NEW**Klassic Keyless****Keyless Remote Entry Systems**

1968-77 Bronco

This complete, do-it-yourself keyless entry kit from Klassic Keyless is designed to fit your Bronco. This is not a "universal" collection of parts, but a comprehensive, vehicle-specific system that is engineered with the shade tree mechanic in mind. The kit comes with everything needed to install remote activated keyless entry into your truck using common hand tools.

The Keyless Remote Entry System includes:

- Keyless entry module with onboard relays for a clean installation.
- 2 two-button remote controls.
- 2 door lock actuators with 15 lbs. of pull and built-in overload protection.
- 2 actuator mounting brackets.
- 2 rubber doorjamb boots.
- 2 actuator connecting rods and clips.
- Wire harness.
- Full color step by step instruction manual and all necessary hardware.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
47-0021	KEYLESS REMOTE ENTRY	BRONCO 68-77	(1)	\$239.95

Cab Floor Pan Assembly

Produced from new tooling and OE quality steel, as original, for strength and durability, this Cab Floor Pan Assembly comes complete with cab mounts, floor reinforcements and inner rocker panels. It offers a sturdy base for rocker panels, cab mounts and seats.

The Cab Floor Pan Assembly is finished with an Electro Deposit Primer (EDP) coating that protects against corrosion on both the top and underside of the Floor Pan. All original holes and weld-nuts are included for an installation of your original seat frame.

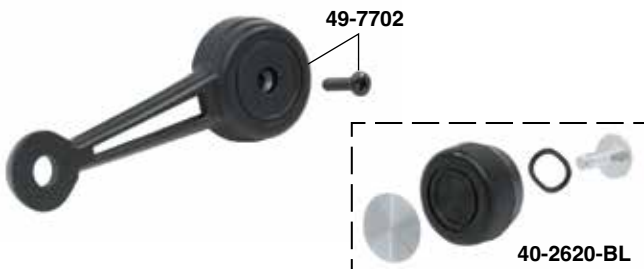

PART	DESCRIPTION	APPLICATION	REQD	PRICE
49-8977-T	CAB FLOOR PAN ASSEMBLY "A"	BRONCO 66-77	(1)	\$679.95

Note: "A" Parking brake cable plate #45-4105 required for proper brake function.

-T after a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Black Window Handle without Knob

1968-77 Bronco

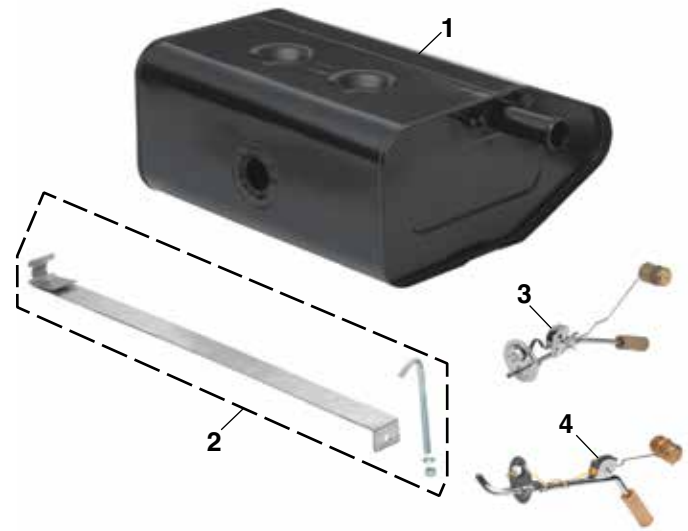

This satin black Window Handle is a perfect custom touch for your truck's interior. Comes with matching black screw. Window handle knob sold separately.

Radiator Cap with Safety Lever	83		

I have a picture in my office. It was an aerial photograph taken in the '60s of the farm we lived on in rural Iowa. To be exact, RR1, Anamosa, IA, before every address had a house number and a private line telephone. We had a party line phone with 8 people on it, well, that is a whole letter to itself along with the Sears and Roebuck catalog, that had everything from toys to a house you could buy and build.

It was a thing back then, and still is now, that a plane flies over, takes a picture and then sells it to you. We aren't going to get into the right or wrong of that idea right now. Instead I am going to say I am grateful that day they flew over and my parents somehow had the money to buy that picture.

It hangs in my office alongside the serenity prayer. It is there to remind me of who I am and where I come from. That my mom and dad somehow raised 5 kids in a 2-bedroom house until Uncle Dewayne converted the garage to a bedroom for them in the late '60s. That you can exist without a shower and only a bathtub, that you got three TV stations if the rabbit ears were just right and wrapped in aluminum foil, and the only thing you were allowed to watch were Gunsmoke, Rawhide, and Wild Kingdom. Oh, and can't forget The Andy Williams Show. That Sunday morning was church and then grandma's fried chicken and gravy. My grandmother was younger then than I am now. I hadn't really thought about that until I started typing out this letter.

The picture is before my grandfather put the orchard in for them and the feed lot went in. It had to be the early '60s that this picture was taken. Before mom let me put in my own flower beds and I went into the woods and dug up what I wanted to plant and tried to graft or cross-pollinate. Before my mom and I had our first and only big fight over Vietnam. I was a pacifist and plant-loving, earth-loving girl, even back then, who drove her dad's old truck long before I was old enough because the sheriff would just know I was Harold's daughter.

I have been nostalgic lately. I think it is because I turn 69 in January and have outlived my parents and two of my brothers. My parents died young. My dad was only 58, so when you are older than your parents were when they died, your brain can overthink things.

At every level I know I have a great life, with two daughters with beautiful families, and I have been truly blessed. But deep in my heart I am still that young pacifist, plant-loving, earth-loving girl who just wants to garden and drive the old truck. The shorter, colder days were always my time to slow down and think about my next chapter, until COVID, and then it was just hurry and scramble and work. This year I am taking time off work to reflect and make decisions about my last chapter. I want to go into the woods, find the plants that only grow there, and try them in my wildflower garden. I want to drive the '72 Cheyenne into "town" with my grandsons to get ice cream. I will never leave LMC or sell it, but it is time for me to enjoy and spend more time with my grandchildren and daughters. Maybe only work 50 hours a week!

Becky

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
36-4016-F	(1)	WIPER BLADE-12"-STAINLESS	BRONCO 66-77	(2)	\$8.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 104 and 105.

Listing Explanation:

PART: The part number you order. i.e. **#36-4016-F**.

ILL #: Illustration reference number, i.e. (1) is the Wiper Blade.

DESCRIPTION: Name of part, i.e. Wiper Blade.

APPLICATION: Model and year part fits, i.e. Bronco 1966-77.

REQD: Quantity of the part required for one truck, i.e. two
(2) Wiper Blades are required for one truck.

PRICE: The low price you pay for one part, i.e. Wiper Blade is \$8.95, making your total net cost \$17.90 + Delivery & Handling for two Wiper Blades required for one truck.

Part Number Definitions

-T -T after a part number means that part must be shipped Truck Freight.

An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

-R Remanufactured Part - No core charge.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Part Number Example

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
47-0602	(1)	EMERGENCY FLASHER SWITCH "A" BRONCO	68-73	(1)	\$19.95

The application line states that this part, **#47-0602**, fits Bronco models only 1968-73.

On the description line of part you see "A", this means there is a special note about this particular part.

At the bottom of the page the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Note: "A" For models from serial #P40,001-on.

Example: This note is telling you that this part, **#47-0602**, will fit models from serial #P40,001-on.

If You Can't Find the Part You Need in this Catalog, Here's What You Should Do:

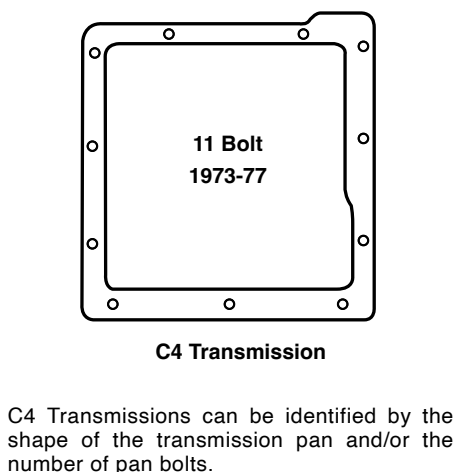

- Check local SALVAGE YARDS. Even if they do not have a truck like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Don't hesitate to ask them if you may use it.
- Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
- Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

-BG	Burgundy
-BN	Brown
-GN	Green
-GR	Gray
-LL	Blue
-OW	Off White (Parchment)
-RD	Red
-SD	Saddle
-WH	White

Key Information

- 1966** The latest addition to the truck line was the four-wheel drive Bronco utility vehicle. Built on a 92 inch wheel base, the Bronco was powered by the 170ci inline six, and later in the year, the 289ci V8 became optional. The Bronco was available in three styles: the standard Bronco was the roadster, with no roof or doors and a fold-down windshield; the sport utility was a pickup with a bolted-on, removable steel roof over the front seat; and the Bronco wagon came with a full-length roof and large side windows.
- 1967** New additions to the basically unchanged Bronco included variable-speed windshield wipers, padded sun visors, back-up lights, a dual master brake cylinder and self-adjusting brakes. The sports utility model is now called a pickup. A new Sport Package available for the wagon and pickup included bright horn rings, headlight bezels, tail light bezels, tailgate handle, windshield rails, instrument panel trim, side window frames, a grille, chrome plated bumpers with bumper guards, dual armrests, trimmed headboard liner, wheel covers, cigar lighter and a floor mat for the wagon.
- 1968** The Bronco continued with the same body shell. The front bumpers were new, featuring curved rather than squared off ends. The interior's door handles and window cranks were improved, and a heater and defroster were standard. Freewheeling front hubs and the Bronco's swing away spare tire carrier were new.
- 1969** The Bronco roadster model was deleted and the other Bronco models got minor cosmetic changes. However, many mechanical improvements were made to reduce noise and improve Bronco's structural integrity, including elimination of the Bronco's folding windshield.
- 1970** The most noticeable change on the Bronco was the now flush mounted side marker lamps, which were positioned higher than the original reflectors. The base engine was still the 170ci, 105hp inline six. The Sport Package still included bright exterior moldings and trim, an argent grille, Parchment pleated upholstery, floor mats, lighter, chrome front and rear bumpers, wheel covers and Sport Bronco emblem.
- 1971** Basically no changes were made to the Bronco. It did get a heavier duty front axle and 12.7 gallon gas tank. Only three speed manual transmission available.
- 1972** Basically no changes were made to the Bronco. When fitted with the optional 302ci V8 engine, bucket seats and a 3.5:1 rear axle were included.
- 1973** Bronco now one model series, as the pickup version was dropped. Base engine was 200ci version of the inline six, and the 302ci V8 was optional. Power steering and the Cruise-O-Matic transmission were new options on V8 equipped Broncos.
- 1974** Exterior was unchanged. Selector dial for transmission was lighted and a dome light replaced the map light, which became an option. New is a different steering gear mechanism. Six cylinder engine was phased out during the year.
- 1975** Exterior was unchanged but underwent several mechanical changes, including new use of a catalytic converter.
- 1976** Mechanical enhancements like heavier axle and front disc brakes were made. New options included front stabilizer bar, quicker power steering system and heavy-duty shocks. Also new was the Special Decor Group consisting of a blacked-out grille, color-keyed hood and bodyside tape stripe, bright windshield moldings and window frames and bright wheel covers. 200ci inline six with a 3 speed transmission. Optional was the 302ci V8 and Cruise-O-Matic automatic transmission.
- 1977** The Bronco had minor refinements for its last year with this body style.

1966-77 Bronco Vehicle Identification**Where to Find Your Vehicle Identification Number (VIN)**

For 1966-77 Broncos the VIN plate is attached to the rear face of the driver's door or on the glove box door. The information on the rating is the VIN number. The VIN number identifies the Series, Engine, Assembly Plant, Model Year and Production Sequence.

Vehicle Identification Number - U15SLAE0010

	U15	S	L	AE0010
Series Identification _____				
U13 = U100 Roadster (1966-68)				
U14 = U100 Pickup				
U15 = U100 Wagon				
Engine Code _____				
F = 170ci 2.8L 6 Cyl 1BC Carburetor 1966-72				
S = 200ci 3.3L 6 Cyl 1BC Carburetor 1973-74				
A = 240ci 3.9L 6 Cyl 1BC Carburetor 1968				
N = 289ci 4.7L V8 2BC Carburetor 1966-68				
G = 302ci 5.0L V8 2BC Carburetor 1968-77				
Assembly Plant _____				
H = Lorain, OH				
L = Michigan Truck				
R = San Jose, CA				
S = Allen Park, MI				
Production Sequence _____				

A production serial number block system is used to identify model years.

