I have a picture in my office. It was an aerial photograph taken in the '60s of the farm we lived on in rural Iowa. To be exact, RR1, Anamosa, IA, before every address had a house number and a private line telephone. We had a party line phone with 8 people on it, well, that is a whole letter to itself along with the Sears and Roebuck catalog, that had everything from toys to a house you could buy and build.

It was a thing back then, and still is now, that a plane flies over, takes a picture and then sells it to you. We aren't going to get into the right or wrong of that idea right now. Instead I am going to say I am grateful that day they flew over and my parents somehow had the money to buy that picture.

It hangs in my office alongside the serenity prayer. It is there to remind me of who I am and where I come from. That my mom and dad somehow raised 5 kids in a 2-bedroom house until Uncle Dewayne converted the garage to a bedroom for them in the late '60s. That you can exist without a shower and only a bathtub, that you got three TV stations if the rabbit ears were just right and wrapped in aluminum foil, and the only thing you were allowed to watch were Gunsmoke, Rawhide, and Wild Kingdom. Oh, and can't forget The Andy Williams Show. That Sunday morning was church and then grandma's fried chicken and gravy. My grandmother was younger then than I am now. I hadn't really thought about that until I started typing out this letter.

The picture is before my grandfather put the orchard in for them and the feed lot went in. It had to be the early '60s that this picture was taken. Before mom let me put in my own flower beds and I went into the woods and dug up what I wanted to plant and tried to graft or cross-pollinate. Before my mom and I had our first and only big fight over Vietnam. I was a pacifist and plant-loving, earth-loving girl, even back then, who drove her dad's old truck long before I was old enough because the sheriff would just know I was Harold's daughter.

I have been nostalgic lately. I think it is because I turn 69 in January and have outlived my parents and two of my brothers. My parents died young. My dad was only 58, so when you are older than your parents were when they died, your brain can overthink things.

At every level I know I have a great life, with two daughters with beautiful families, and I have been truly blessed. But deep in my heart I am still that young pacifist, plant-loving, earth-loving girl who just wants to garden and drive the old truck. The shorter, colder days were always my time to slow down and think about my next chapter, until COVID, and then it was just hurry and scramble and work. This year I am taking time off work to reflect and make decisions about my last chapter. I want to go into the woods, find the plants that only grow there, and try them in my wildflower garden. I want to drive the '72 Cheyenne into "town" with my grandsons to get ice cream. I will never leave LMC or sell it, but it is time for me to enjoy and spend more time with my grandchildren and daughters. Maybe only work 50 hours a week!

Front Steel Body Parts

2000-05 Excursion

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1,200°F and resists cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

37-8485-F	HIGH TEMP PAINT-ALUM 8 OZ	\$25.51

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

37-8415-F	METAL-PREP 1 QUART	\$22.14
37-8416-F	METAL-PREP 1 GALLON	\$44.74

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

PART	DESCRIPTION	PRICE
37-8413-F	CLEANER DEGREASER 1 QUART	\$14.67
37-8414-F	CLEANER DEGREASER 1 GALLON	\$29.95

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal-Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process, 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal-Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

PART	DESCRIPTION	PRICE
37-8405-F	STOP RUST KIT	\$27.84

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401-F	SELF ETCH PRIMER-GRAY	\$39.15

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50-foot rolls of 1" or 2" widths. Two 50-foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. *Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.*

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

Projector Headlight Combination Set

2000-04 Excursion

Projector headlights focus the light pattern on the road farther than traditional headlights and the convex lens projects light more accurately on the road, giving better vision and minimum glare. White halogen headlight bulbs included.

Low beam halogen light comes with Ion-coated lens giving a slight bluish light similar to Xenon or High Intensity Discharge (HID) lights found on many of today's sports cars.

Custom Light Bulbs

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

Halogen Blue-Coated Headlight Bulbs

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Custom Bulb Sets

Custom high-performance light bulbs feature the latest breakthrough in interference coating technology which gives a cool, iridescent appearance when unlit and street legal amber light when illuminated. Sold in sets of two. The best effect is achieved when installed with white sockets; check yours before ordering.

LED Bulbs

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

Underhood Lamp

Underhood Lamp adapts to any 12 volt truck and helps illuminate the engine bay. No need for wiring into a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when hood is lowered. Mount underneath hood and connect lamp wire to any constant 12 volt source. Moisture proof in-line fuse is integrated into the wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed for proper operation.

3-in-1

Roller

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

Retail Delivery Fee Notice

Some states are starting to pass legislation requiring us to collect a Retail Delivery Fee on shipments. Check with your state's department of revenue for more information.

For those customers living in states that require this, the extra fee will be added to each purchase that is taxable under the state code.

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 222-5664, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T** - After a part number means that part must be shipped Truck Freight. An additional \$150.00 will be charged to your order for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
- * - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- ** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$50.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- R** - After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

17301 W. 113th St, Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 222-5664

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

This chart shows shipping charges on orders up to \$500. Parts must be 108 inches or less and weigh 70 pounds or less to qualify. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.
