor Tools

These WeatherPak Wire Extractor Tools will save you time and hassle when servicing your vehicle's wiring system. Tools are engineered to easily release and remove OEM terminals from their WeatherPak housings, as well as releasing the lock tab on Packard 56 and Pak-Con terminals. This 3-piece set comes with a narrow pick (.05" wide), wide pick (.09") and tubular-shaped extraction tool. Handles are color-coded for easy identification.

Heavy-Duty Headlight Harness

Not for use on models with daytime running lights.

55-9505

Heavy-Duty Headlight Harness draws power directly from the battery whereas the original wiring draws its power from the headlight switch. Harness has separate relays for low and high beams and features OE-style headlight sockets for easy installation. No splicing or cutting required. Call or go online and order yours today!

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Halogen Blue-Coated Headlight Bulbs

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

LED Bulbs

36-0368

36-0370

47-0310-D

36-0205

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

Superwhite Bulb Set Produces 30% More Light

Superwhite Headlight Bulbs

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

Off Road Light

Off Road Light has a four layer nickel chrome finish and features a spot beam pattern using a powerful 100 watt halogen bulb to provide extra light. The light measures 6.3" in diameter, 4.9" deep and has a 7/16" mounting stud with rubber mounting bracket and reinforced steel housing. Light is sold each.

Order #38-1275 Wiring Harness for a quick and easy installation.

PART	DESCRIPTION	PRICE
38-1272	LIGHT-CHROME 100W	\$24.95
36-0287	HALOGEN BULB-100W	\$4.45
38-1275	WIRING HARNESS	\$25.95

Driving Light Set

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

LED Tail Light Sets

56-7007

56-6968

Electronic Flasher
See Page 102

56-7009

New technology previously only on high-end luxury cars is now available for your truck! These tail lights quickly alert other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs which translates to a gain of 20+ feet of reaction distance!

LEDs have no filament, which means they are less sensitive to vibrations, and can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system.

Tail lights are a direct replacement for stock tail lights and are made to factory specifications. No modifications to fit required. They feature LEDs for brake lights, parking lights and turn signals.

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

#56-7007 and #56-6968 use original clear bulbs, sold separately.

#56-7009 includes clear backup bulbs.

56-6963

56-6964

56-6965

Custom Tail Light Sets have an ultra clear lens with a chrome, black or carbon fiber housing and red reflector lenses that use the original clear bulbs, sold separately. Lens assembly complies with all federal regulations. All required test functions are indicated on each lens assembly, as required by law. Custom Tail Light Sets easily replace stock factory lenses.

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes.

In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

Retail Delivery Fee Notice

Some states are starting to pass legislation requiring us to collect a Retail Delivery Fee on shipments. Check with your state's department of revenue for more information.

For those customers living in states that require this, the extra fee will be added to each purchase that is taxable under the state code.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T -** After a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required..
- * -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- ** -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery
- R -** After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St. Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping to Alaska, Hawaii and the U.S. Territories

Order Parts Total	Shipping to Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	49.95
150.01 to 250.00	65.95
250.01 to 350.00	72.95
350.01 to 500.00	79.95
500.01 and Up	Quote ♦

♦ You will be contacted with charges.

We reserve the right to ship the most economical way. If you need your order shipped in a specific manner, contact customer service for a customized quote.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

This chart shows shipping charges on orders up to \$500. Parts must be 108 inches or less and weigh 70 pounds or less to qualify. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

New Rules for Out-Of-State Sales Taxes

On June 21, 2018, the United States Supreme Court fundamentally changed the rules for collection of sales tax on out-of-state transactions. In its decision the Court effectively stated that individual states can require online sellers to collect state sales tax on their transactions. Many states already have, and more will continue to, impose sales tax collection on companies.

Based on this ruling we will be collecting taxes if you reside in a state that requires us to do so.

If you are planning on sending an order by mail, please be sure to check your State and Local Sales Tax rates.

2500 Diesel

Joe Mistretta and His 1997 Dodge Ram 2500

I bought this truck in 1999. 300,000 miles later, it was ready for a restore. The whole job depended on finding a dashboard. I eventually found one that was used but in good shape. Thanks to LMC Truck, I found many parts. Several months later, it was ready for paint, so I contacted Bobby C. and now she looks new again.