Serial Number From	Serial Number Up to	Model Year

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **GOOD**

\$49.95
each

For Moderate Weather Conditions

Durable synthetic fabric has the look and feel of more expensive covers. Water resistant, yet breathable and features double-stitched seams for maximum strength.

Ford Truck
48-8807 Bronco 1966-77

LMC 3000 **BETTER**

\$89.95
each

Superior Protection at a Great Value

Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours and provides a soft cushioning layer that protects your paint. No-leak construction is achieved through ultrasonic welding, and UV-stable materials ensure a long life, making them ideal for long-term vehicle storage.

Ford Truck
48-8817 Bronco 1966-77

LMC 4000 **BEST**

\$129.95
each

Best Protection for Your Truck

Highly water resistant 4-layer synthetic fabric has fleece-lined bottom layer with durable outer layer, breathable 2nd layer, protective 3rd layer and soft fleece 4th layer. Patented UV Stabilizer and ultrasonic seam welding ensure a long life. Features tie-down strap and buckle attached with strap pocket built into cover for easy storage.

Ford Truck
48-8827 Bronco 1966-77

Antenna Grommet

Soft rubber antenna grommet will attach to any size cover and easily fit over any antenna mast up to 1/2" in diameter. Includes easy-to-follow instructions.

30-1283-F
\$.95

Truck Cover Lock Kit

Keep your new truck cover secure with this security cable and lock. Sides of LMC Truck Cover are equipped with plastic grommets to accommodate the security cable.

38-3195-F
\$14.95

Headlight Protection Film

36-0317-F

Headlight Protection Film is made from scratch-resistant, 30-mil thick press-polished PVC material that features a UV inhibitor to prevent shrinking and discoloration, combined with the strongest clear adhesive available for maximum durability and distortion-free light transmission. Proven to withstand a barrage of 1" diameter stones at speeds up to 120 mph with no damage to lens. Kit contains pre-cut film, installation squeegee and instructions. Without cutouts for headlight alignment pins where equipped.

Without cutouts for headlight alignment pins. Some trimming required.

PART	DESCRIPTION	PRICE
36-0317-F	HEADLIGHT FILM KIT	\$16.95

Paint Protection Film

Made from rugged, clear, 8-mil thick polyurethane paint protection film that features a clear-coat finish for maximum shine and durability. Once applied, this material is virtually invisible yet helps prevent chipping, scratching and scuffing to the vulnerable areas of your vehicle.

Hood Protection Film

38-0274-F
\$54.95

Kit contains 12" wide x 6' roll and installation instructions.

Threshold Protection Film

37-8029-F
\$19.95

Kit contains 2-3/4" wide x 5' roll, installation squeegee and instructions.

Rocker Panel Protection Film

38-9035-F
\$169.95

Kit contains two 9" wide x 15' rolls, installation squeegees and instructions.

Door Edge Protection Film

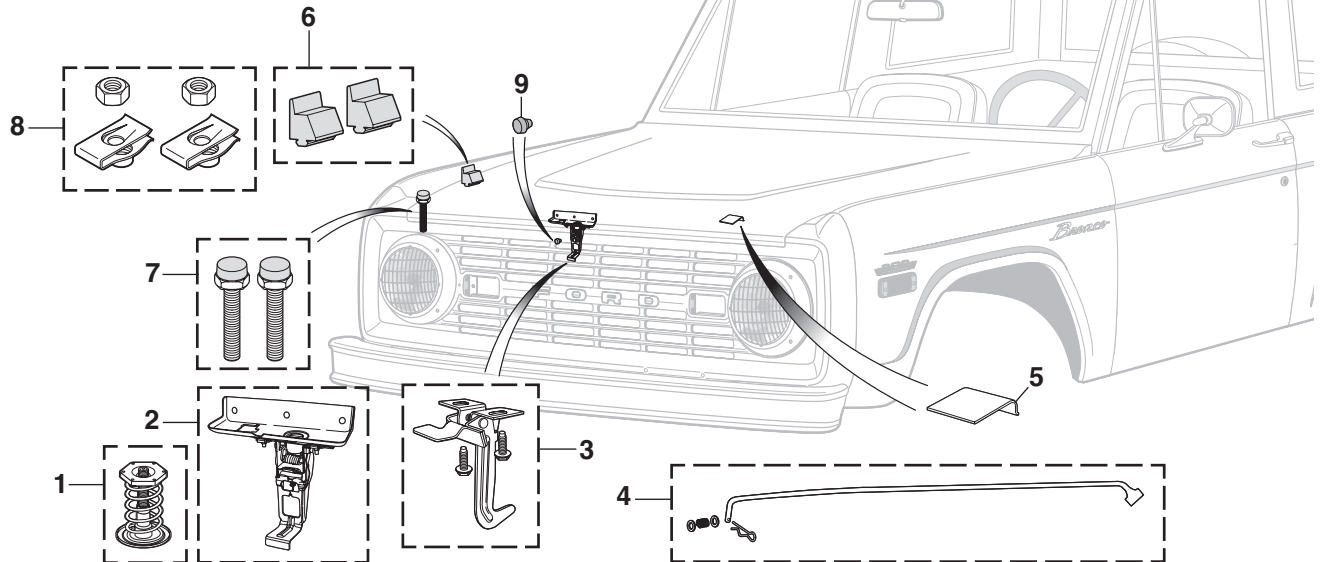

38-0308-F
\$13.25

Contains 3/8" wide x 12' roll and instructions.

"B" Includes inner quarter panel wall.
"C" Gas filler hole will need to be added for models with auxiliary gas tank.

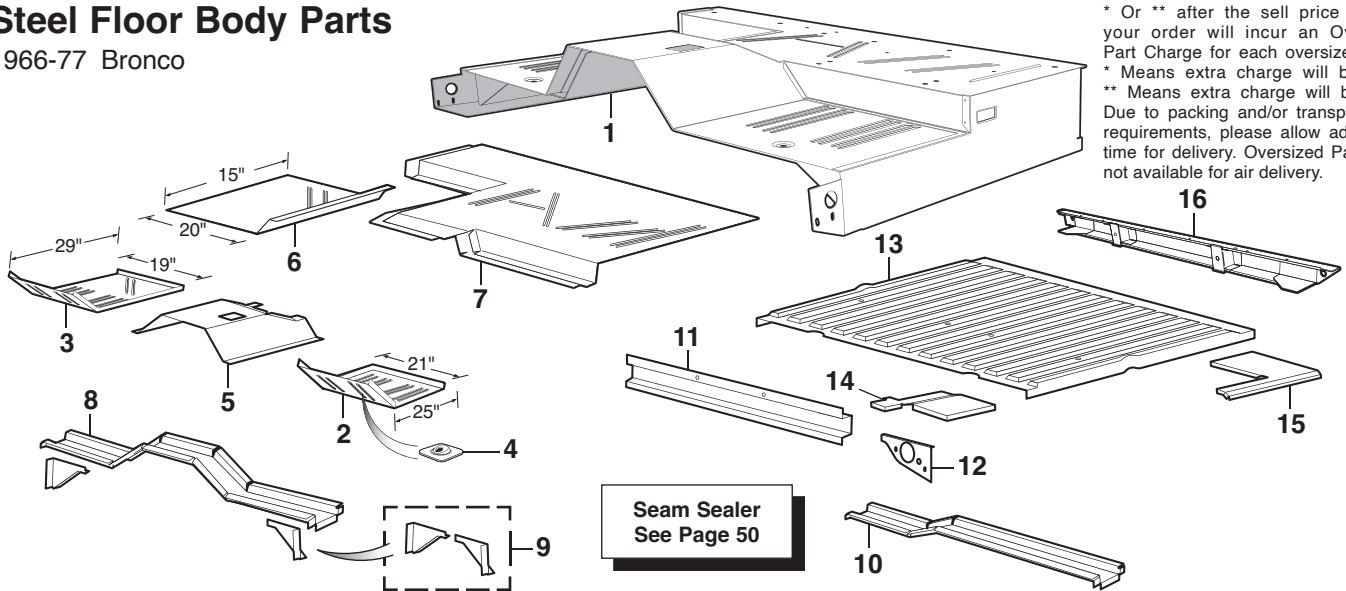

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

Movable Anchor Point

38-3239-F

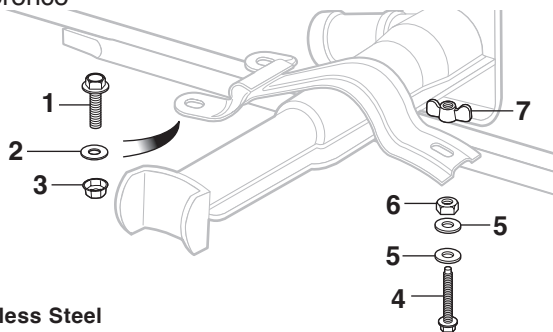

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl coated and will not rust or scratch the truck's finish. Can be used with "under the rail" style bed liners.

Liftgate Support Strut Set

1966-77 Bronco

Liftgate Support Strut Set replaces the existing liftgate support arms and is easy to install. The existing bracket mounted on the inside of the hard top must be reused. Set contains two gas powered struts with sockets, two liftgate replacement brackets, four ball joint studs and locknuts, plus detailed instructions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
47-0713	LIFTGATE SUPPORT STRUT SET	BRONCO 66-77	(1)	\$59.95

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

PART	DESCRIPTION	PRICE
37-8411-F	POR-15 SEMI-GLOSS-1 PINT	\$43.95
37-8412-F	POR-15 SEMI-GLOSS-1 QUART	\$66.95
37-8408-F	POR-15 GLOSS-1 PINT	\$41.88
37-8409-F	POR-15 GLOSS-1 QUART	\$63.89
37-8418-F	DRY TIME ACCELERATOR	\$34.05

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1,200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484-F	HIGH TEMP PAINT-GRAY 8 OZ	\$25.51
37-8485-F	HIGH TEMP PAINT-ALUM 8 OZ	\$25.51

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415-F	METAL-PREP 1 QUART	\$22.14
37-8416-F	METAL-PREP 1 GALLON	\$44.74

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413-F	CLEANER DEGREASER 1 QUART	\$14.67
37-8414-F	CLEANER DEGREASER 1 GALLON	\$29.95

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401-F	SELF ETCH PRIMER-GRAY	\$39.15

37-8402-F

37-8403-F

37-8404-F

PART	DESCRIPTION	PRICE
37-8402-F	TOP COAT-CLEAR	\$28.39
37-8403-F	TOP COAT-GLOSS BLACK	\$28.39
37-8404-F	TOP COAT-CHASSIS BLACK	\$28.39

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480-F	BED LINER 1 QUART	\$37.94
37-8481-F	BED LINER 1 GALLON	\$142.96

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

PART	DESCRIPTION	PRICE
37-8488-F	FUEL TANK SEALER 1 PINT	\$31.44
37-8489-F	FUEL TANK SEALER 1 QUART	\$54.60

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process, 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

Body Gap Filler Set

Body Gap Filler Set covers the gap between the frame and the bed of the truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber, each piece measures 33-1/2" long by 4-3/4" wide and must be sized and cut to fit. Drilling is required for installation. Mounting hardware and installation instructions are included.

PART	DESCRIPTION	REQD	PRICE
30-2440-F	BODY GAP FILLER SET-REAR	(1)	\$17.95

Glass Tools

38-0796-F

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

PART	DESCRIPTION	PRICE
38-0796-F	WINDSHIELD STICK	\$.99

38-0763-F

Hook Tool helps remove and install rubber mounted glass. The tool has an angled end for easier fitting of the glass inside the rubber seal. Features a round steel ball on the tip to protect against damage to the rubber seal, glass and painted surfaces.

PART	DESCRIPTION	PRICE
38-0763-F	HOO K TOOL	\$7.95

38-0762-F

Rope-In Tool inserts 1/4" diameter nylon rope through its stem and seats it in the groove of the seal as it is pulled around the perimeter of the seal. With the glass properly positioned on the vehicle, simply pull the rope and the seal then pops over the pinchweld to hold the glass firmly in place. Includes enough rope to fit around even the largest truck windows.

PART	DESCRIPTION	PRICE
38-0762-F	ROPE-IN TOOL	\$12.95

Spare Tire Cover ... Finishing Touch that Adds Protection for Your Spare

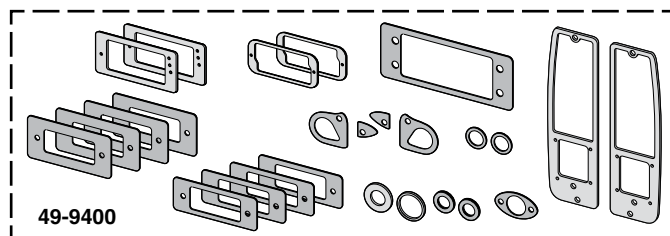

Spare Tire Cover is made from heavy-duty vinyl-coated polyester with a lock-stitched seam construction and a drainage seam located at the bottom, making it durable under all weather conditions. Features a strong built-in shock cord with no-rust clips for easy attachment.

Measure your tire diameter and width before ordering.
Small: Width 6" to 8-3/4" Diameter 26-1/2" to 29"
Medium: Width 8-3/4" to 10" Diameter 29-1/2" to 31"

Windshield and Rear Window Installation Tips:

1. Fit your new window rubber to your cab first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick tool (#38-0796-F) to ease installation and avoid damaging your new window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

TINTED Windshield has a full light green tint to glass.

#38-0783-F Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries and forms a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

38-0783-F

STANDARD = Standard Rubber Seals do not have a groove for chrome trim.

CUSTOM = Custom Rubber Seals do have a groove for chrome trim.

Front and Rear Bumper

1966-77 Bronco

Premium Chrome Bumpers

- Bumper is stamped from new tooling using OE-quality steel for strength and durability.
- Bumper is buffed and polished to achieve a smooth defect-free plating surface.
- The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish.
- 5 Year Limited Warranty on rust-through perforations.

Chrome Bumpers

- Bumper used by Collision Damage Repair Shops.
- Bumper is made using a computer-controlled process assuring consistent thickness of nickel and chrome plating.
- Economically priced replacements for your rusty, dull, scratched and pitted bumper.
- Save money, call or go online and order your replacement bumper today.

Primer Bumper

- Bumper is finished with an EDP (Electro Deposit Primer) coating that offers a smooth surface for applying your favorite color to match your truck.
- Economically priced replacements for your rusty, dull, scratched and pitted bumper.
- Primer Bumper used by Collision Damage Repair Shops.
- Save money, call or go online and order your bumper today.

Bumper face has mounting holes for bumper guards. If not using bumper guards order additional bumper bolts to fill mounting holes.

38-5824-F	MIRROR-LO-MOUNT	STAINLESS	\$18.95
38-5848-F	MIRROR HEAD	STAINLESS	\$9.95

These are universal mirrors, not direct OE replacements; therefore, mounting locations may differ from OE.

The Lo-Mount Mirror has a 5" x 7" mirror head and features a ball base.

The mounting bracket is lo-mount style and includes hardware. Mounting hardware is included with all mirrors.

Door Edge Peep Mirror

A Chrome Door Edge 4" Peep Mirror adds style and extra rear visibility to your truck. Attaches to the left or right side of the outer edge on the door window frame. A Chrome Convex 4" Peep Mirror provides a wider field of view than flat mirrors. A Chrome Peep Mirror Extension is available separately and adds 1-1/2" of length to the mirror arm for increased visibility. Reduce glare with a stainless steel 4" Peep Mirror Visor; sold separately.

NEW

Klassic Keyless

Keyless Remote Entry Systems

1968-77 Bronco

This complete, do-it-yourself keyless entry kit from Klassic Keyless is designed to fit your Bronco. This is not a "universal" collection of parts, but a comprehensive, vehicle-specific system that is engineered with the shade tree mechanic in mind. The kit comes with everything needed to install remote activated keyless entry into your truck using common hand tools.

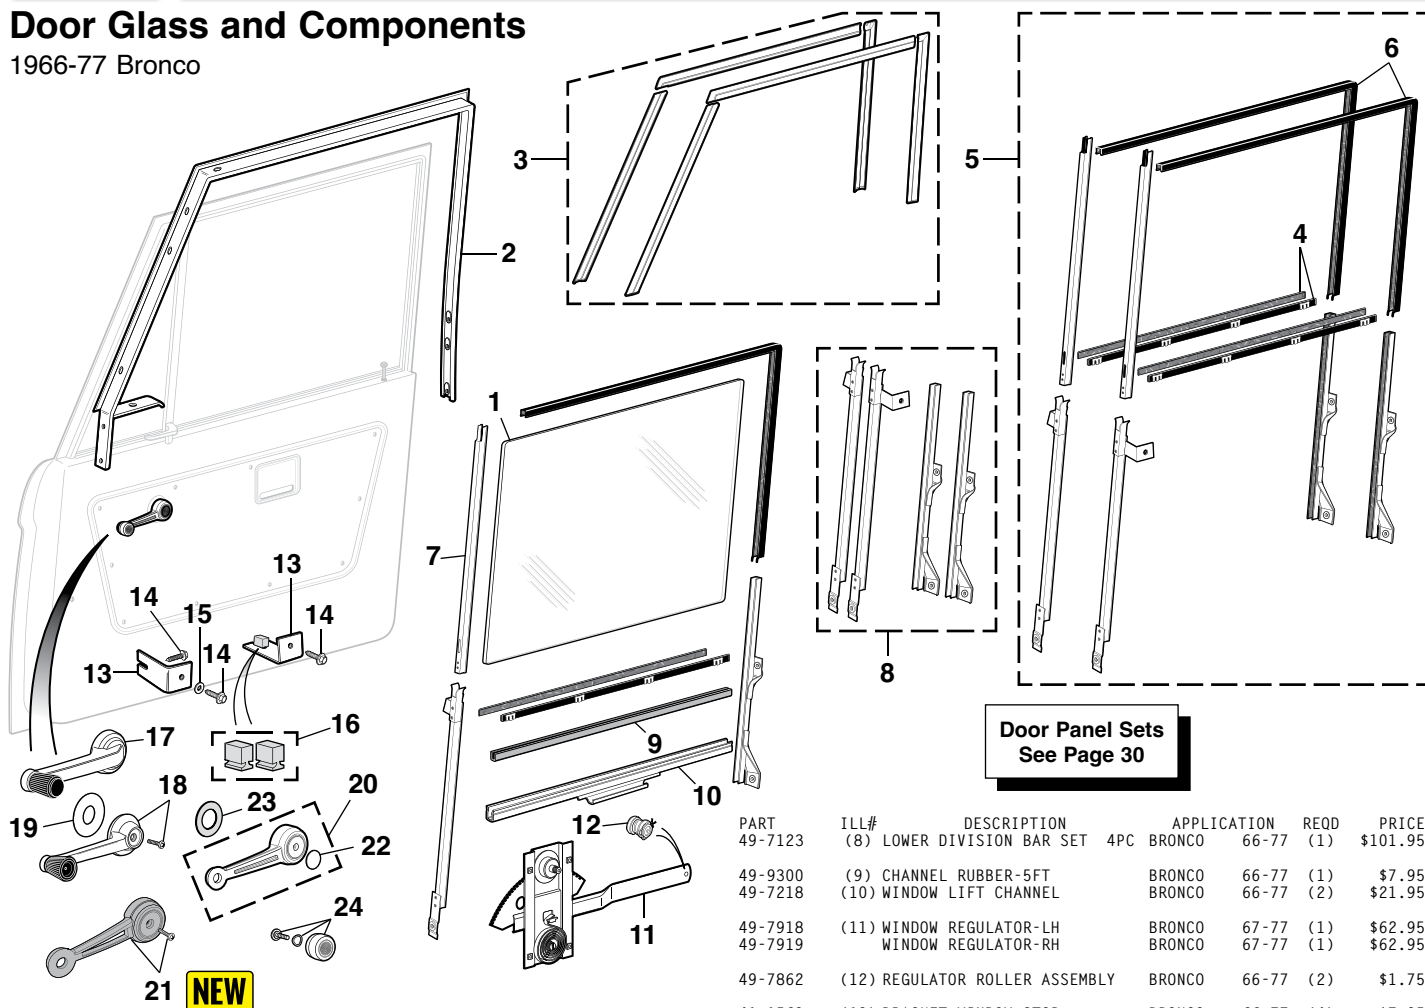

The Keyless Remote Entry System includes:

- Keyless entry module with onboard relays for a clean installation.
- 2 two-button remote controls.
- 2 door lock actuators with 15 lbs. of pull and built-in overload protection.
- 2 actuator mounting brackets.
- 2 rubber doorjamb boots.
- 2 actuator connecting rods and clips.
- Wire harness.
- Full color step by step instruction manual and all necessary hardware.

Door Window Glass Holder

Door Window Glass Holder supports the glass while you work on the window regulator. It works on all trucks with a top door frame. Simply loop cable over door frame and attach suction cups to each side of glass. The glass is then securely held above the door while your work is performed.

PART	DESCRIPTION	PRICE
49-6397	DOOR WINDOW GLASS HOLDER	\$18.45

Belt Molding Remover

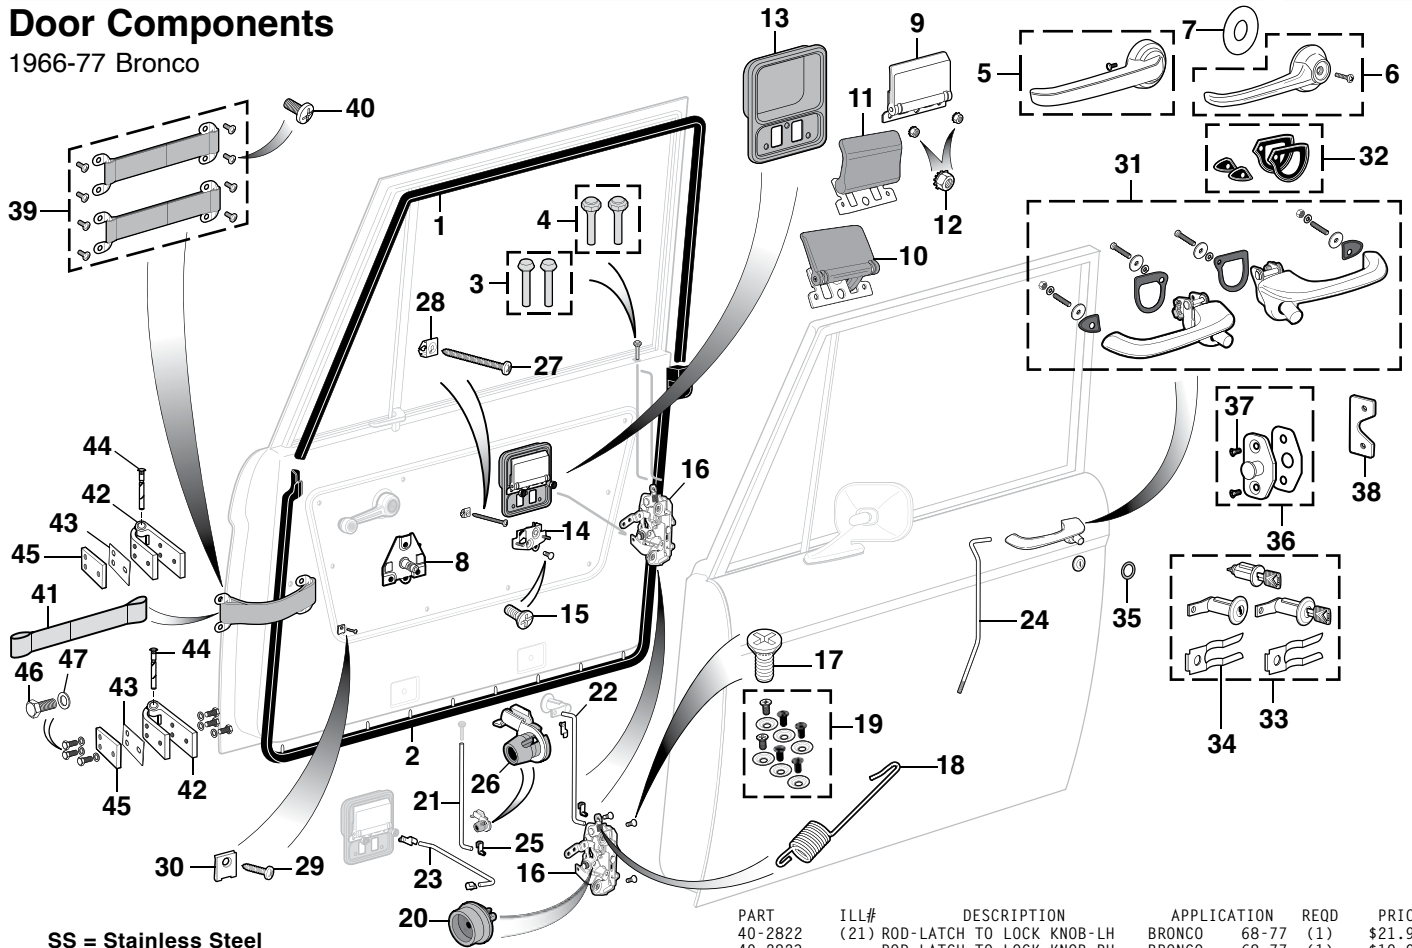

Window Belt Molding Remover allows quick removal of your window belt molding without damaging the sheet metal, glass or molding. Plasti-dipped handle provides a wide, comfortable grip.

Door Panels and Armrests

1966-77 Bronco

1968-77 Installation Hardware is Included
1966-67 Armrest Sold Individually

1968-77 Replacement Door Panel Sets are made from heat-resistant black plastic then painted in the available colors with an ultraviolet inhibitor to prevent sun damage. They look similar to the originals, but are not exact reproductions. Door handle cups are molded into Door Panels.

38-1238-F

This tool effectively removes the plastic fasteners found on most door panels. Working end is offset for ease of access.

Multi-Purpose Heat and Sound Insulation

38-2829-F

38-0798-F

38-0716-F

42-0759

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today!

Use #38-0798-F Spray Adhesive and #38-0716-F Aluminum Tape or #42-0759 Weatherstrip Adhesive to easily install Insulation Material.

Sound Control Mat

Black

Silver

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1

Roller

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

PART	DESCRIPTION	APPLICATION	PRICE

Note: "A" Models with single gas tank.

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the front passenger area to provide a higher level of insulation against heat, cold and road noise.

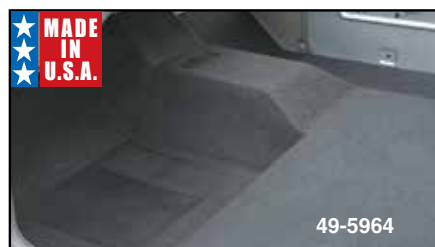

Complete set includes MIP floor mat for the passenger area, cargo area and two wheel wells. Passenger area MIP floor mat covers the floor from the firewall to just behind the rear of the front seat. Cargo area includes MIP floor mat for rear cargo area and two wheel wells.

Look New Again ... The Easy Way!

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

Full Range Speaker Set

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4 ohms impedance. Acoustic batting is used

to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8599-F	FULL RANGE SPEAKER SET	175 WATT	(1)	\$214.95

8" Powered Subwoofer 1-Year Warranty

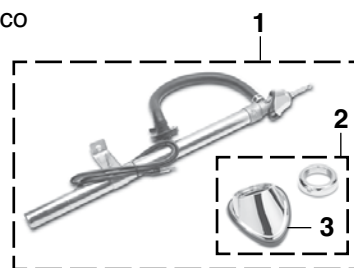

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

White Face Gauge Overlays

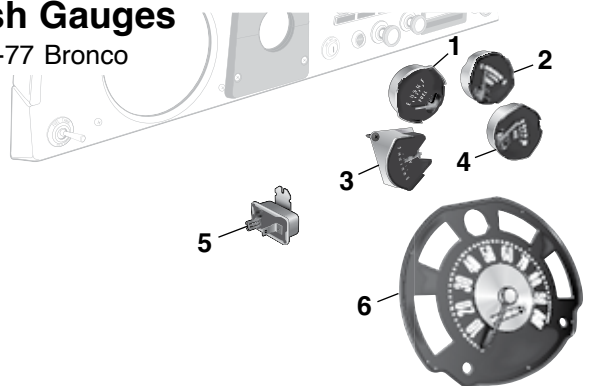

48-8861

White Face Gauge Overlays are computer printed on vinyl and pre-cut for a precise fit. They install easily over stock gauge faces without removing the gauge needles (except clock) and use the stock gauge lighting. No worries of broken needles or need for recalibrating gauges. Overlays will not wrinkle or bubble in hot or cold temperatures and can be removed with direct heat. Installation instructions included.

Dash Protector ... Prevents Fading and Cracking

5-Year Warranty

49-5511-BL

Available in Black Only

Dash Protector eliminates dash replacement and provides preventative care for the undamaged dash. Made from soft, velvety velour that has special UV inhibitors to block the sun and resist shrinking and fading. They are custom cut to fit your dash, and have pre-cut allowances for defrost vents, which makes installation easy using self-adhesive Velcro tabs.

Classic Instruments Gauge Clusters

1966-77 Bronco

Classic Instruments Gauge Clusters include 140 MPH Speedometer, 8,000 RPM Tachometer, Fuel (75-10 OHM), Oil, Temp, and Volt. The completely assembled unit includes satin black housing, wiring harness and all necessary sending units including fuel. Features push button calibration, LED illumination, integrated turn signals and a red Halo high beam indicator.

Clusters also include Zeus Speedometer Technology (ZST). ZST provides calibration at the touch of a button and ensures the smoothest pointer operation. ZST accepts any known speed signal such as a pulse generator, VSS, ECM, or GPS without the need for an additional interface.

Dakota Digital RTX Gauge Clusters

Over 30 Different LED Color Options to Choose From

47-1818

PART	DESCRIPTION	APPLICATION	REQD	PRICE
47-1818	GAUGE CLUSTER-RTX	BRONCO 66-77	(1)	\$1515.25

RTX Gauge Clusters are focused on retaining the stock look without sacrificing late-model features. Every effort has been made to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you turn the key and the LED backlighting comes on in your favorite color scheme, all doubts will be removed. A hidden rocker switch provides quick access to all settings and functions.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

Dakota Digital OBD-II/CAN Interface

Dakota Digital OBD-II/CAN Interface allows you to plug directly into the engine diagnostic port (on equipped models), extracting engine and transmission data from the vehicle's computer. The interface will collect and output the following information to Dakota Digital RTX and HDX gauge clusters: vehicle speed, engine speed, engine temp, check engine indicator, intake air temp, transmission temp, ambient temp, gear position and oil pressure. Available data varies by model.

47-1843

PART	DESCRIPTION	REQD	PRICE

47-1820	GAUGE CLUSTER-HDX-SILVER	BRONCO 66-77	(1)	\$1420.25

HDX Gauge Clusters add a modern look to your classic truck with a choice of black or silver alloy gauge-face styling. The built-in, capacitive-touch buttons let you easily change calibration and personal settings.

Each needle hub is black nickel plated spun-aluminum to match the face-mounted buttons.

The digital message center can be configured to display just about any piece of information needed. Over 30 user-selectable LED color options are available with 12 factory preset color themes. Fully lit color needles, back-lighted color faces and a full color message center are dimmable for driving at night. Each analog gauge sweep (except speedometer) contains a red LED indicator for quick indication of a warning condition. Gauge clusters can also be completely configured through Bluetooth with Dakota Digital's Android and Apple free mobile app.

Includes water temp, oil pressure, and speed sensors. Existing fuel sending unit can be used. Detailed installation instructions and operation manual included. Optional expansion accessories add functionality and allow additional gauge readings to be displayed.

GPS Speed/Compass Sender

Dakota Digital GPS Speed/Compass Sender is a simple connection to the gauge cluster that adds accurate speed information, compass heading, altimeter data, and automatic clock syncing, all with fully automatic calibration! No DIP switches, no guessing, no inaccuracies, period.

47-1841	GPS SPEED/COMPASS SENDER	(1)	\$213.70

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Applies with a standard caulking gun, dries black.

PART	DESCRIPTION	PRICE
38-0767-F	5 OZ TUBE	\$15.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
42-0854	2.7 OZ TUBE	\$6.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798-F	10.5 OZ CAN	\$9.45

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766-F	16 OZ AEROSOL	\$6.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783-F	1.5 OZ TUBE	\$5.95

Permatex Anti-Seize Lubricant is a highly refined blend of aluminum, copper and graphite lubricants. Use during assembly to prevent galling, corrosion and seizing due to weathering or chemicals. Anti-Seize Lubricant assures easier disassembly and is salt, corrosion and moisture resistant.

PART	DESCRIPTION	PRICE
42-0737	4 OZ JAR	\$7.75

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765-F	20 GRAM STICK	\$6.45

Permatex Weatherstrip Adhesive is a flexible, water-resistant black adhesive for bonding rubber and metal surfaces. Withstands extreme temperatures and resistant to gasoline, antifreeze and most solvents.

PART	DESCRIPTION	PRICE
42-0759	5 OZ TUBE	\$8.75

Permatex Orange Threadlocker is a hybrid formula that combines the strength of Red with the removability of Blue Threadlocker. Orange Threadlocker is ideal for heavy-duty, high vibration applications and can be removed with hand tools without heating.

PART	DESCRIPTION	PRICE
42-0749	.34 OZ TUBE	\$14.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770-F	.33 OZ TUBE	\$4.45

Permatex's Thread Sealant with PTFE (a thermoplastic polymer) is an economical general-purpose fitting sealant. It outperforms traditional tapes and pipe dopes while it seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Thread Sealant remains pliable at higher and lower temperatures.

PART	DESCRIPTION	PRICE
42-0733	4 OZ JAR	\$7.95

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921-F	.3 OZ PEN	\$12.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788-F	3M TAPE	\$8.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779-F	STRIP CAULK	\$5.75

Penetrating Graphite Powder is an extra fine graphite powder that is odorless dry powder lubricant, used to guard against sticking, wear, and corrosion. Keeps brake cables, speedometer cables, control cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
42-0734	.21 OZ TUBE	\$3.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

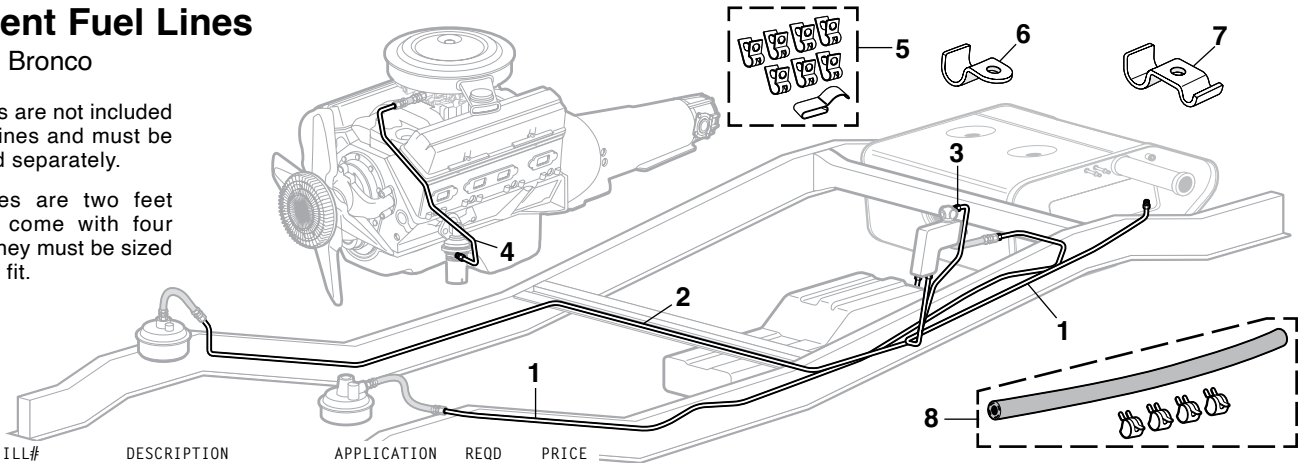

PART	DESCRIPTION	PRICE
38-0781-F	11 OZ TUBE	\$16.45

43-5660		FUEL FILTER ELEMENT	302 BRONCO	70-74 (1)	\$2.95
43-5664		FUEL FILTER	302 BRONCO	77 (1)	\$2.95

Fuel filters prevent dirt and moisture from entering the carburetor and blocking the tiny passages that could most hinder an engine's performance. A clogged fuel filter will cause the same problems as a faulty fuel pump: starting problems, stalling, backfiring and rough idling.

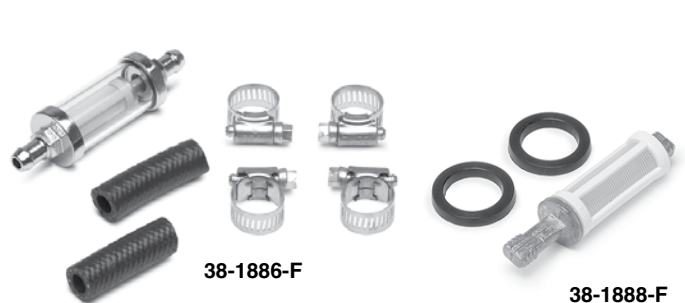

NotchHead Line Clamps

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

Fuel Pump Control Module

Updating your truck to an electric fuel pump? Wiring the pump to an on-off switch or to a simple ignition switched source isn't the best idea. If an accident occurs, your pump would run as long as the switch is active. With the Fuel Pump Control Module, when the key is turned, the fuel pump turns on to prime the system in a three-second cycle, just like modern vehicles. Then the module uses the tach signal so the pump only runs when engine is running, giving you quicker start-ups and improved operating safety.

45-1542	TRACKING ARM BUSHING SET	BRONCO 76-77	\$16.19

Performance Sway Bars Give You Bolt-On Handling and Control ... Drive Faster Through Turns with Improved Traction

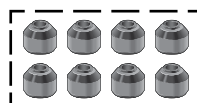

48-2208

Improve the handling ability and cornering traction of your vehicle with a Performance Sway Bar. Too much weight transfer in a corner destroys a vehicle's road-holding ability, causing the wheels to "drift" or "creep" sideways in the turn, resulting in poor handling and excessive tire wear. Sway bars give your vehicle the balance and stability it needs in curves, passing situations and uneven surfaces.

Performance Sway Bars are fully forged from hardened, high carbon steel and powder coated black for durability. Sway bars come with urethane end link and frame bushings. Brackets included for end link style attachment.

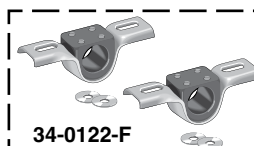

PART	DESCRIPTION	APPLICATION	PRICE
Front Sway Bar			
48-2208	SWAY BAR-FRONT 7/8"	BRONCO 66-77	\$195.75
Rear Sway Bar			
48-2221	SWAY BAR-REAR 3/4"	BRONCO 66-77	\$187.95

34-0120-F

Urethane End Link Bushing Set is a replacement for end link style bushings. These non-compressing bushings allow sway bars to exert maximum control and do not collapse like normal rubber bushings.

PART	DESCRIPTION	APPLICATION	PRICE
34-0120-F	URETHANE END LINK BUSHING SET SET OF 8		\$14.95

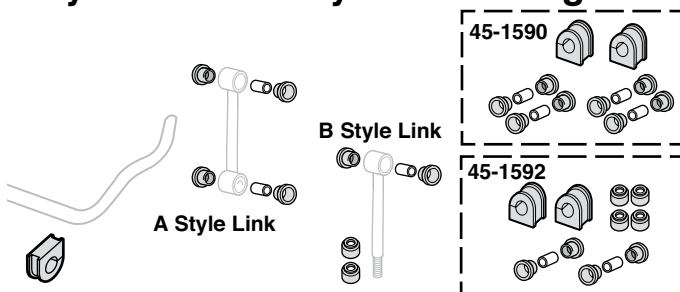

34-0122-F

Urethane Frame Bushing Set includes heavy-duty brackets and urethane bushings that reduce "give" compared to rubber bushings. Applicable to almost all sway bars that attach with standard style frame bushings and brackets.

PART	DESCRIPTION	APPLICATION	PRICE
48-2232	URETHANE FRAME BUSHING SET 3/4"	SET OF 2	\$24.45
34-0122-F	URETHANE FRAME BUSHING SET 7/8"	SET OF 2	\$23.10

Polyurethane Sway Bar Bushing Set

Specially formulated bushings will not mush out or distort like original rubber and improve handling characteristics dramatically. Use with existing mounting brackets.

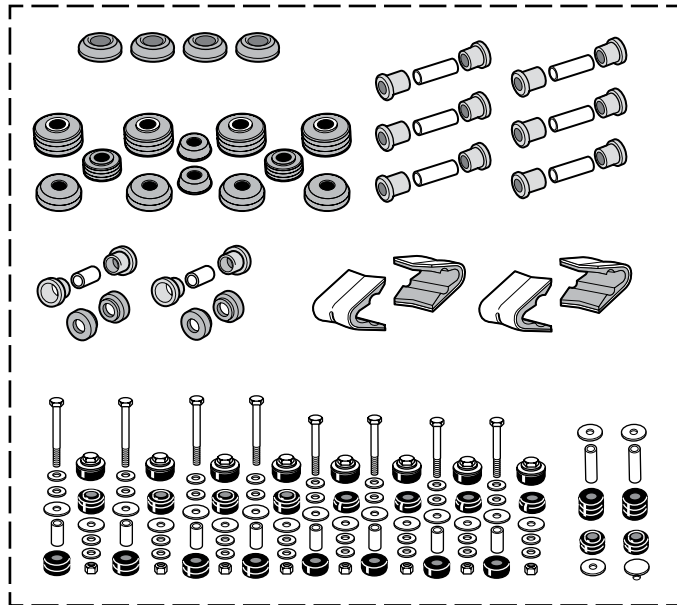

A Style sets include two sway bar bushings for use with existing brackets and eight bushings with four sleeves for end links.

B Style sets include two sway bar bushings for use with existing brackets and four bushings with two sleeves for eye ends and four grommets for bayonet style end links.

PART	DESCRIPTION	APPLICATION	PRICE
45-1590	SWAY BAR BUSHING SET-A STYLE	BRONCO 66-77	\$23.95
45-1592	SWAY BAR BUSHING SET-B STYLE	BRONCO 66-77	\$19.95

Performance Polyurethane Bushing Sets

1966-77 Bronco

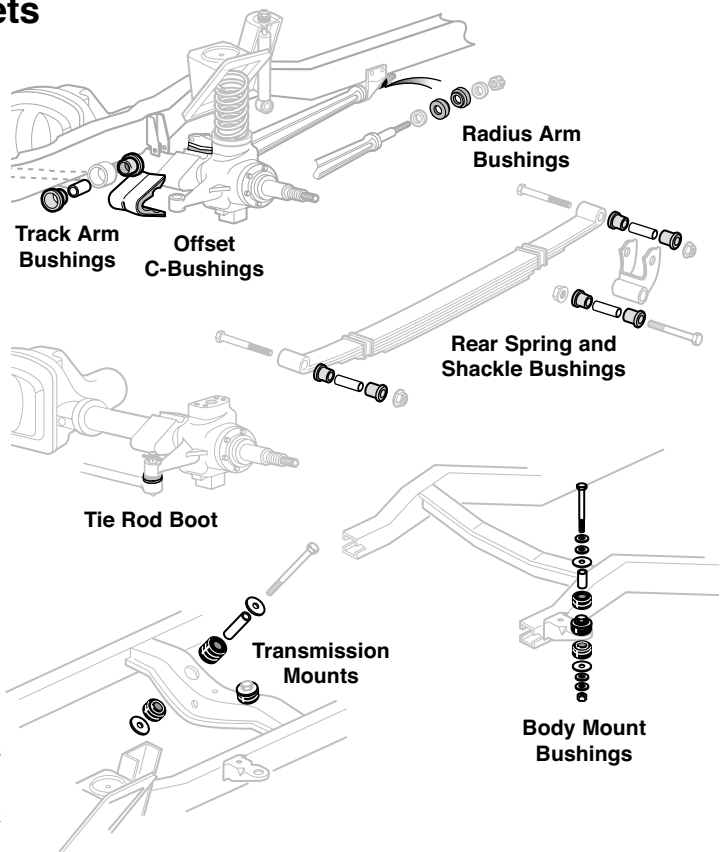

Polyurethane Bushings allow your suspension to travel throughout its full range without binding, yet are firm to maintain proper alignment.

- Offset C-Bushings have maximum tensile strength for stock and altered suspension available in 2° and 4° positive caster. Recommended usage for C-Bushing is 2° offset for stock to 2" lift and 4° offset for 2" to 4" lift.
- Radius arm bushings allow your suspension to travel throughout its full range without binding, yet are firm enough to maintain proper alignment.
- Track arm bushings are manufactured for a specific job. They prevent rear end from switching left to right unannounced. Call or go online and order yours today.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
45-1490	POLYURETHANE BUSHING SET	"A" BRONCO 66-77	(1)	\$309.95
45-1491	POLYURETHANE BUSHING SET	"B" BRONCO 66-77	(1)	\$312.30

Note: "A" With 2° C-bushings.
"B" With 4° C-bushings.

- The combination of heavy-duty leaf springs and polyurethane spring bushings allow the rest of your suspension to function properly and give you that positive feeling on take off, cornering, braking and bumps.
- Cab mounts and body mounts are soft, yet rugged with a steel ring molded into the end for durability.
- Transmission mounts are soft enough for smooth operation on the street, yet strong enough for use at the drag strip, off-road and circle track.

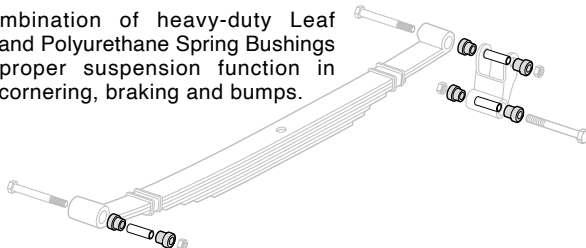

The Bronco System includes ...

C-Bushings, Radius Arm Bushings, Rear Spring and Shackle Bushings, Body Mounts, Body Mount Hardware, Body Mount Bushings, Transmission Mounts and Tie Rod End Boots.

Polyurethane Leaf Spring Bushings

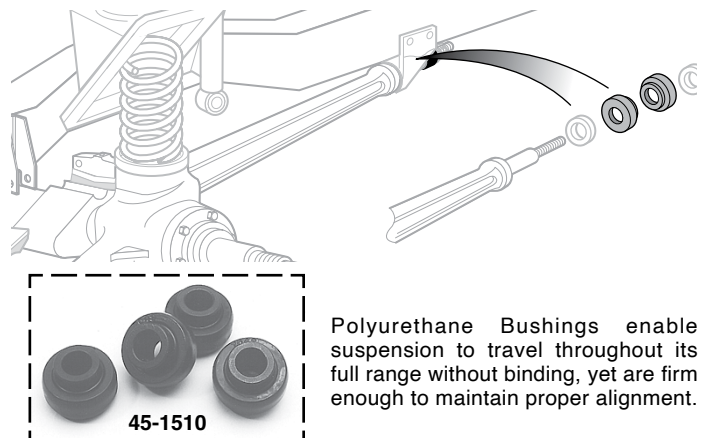

The combination of heavy-duty Leaf Springs and Polyurethane Spring Bushings allows proper suspension function in takeoff, cornering, braking and bumps.

Heavy-Duty Gas-Charged Shocks

Heavy-Duty (HD) Gas-Charged Shocks limit unsafe roll or sway when cornering and regain control of spring and suspension movement.

KYB Shock Absorbers

GR-2 Gas Shock Absorbers

The KYB GR-2 Shock Absorbers give you a satin ride at an economical price. They feature lower pressure for riding comfort, along with improved handling and response only gas shocks can provide. The GR-2 Gas Shock Absorber is the economical way to step up from hydraulic shocks to the quality ride and control of gas.

Gas-A-Just Shock Absorbers

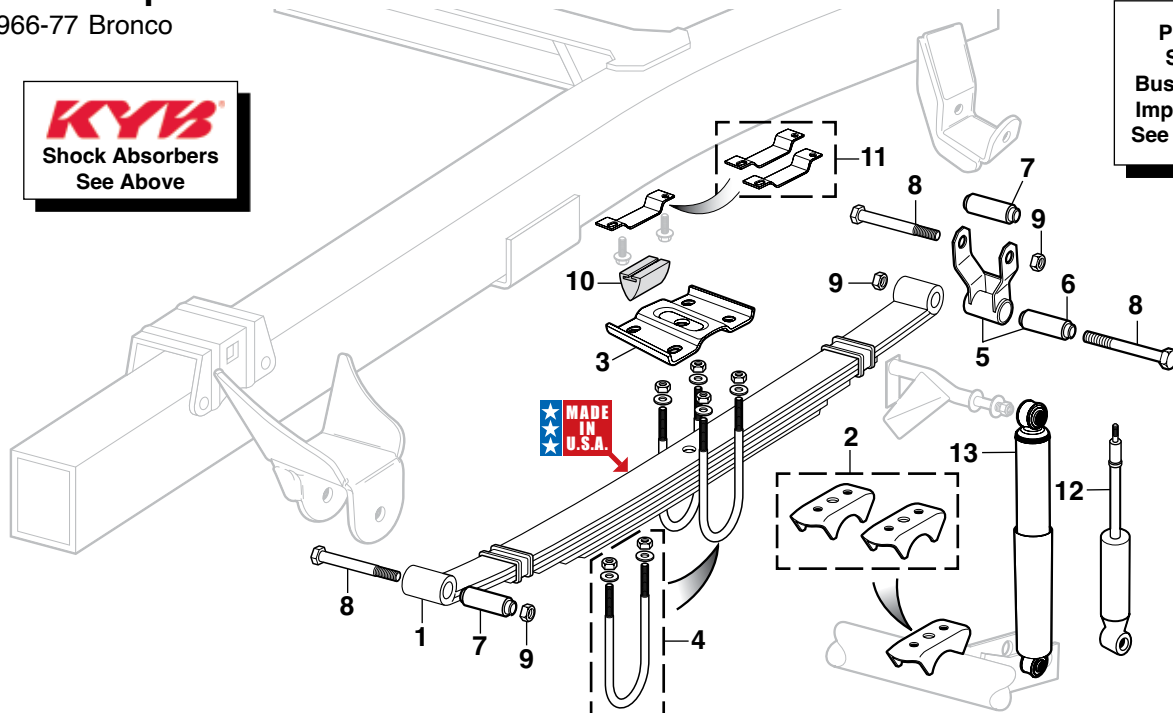

You can depend on Gas-A-Just for unsurpassed road control. KYB Gas-A-Just Shocks are America's best selling monotube gas shocks. They feature higher gas pressure to keep your truck's tires glued to the road surface. They provide unsurpassed control on even the most demanding roads. Monotube design and high pressure gas eliminate the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

3" Body Lift Kit ... Makes Room for Larger Tires

A Body Lift spaces the body away from the frame to make room for larger tires without altering the suspension.

Body Lift Kit includes reinforced nylon spacers, compression tested to 50,000 psi, and plated grade 5 hardware.

Read This: Installation of a body lift will change the center of gravity and the handling characteristics of the vehicle. Because of the higher center of gravity and larger tires, the vehicle will handle and react differently both on and off road. You must drive it safely! Extreme care must be taken to prevent vehicle rollover or loss of control, which could result in serious injury or death. Avoid sudden sharp turns or abrupt maneuvers and always make sure all vehicle occupants have their seat belts fastened.

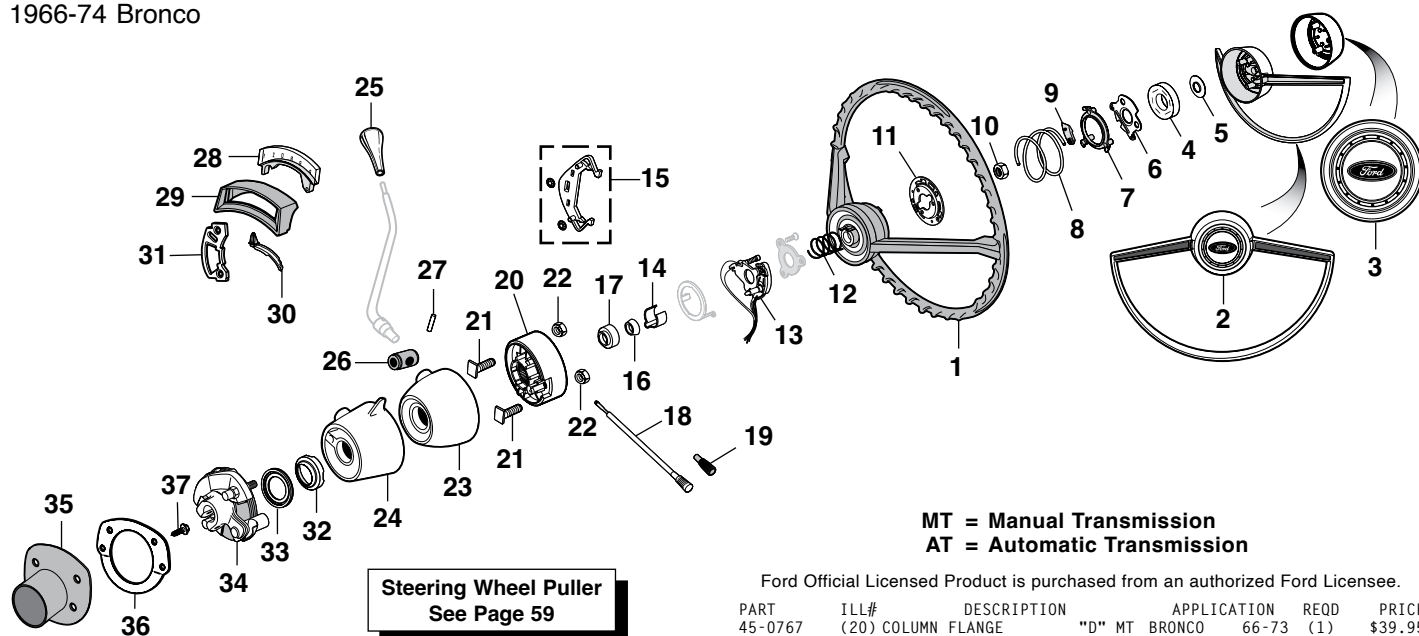

Since the stock suspension is not affected, and larger tires are normally part of the plan, new shocks are recommended.

A Steering Stabilizer Kit is basically a horizontal shock absorber that helps to stabilize the steering system. The kit not only helps to stabilize the steering, but can also help in the prevention of "Bump Steer", when the steering wheel jerks suddenly as a result of hitting a pothole or object in your path. These kits will also help to reduce normal wear on vital suspension pieces, and make tires last longer. This kit is especially helpful for trucks whose original equipment tires have been replaced by larger or wider ones.

Steering Shaft Assemblies

W/PS = With Power Steering
W/O PS = Without Power Steering

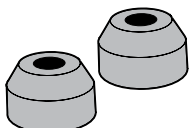

Heavy-Duty Steering Shaft Assemblies are made from chrome moly steel billets and incorporate needle bearings for precise road handling. The universal joint uses sealed, permanently lubricated needle bearings making it maintenance free. This Assembly adds a measure of safety to the steering system with needle bearing U-joints and a telescoping shaft. If there is play in the steering system, your truck will have loose and vague steering. You may feel a looseness when you hit a bump or truck may wander in crosswinds. Order yours today!

Proudly made in the USA and carries a Five-Year/50,000 Mile Warranty (whichever comes first) against defects in materials and workmanship.

Auxiliary Transmission Oil Cooler

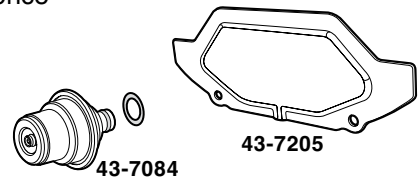

Auxiliary Transmission Oil Cooler reduces the operating temperature and extends the life of a truck's transmission. Pressure tested at 150 PSI with ultrasonically soldered aluminum tube and fin construction for reliability, this transmission cooler is compatible with OEM cooler systems and has an 18,000 lb. GVWR capacity when installed in line with existing transmission cooler. Features 3/8" push-on hose barb connections for quick and easy installation. Core dimensions are 7-1/2" x 8-3/4" x 3/4". Includes mounting hardware, hose and clamps.

Front Disc Brake Conversion Kit ... No More Front Drums

1966-75 Bronco

Front Disc Brake Conversion Kit converts front drums to 11-5/8" diameter rotors. It includes new spindles, new single piston calipers, brake pads and stainless steel braided brake hoses. Front disc brakes improve your truck's braking ability while providing reliability and all-weather performance.

Front Disc Brake Conversion Kit fits 1966-75 Bronco models with DANA 30 or DANA 44 front axles and will work with 15" or larger wheels. Factory OE locking hubs will not work with this kit. See page 71 for your choice of Mile Marker or WARN locking hubs.

A new brake master cylinder will be needed. Use #45-3587 for manual brakes. Kit requires the use of #40-5420 Combination Valve, #40-3640 Bracket and #36-3778-F Socket; sold below. Some modification is required to the existing steering knuckles to allow clearance for disc brake components. Fabrication of new front brake lines is required. Detailed instructions are included.

* Or ** after the sell price means your order will incur an Oversize Part Charge for each oversized part. * Means extra charge will be \$20. ** Means extra charge will be \$50. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

45-3600

Kit contains caliper mounting brackets, 11-5/8" diameter rotors with hubs and bearing races preinstalled, single piston calipers and semi-metallic brake pads, braided brake hoses, attaching hardware and detailed instructions.

Ford 9" Rear Disc Brake Conversion Kit

1966-77 Bronco

Rear Disc Brake Conversion Kit converts rear drums to 11-5/8" rotors and single piston calipers equipped with integrated emergency brake. Simply reuse your existing emergency brake cables. Rear disc brakes improve your truck's braking system and provide reliable, all-weather performance. Kits are available with either standard or cross drilled/slotted rotors for better performance, longer life and cooler braking temperatures.

Fits models with Ford 9" rear end only. Rear Disc Brake Conversion Kit will work with 15" or larger wheels. Combination Valve #40-5421, Bracket #40-3640 and Socket #36-3778-F are required; sold below. Requires fabrication of new rear brake lines.

Kit contains 11-5/8" standard or performance cross drilled/slotted rotors, single piston calipers, semi-metallic brake pads, brake hoses, mounting brackets and hardware, and detailed instructions.

Wheel Bearing Grease Packer

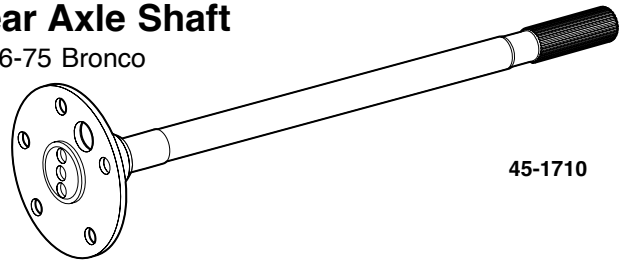

Wheel Bearing Grease Packer quickly flushes out old grease and repacks the bearings with less the mess. The Wheel Bearing Grease Packer works on bearings up to 3 1/2" outer diameter. The grease stays in the tool cavity, not on your hands. To pack a bearing, simply place the bearing on the piston, press down on the cap until the old grease is forced out and the new grease shows on top of the bearing.

PART	DESCRIPTION	PRICE
45-0509	WHEEL BEARING GREASE PACKER	\$26.95

34-0532-F	(6)	OUTER WHEEL BEARING	BRONCO 66-71	(2)	\$9.95

How to ID a DANA-SPICER Axle

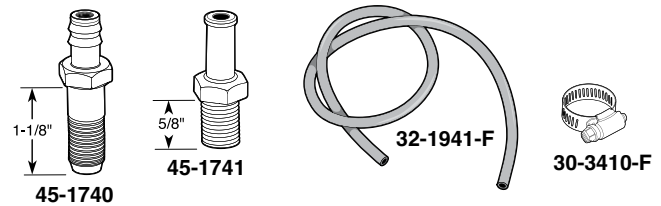

All SPICER axles are identified with a manufacturing date and Bill of Material Number stamped on the right or left hand tube. The axle model number will be cast into one of the webs as shown or it can be on the nose.

The Bill of Material Number will always contain six digits followed by a dash number. Bill of Material Numbers are listed where necessary for axle identification. When a Bill of Material Number is listed, it means the item will only fit axles stamped with that Bill of Material Number, e.g. 610320-1.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
6 Cylinder Engine				
43-5632	SPIN-ON FILTER	170 200 240 BRONCO	66-77 (1)	\$4.95
V8 Engine				
43-5632	SPIN-ON OIL FILTER	289 302 BRONCO	66-77 (1)	\$4.95

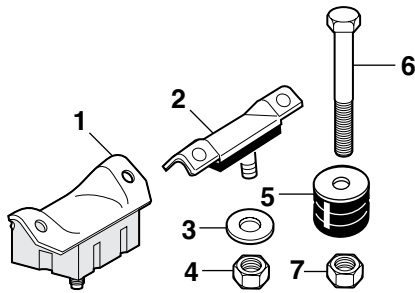

Installs in seconds; simply slip it over your oil filter and secure it with the set screw on the cover. Fits most Ford oil filters. Measures 5-3/16" tall by 3-11/16" wide. Be sure to measure your oil filter before ordering. Because of some filter locations, it may be difficult to slip this over an installed oil filter; be sure to check for clearance before ordering.

Vinyl Edge Sealer Pen can be used on all vinyl decals/graphics that will be exposed to the elements. The pen is filled with .3 ounces of ultraviolet light-blocking, fast-drying, clear acrylic sealer. It features a wedge applicator tip for a smooth, even application and includes a replacement tip so that it can be used over and over. It will also protect edges from damage caused by physical contact such as polishing/waxing and washing.

Flo-Tek Aluminum Performance Cylinder Heads

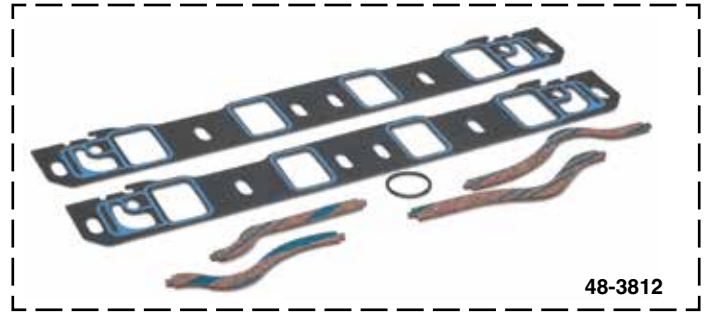

48-3870

	48-3870
Intake & Exhaust Port Volume	180 / 62cc
Combustion Chamber	58 cc
Intake & Exhaust Valve Size	1.94" / 1.55"
Maximum valve lift	.550"
Valve Spring Diameter	1.47"
Rocker Stud Size	3/8"
Guideplates	Yes

48-3815

With Flo-Tek Aluminum Cylinder Heads, you no longer have to choose between performance, quality and price. Flo-Tek produces the most affordable high-performance cylinder heads on the market, and every aspect of their cylinder heads is designed with performance and quality in mind, including phosphorous bronze valve guides, high-quality valves with high-nickel valve seats, and premium springs. Flo-Tek aluminum cylinder head ends are already milled, drilled and tapped for accessories, so you can bolt on your head (not included) knowing you'll have maximum out-of-the-box performance.

48-3812

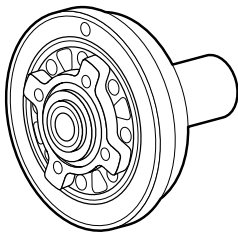

48-3813

Flo-Tek premium alloy castings are thoroughly inspected and assembled in the USA.

Accessory Drive Systems

S-Drive Pulley Systems are the most compact and easiest to install serpentine kits on the market. Change the appearance and performance of your engine with pulleys and brackets CNC-machined from high quality billet aluminum. Fits 260, 289, 302, and 351 Windsor engines. Includes billet timing cover for easy installation. The cover does not have a provision for a mechanical fuel pump (must use electric pump). Kits are designed to be used with factory 4 bolt balancers with a maximum diameter of 6.40" and a measurement from the face (pulley mounting surface) to the block of 4.70". These serpentine drives do not allow the use of push-in style front timing cover mounted dipsticks.

Drive Systems include:

- Powermaster 170 amp alternator
- Aluminum water pump
- Sanden AC compressor
- Gates tensioner and serpentine belt
- GM Type II power steering pump
- All necessary CNC billet aluminum brackets and pulleys
- Stainless steel hardware

EZ Oil Drain Valve

32-3780-F

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal.

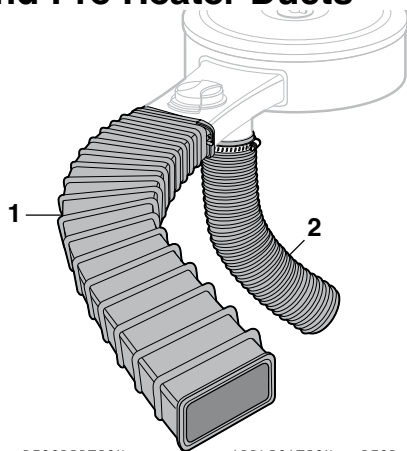

Simple operation; push in cap, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Air Filter

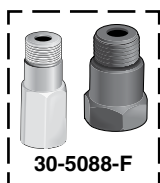

1966-77 Bronco

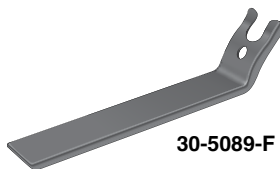

Dirty air filters can result in a rich mixture of fuel and air, thus, wasting expensive gasoline. This can result in a power loss and rough idle, decreasing gas mileage.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
43-5602	AIR FILTER 6 Cylinder Engine	BRONCO	66-67 (1)	\$6.95
43-5605	AIR FILTER V8 Engine	BRONCO	66-77 (1)	\$23.95

Air Hold Fittings and Valve Spring Compressor

30-5088-F

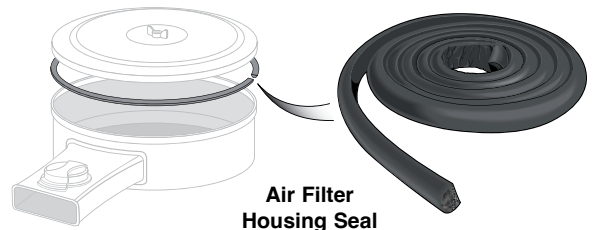

30-5089-F

Remove or replace valve springs and/or valve guide seals without taking the cylinder head off the engine. Use by removing rocker arm and fastening the tool to rocker stud with rocker nut, then use an air hold fitting and compressed air to hold valves up.

PART	DESCRIPTION	PRICE
30-5088-F	AIR HOLD FITTING SET	\$4.95
30-5089-F	VALVE SPRING COMPRESSOR	\$12.95

Air Filter Housing Lid Seal

1966-77 Bronco

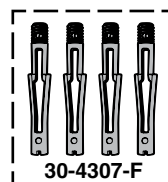

Air Filter Housing Seal

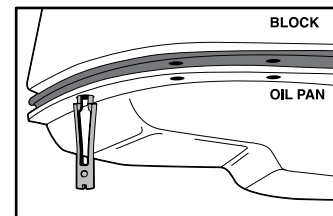

This Air Filter Housing Lid Seal has a D-shaped profile that can replace the missing or damaged seal on your truck's air cleaner lid. It comes as a 60" piece that can be cut to fit.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
43-5594	AIR FILTER HOUSING LID SEAL V8	BRONCO	66-77 (1)	\$6.95

Oil Pan Snap-Ups

30-4307-F

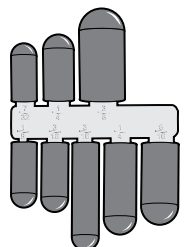

Oil Pan Snap-Ups hold the oil pan in position and line up the mounting holes, saving you the trouble of trying to get the bolt threads started to hold the pan up. It saves time and frustration by holding oil pan and gasket in place for quick and easy bolt installation.

PART	DESCRIPTION	APPLICATION	PRICE
30-4307-F	OIL PAN SNAP-UPS	BRONCO 66-77	\$6.95

Rubber Vacuum Caps

These Rubber Vacuum Caps are great for blocking off unused vacuum ports and lines, to prevent leaks and poor engine performance. Excellent for capping lines and hoses while testing carburetors, emission control systems, vacuum lines and more.

Caps are made from durable heat-resistant black rubber. Assortment contains one each of the following sizes: 5/32", 7/32", 5/16", 3/8" and two each of 3/16" and 1/4".

PART	DESCRIPTION	PRICE
30-1436-F	RUBBER VACUUM CAP ASSORTMENT	\$3.95

Complete High Performance Dual Exhaust Systems with Bolt-On Convenience

Reduce exhaust restriction and back pressure for increased horsepower and better fuel economy with 2-1/4" tailpipes. Complete with bolt-on connectors that adapt to your stock manifold ... no welding necessary! All parts and hardware for standard installation are included. The standard stock exhaust system of a Bronco with a V8 engine is a single 2-1/2" pipe. This means that you will be getting a 125% increase in exhaust flow, increasing horsepower by up to 18% and improving fuel efficiency and low end torque at the same time.

Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits.

Manufactured from 16 gauge aluminized steel that lasts up to twice as long as conventional plain steel systems. Made with modern tube benders utilizing mandrel bends ensuring each bend is smooth flowing increasing exhaust flow by up to 20% over stock systems.

Performance Turbo Dual Exhaust Systems

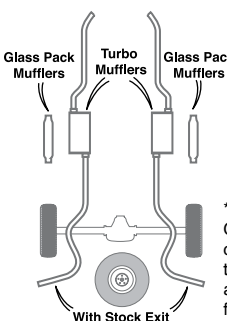

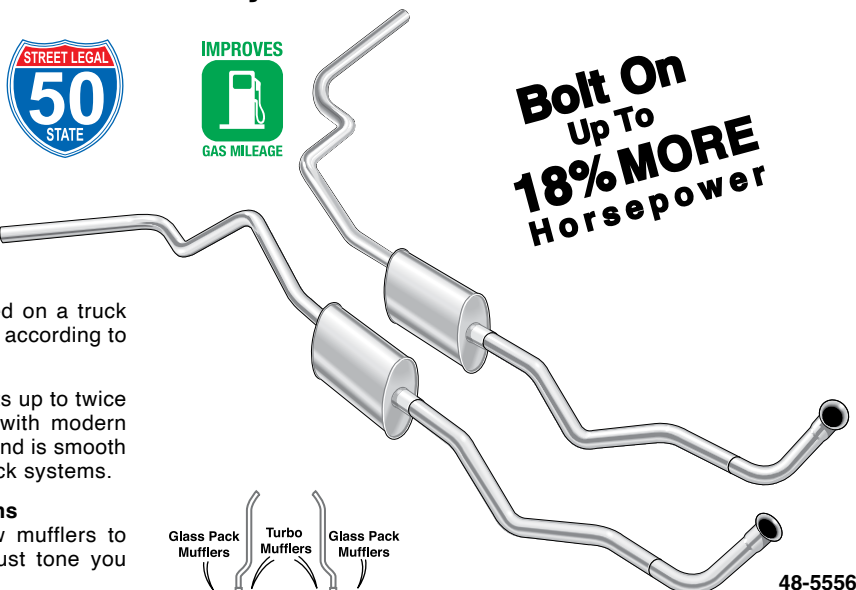

Turbo Exhaust Systems have 2-1/4" in and out flow mufflers to reduce back pressure and give that great low exhaust tone you expect from your truck.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
48-5556	DUAL EXHAUST SYSTEM	V8 BRONCO 66-74	(1)	\$379.95*

Stainless Steel Exhaust Tips

31-0560-F Made from 16-gauge 304 grade stainless steel for longer life and measure 15" long with 3-1/2" diameter outlets. Two inlet sizes are available to fit 2-1/4" and 2-1/2" outer diameter exhaust pipes. Exhaust Tips can be welded on or clamped on with #31-0560-F or #31-0561-F Stainless Steel Exhaust Clamps that must be purchased separately.

31-0561-F	CLAMP-STAINLESS STEEL	2-1/2"	\$10.40

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50-foot rolls of 1" or 2" widths. Two 50-foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

PART	DESCRIPTION	APPLICATION	PRICE
36-6181-F	HEADER WRAP	1" X 25'	\$10.95
36-6182-F	HEADER WRAP	1" X 50'	\$20.95

Thermal Spark Plug Boot Sleeve Set

Thermal Spark Plug Boot Sleeves provide thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from temperatures up to 1,200°F. Call or go online and order yours today!

PART	DESCRIPTION	PRICE
36-6190-F	SPARK PLUG BOOT SLEEVE SET	\$14.45

Chrome Exhaust Tips

Chrome Exhaust Tips are triple chrome plated and available in both angle and blunt outlets. They are 9" long and available to fit two sizes: 2-1/4" and 2-1/2" outer diameter exhaust pipes.

Chrome Exhaust Tips can be easily installed with exhaust clamps that are included with tips or welded on for a smoother look.

Turbo Mufflers

36-6030-F

36-6040-F

Turbo Mufflers are specially designed to reduce and control noise without excessively restricting power. They are made from the finest quality materials and can be used as OE replacements as well as on custom exhaust systems.

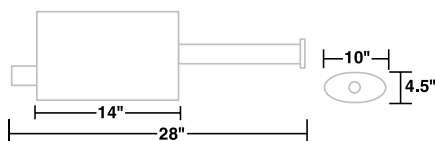

Turbo Mufflers have a galvanized, double wrapped muffler casing for maximum rust protection. Louvered baffles eliminate vibration and spun end caps provide a gas tight seal. Reverse flow design allows muffler to be inverted.

Turbo Header Mufflers have the same features as Turbo Mufflers and they have a 3" 3-bolt flange to bolt-up to most headers.

Electric Cooling Fan Kit Keeps Your Engine Cool

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894-F Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

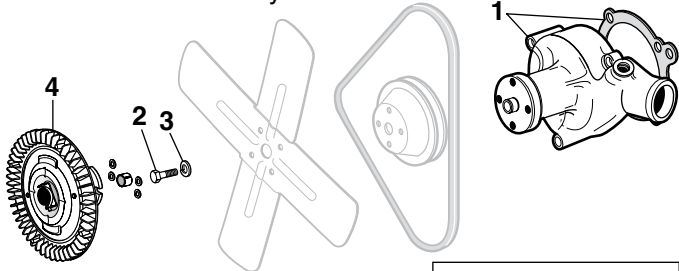

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

Radiator and Components

1966-77 Bronco - V8

1966-68 V8 models were originally equipped with a separate coolant supply tank. Replacement radiator #43-3020 is equipped with an integrated supply tank and requires the removal of the separate supply tank for installation. The two original upper radiator hoses used for the separate supply tank are replaced with a single upper hose #43-3101.

NEW **Holley** Sniper 2 Electronic Fuel Injection System

Holley Sniper 2 EFI is a self-tuning, easy-to-install Electronic Fuel Injection conversion for common 4-barrel (4150 flange) style carburetors. Make your classic truck drive like a modern fuel-injected vehicle, including easy cold starts, smooth drivability, and improved fuel economy!

If you're looking for a high-performance fuel injection system that delivers power, efficiency, and ease of use, look no further than the Sniper 2 EFI.

- Replaces 4-barrel (4150 flange) carburetors.
- Available in black or polished finishes.
- 4 wiring connections required: Battery+, Battery-, Switched Ignition, and RPM.
- Variety of tuning and gauge display interfaces: from a 3.5-inch full color LCD Handheld, 5-inch Digital Dash, or the Bluetooth dongle, which allows you to connect either an iOS or Android based cell phone to the Sniper 2.
- Inputs and outputs consist of: 2x Ground Inputs, 2x Ground Outputs, 1x TPS Output (0-5v), and 1x Tach Output.
- Onboard contactless magnetic TPS sensor ensures an accurate TPS reading.
- The included genuine Bosch LSU 4.9 wideband oxygen sensor provides real-time fuel map learning.
- Redesigned throttle shaft and plate geometry for a smoother throttle feel.
- Supports up to 650hp naturally aspirated or 575hp on boost with four 100 lb/hr injectors.
- Next generation ECU features improved RF noise and interference resistance.
- "Hidden Harness" wiring harnesses exits from the rear of throttle body for a clean appearance.
- Redesigned injector connector for improved reliability.
- Main harness includes plug-and-play HyperSpark distributor support, for integrated timing control, making your ignition setup hassle free.
- Included clamp-on oxygen sensor kit ensures a leak free oxygen sensor installation.
- Integrated transmission kick down provisions for GM TH350/400, 200-4R/700R4 and Ford C4/C6 applications.
- Calibration wizard only requires that you answer a few simple questions about your engine to create a base map and begin self-tuning – No laptop required.

Holley In-Tank Retrofit Fuel Modules

38-4598-F

With over 100 years of expertise in fuel systems, Holley is unrivaled in the industry. Holley In-Tank Retrofit Fuel Modules allow you to easily convert your truck's original fuel tank into a fuel-injection compatible tank with basic tools and no complexity. The universal, return-style systems fit fuel tanks up to 12" deep, and Holley's brilliant HydraMat (included) virtually eliminates any chance of fuel starvation or poor running conditions due to air entering the fuel system. The innovative billet bracket

system ensures a corrosion-free life in a low-profile design that can be rotated to fit in any position needed for your application. Available with either a 255 or 450 lph (liters per hour) fuel pump.

Not legal in California for use on emission controlled vehicles. 1966 and newer U.S. manufactured California Certified vehicles are considered emission controlled vehicles.

Spitshine Tire Black ... Bring Back the Shine

37-8370-F
\$21.45

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

Ignitor Electronic Ignition System ... Never Change Points Again !

**30-Month
Warranty**

This precisely engineered solid state breakerless ignition system installs with only two wires. The entire Ignitor System is immune to dirt, oil, heat and moisture. Firing down to zero rpms it switches twice the energy of conventional systems. Installation is fast and simple; can be installed in the time required to change a set of points.

Ignitor II Electronic Ignition System

All the Benefits of the Original Ignitor and More

Senses current level in the coil and adjusts dwell to maintain peak energy throughout the entire rpm range. Develops an average three times more available energy between 3,000 and 5,000 rpm and nearly doubles available plug voltage. High rpm performance is improved with the new Flame-Thrower II™ Coil. Peak current level is reached just prior to spark, so ignition energy is sustained with less heat build up, increasing coil and module life. Adjusts spark timing over the entire rpm range to compensate for the inherent electronic delay, resulting in more stable timing. Senses incorrectly wired or key left on and shuts down the system, protecting the coil and other components from damage.

Universal Windshield Washer**Nozzle Set****36-4099-F**

Washer nozzle set replaces existing hood-mounted nozzles or can be added for a more effective spray. Kit includes two nozzles, connecting hose and spray adjust key. Drilling and extra hose are required on trucks not originally equipped with hood-mounted washer nozzles. Call or go online and order yours today!

PART	DESCRIPTION	PRICE
36-4099-F	WASHER NOZZLE SET	\$8.95

Heated Windshield Washer Kit**36-4085-F**

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

Ground Straps

36-2592-F

36-2594-F

36-2593-F

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

PART	DESCRIPTION	PRICE
36-2592-F	GROUND STRAP-8" ENGINE TO FRAME	\$5.95

Universal Wiring Harness ... Finish the Job Right the First Time

47-3615

21-Circuit Wiring Harness includes air conditioning/heat, brake lights, cooling fan, courtesy lights, gauges/instruments, hazard, headlights, horn, ignition coil, radio, turn signal and wiper.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
47-3615	WIRE HARNESS KIT-21 CIRCUIT	BRONCO 66-77	(1)	\$319.99

Universal Wiring Harness from Painless Wiring is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 21 circuit and 28 circuit assemblies.

High quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional and 1-wire alternator leads. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

28-Circuit Wiring Harness includes all of the features of the 21 Circuit Harness plus backup lights/cruise, cigarette lighter, fuel pump, power antenna, power locks, and power windows.

Classic Braid Flex Loom

36-2615-F

Soft cloth-like 10 mil thick braided material is lightweight, flexible and retains shape and rigidity from -100°F to +250°F with a melt temperature in excess of +400°F. Features a lateral split along its entire length that closes in around the wire bundle without the need for tape or wire ties. Additional 25% edge overlap allows coverage around inline plugs, connectors and splices. Comes in 3/16", 1/2" or 3/4" diameter and sold as a 10' roll.

Wire Loom Installation Tool makes feeding wires into split wire looms a snap. Insert the wiring into the channel of the tool, rotate the handle to lock wiring in place and insert the loom separator into the split loom. Gently pull the tool through the loom while holding onto the wires. Available in three convenient sizes.

Complete Wiring Harness for Your Early Bronco

This Complete Wiring Harness Kit is custom made for 1966-77 Broncos. Kit has everything needed with improved wiring.

Features include labeled wires that can withstand 275°F heat; a pre-taped harness wrapped in split loom to protect against heat and moisture; firewall grommets for added elemental protection; a new fuse box that fits in the glove box and holds 11 fuses instead of the original five; new switches including original style headlight, dimmer, ignition and heavy-duty wiper; waterproof connectors in the engine harness to protect against oil, gasoline and other liquids; weatherproof connectors used on the front, body side and rear lamps; an extra harness for the charging system to use a late model external regulator; and easy-to-follow instructions.

1966 Broncos will have to move the headlight switch to the right of the steering column.

WeatherPak Wire Extractor Tools

These WeatherPak Wire Extractor Tools will save you time and hassle when servicing your vehicle's wiring system. Tools are engineered to easily release and remove OEM terminals from their WeatherPak housings, as well as releasing the lock tab on Packard 56 and Pak-Con terminals. This 3-piece set comes with a narrow pick (.05" wide), wide pick (.09") and tubular-shaped extraction tool. Handles are color-coded for easy identification.

PART	DESCRIPTION	PRICE
42-1398	WEATHERPAK WIRE EXTRACTOR TOOLS	\$9.95

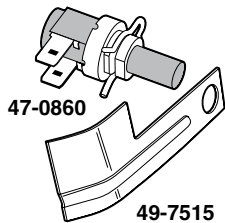

Wire Terminal Extractor Tools

This Wire Terminal Tool Kit is designed to release and extract wires from terminals without damage. The single blades have a bevel ground onto the end for working on small terminals found on newer vehicles. Red is specially designed for Pak-Con and WeatherPak terminals. Silver has prongs to depress the 'barbs' on conventional terminals. The handle slips over the probes to protect your hand as well as provide extra leverage. This complete kit comes in a sturdy blow-molded case for protection and long life and is a must-have for any do-it-yourselfer's toolbox.

Custom Light Bulbs

Halogen Blue-Coated Headlight Bulbs

36-0291-F

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Superwhite Bulb Set Produces 30% More Light

36-0310-F

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

LED Bulbs

47-0377

36-0368-F

36-0367-F

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

LED Tail Light Conversion Kits

47-0341

47-0343

47-0341

Enjoy the benefits and the intensity of LED tail lights while retaining the original look of your Classic Truck. This LED high-tech LED Tail Light Conversion Kit bolts right into the stock tail light housing and adds safety and brightness while using only 15% of the energy required by incandescent bulbs. Benefits include: 100 degree viewing angle, no filament to burn out and LEDs which illuminate 140 times faster than conventional incandescent bulbs.

#47-0341 & #47-0343 are shaped to fit snugly into the tail light lenses. Kits include two LED arrays with 27 high-intensity LEDs per side. Plugs directly into the tail light bulb socket for easy installation; no cutting or wiring required.

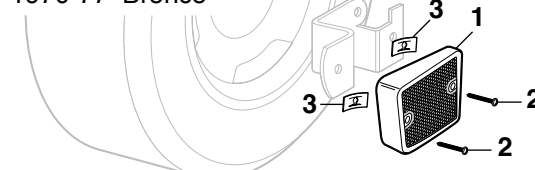

#47-0343 features sequential operation with a selector switch to turn sequential mode On or Off. Also includes sequential once brake attention function, then all on when brakes are applied.

For maximum lighting intensity benefits, replace your aged, weathered lenses with new lenses.

Tail Lens Blue Dot Insert

38-5520-F

Tail Lens Blue Dots give ordinary tail lights a purple glow that brings back the look of the '50s and '60s. Comes in sets of two. Drilling a 15/16" hole in the tail light is required for installation. Check with state and local authorities to ensure that altering tail lens does not violate laws in your area.

PART	DESCRIPTION	PRICE
38-5520-F	TAIL LENS BLUE DOTS-PAIR	\$6.95

Custom Headlights ... Brighter Light for Greater Distance

These OE-quality headlights feature an aluminum die-cast housing with a protective finish coating, making the housing corrosion free. Maximum light output is produced by brighter light focused on the road for a greater distance.

The strong, semi-hardened, crystal clear glass lens does not diffuse the light like traditional headlight lenses. A high-efficiency white halogen 12V 60/55 watt replaceable bulb is included. DOT and SAE approved.

#36-0299-F includes a white LED halo accent light that can be wired directly to any 12-volt circuit.

Stacey David's Gearz Project Planning Book

Stacey David's Gearz Project Planning Book is a comprehensive guide to help you plan, budget, document and archive a complete project build from start to finish. This guide will help you stay more organized by planning ahead while keeping you on track and inspiring you to reach your project goals.

Each fill-in-the-blank section allows you to document the specific parts used, part numbers and costs involved. A table of contents breaks down the 22 color-coded sections. The 8 1/2" x 11" wire-bound book has 144 pages with a clear sleeve for receipts and photos.

Retail Delivery Fee Notice

Some states are starting to pass legislation requiring us to collect a Retail Delivery Fee on shipments. Check with your state's department of revenue for more information.

For those customers living in states that require this, the extra fee will be added to each purchase that is taxable under the state code.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T -** After a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
- * -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- ** -** After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- R -** After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

17301 W. 113th St, Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

California Prop 65 Warning

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.p65warnings.ca.gov.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping to Alaska, Hawaii and the U.S. Territories

Order Parts Total	Shipping to Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	49.95
150.01 to 250.00	65.95
250.01 to 350.00	72.95
350.01 to 500.00	79.95
500.01 and Up	Quote ♦

♦ You will be contacted with charges.

We reserve the right to ship the most economical way. If you need your order shipped in a specific manner, contact customer service for a customized quote.

Customer Service Line: (800) 222-5664
¿Habla Español? (855) 456-2288

This chart shows shipping charges on orders up to \$500. Parts must be 108 inches or less and weigh 70 pounds or less to qualify. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

New Rules for Out-Of-State Sales Taxes

On June 21, 2018, the United States Supreme Court fundamentally changed the rules for collection of sales tax on out-of-state transactions. In its decision the Court effectively stated that individual states can require online sellers to collect state sales tax on their transactions. Many states already have, and more will continue to, impose sales tax collection on companies.

Based on this ruling we will be collecting taxes if you reside in a state that requires us to do so.

If you are planning on sending an order by mail, please be sure to check your State and Local Sales Tax rates.
